Dear Ken:

Here is the promised letter from Pat Golbitz, with whom NAL seems to be largely in agreement.

I've just read this through, and I am intrigued to note that it says many of the same things which I myself wrote to you just a few days ago.

As I mentioned to you on the phone, they are expecting some sort of response from you, after which they will be issuing us a check.

By time you receive this, we shall of course have spoken again about our TRIPLE problems. One of the things I am thinking of trying to do is not only to enjoin Fine but also to try and enjoin his printer, if I can find out exactly where the book is being printed.

I hope you find (or you will have found) a lot less to change in the second batch of galleys.

Warm wishes,

Al

AZ:mh

P.S. I just got off a one hour phone call with Fine and I'm thinking of doubling my commission rate to you! XX
