

Think. Explore. Become.

Our College of Education graduates are some of the most sought-after teachers around. But don't take our word for it; ask the school superintendents and principals who hire them.

And why? Because they are the best prepared, with field-based experience that readies them for the classroom and a lifetime of teaching that really makes a difference.

Learning that is hands-on, personal and powerful. Undergraduate and master's programs that include Master of Arts in Teaching, Master of Education and Education Specialist degrees. Now that's an education.

*Something More.
Something Better.*
