

Performance Management Form
(Support Staff)

FY2010-2011

Employee Name: \_\_\_\_\_ Job Title: \_\_\_\_\_
Supervisor's Name: \_\_\_\_\_

The purpose of the Performance Management Program is to facilitate effective communication between supervisors and employees, encourage quality work performance and identify developmental opportunities. It is important that we provide clear expectations. Discussion regarding these expectations is an ongoing process. This formal evaluation form should be completed at least annually. If it becomes necessary to modify these goals, note the changes on this form or on an attached sheet.

SECTION I: GOALS

This section of the Performance Assessment Process is meant to set and evaluate specific and measurable goals for the annual period. These goals should support the mission and plans of the department, the division and the University. Goals reflect primary objectives and priorities for the year. These are not meant to be a reiteration of the employee's day-to-day tasks but should instead provide the employee and the department with a specific way to change, grow and develop.

PERFORMANCE EXPECTATIONS / GOALS

ACTUAL RESULTS / PERFORMANCE

Goals should be specific and measurable and tied to the employee's job duties. Goals should also be reviewed periodically by the employee and supervisor.

Actual performance toward the goals should be reviewed periodically and the date recorded. Multiple forms may be needed.

Table with 2 columns: PERFORMANCE EXPECTATIONS / GOALS and ACTUAL RESULTS / PERFORMANCE. Contains 5 rows for goal entry and review date tracking.
