

SMEK Saturday 2009

Science and Math Extravaganza for Kids

Saginaw Valley State University
February 7, 2009

What is SMEK Saturday?

- SMEK Saturday is a chance for kids to discover how amazing math and science can be. All day they get a chance to meet new people and have fun!

You won't believe what these kids got to do.

Explore Properties of Shapes

Here kids learned about the strength of shapes and how to make snowflakes.

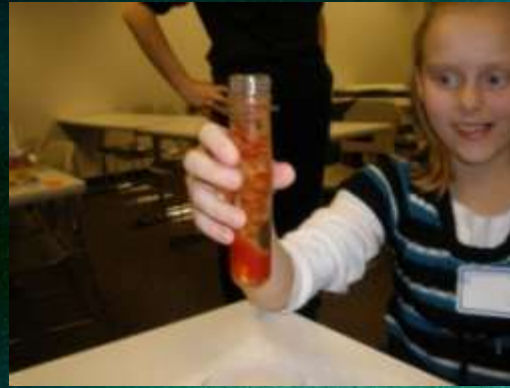

Use High Tech Equipment

In this session, participants got a rare chance to use a scanning electron microscope.

Discover the World Around You

Some got a hands on look at the forces of nature while others dissected frogs!

Discover the World Around You

Experience Chemical Reactions

How could you look at science without doing some chemical reactions? Here kids made slime, elephant toothpaste, and even turned pennies bronze.

Experience Chemical Reactions

Create Something New

These kids even learned how to create things to take home like ice cream and silly putty.

Create Something New

The Fun Doesn't Stop Here

SMEK is a great way to learn
and have a great time.

Come join us for our next
SMEK Camp
and don't miss out!

Contact Us to Find Out More

We would love to have you join us for the next exciting SMEK Camp!
