

## **A MESSAGE FROM THE DIRECTOR**

Saginaw Valley State University remains committed to excellence in academic and professional programs that prepare highly qualified graduates. To this end, the office of Sponsored and Academic Programs Support aims to increase faculty participation in sponsored programs and seeks to develop their capacity in the area of grant proposal development while supporting them in the submission of proposals. Assistance is offered by providing access to information about potential funding sources, aiding in the preparation and development of budgets, editing proposals prior to submission to external sponsors, publishing campus announcements and updates, hosting workshops for faculty and students, and assisting in the preparation of required reports.

Sponsored Programs staff facilitates the external proposal development and submission process and administers selected awards after they are received. The staff in this office works with principal investigators/directors to monitor compliance procedures once grants are awarded. Careful management of selected institutional grants is vital, as the acquisition of future external funding is dependent on the University's ability to prove they are good stewards of the funding that has been granted.

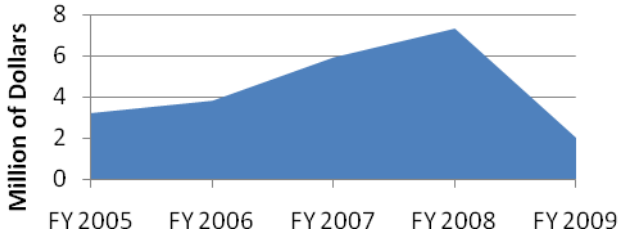

This annual report marks the achievements of our faculty and staff who further their work by winning grants and contracts from diverse sponsors. Saginaw Valley State University's sponsored and academic programs help build partnerships with institutions, agencies, and corporations—receiving nearly two million in external grants, contracts, and sponsored research funding in fiscal year 2009. We commend the members of the University community for their accomplishments.

Janet Rentsch, Director

Sponsored and Academic Programs Support

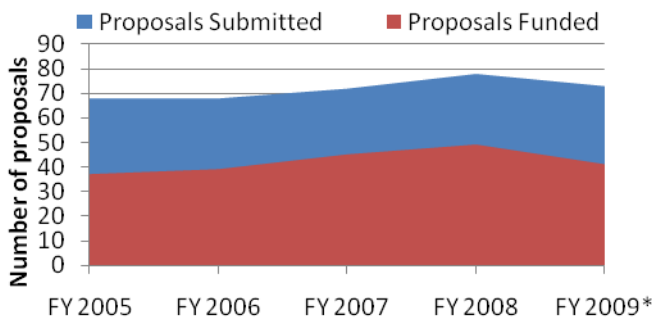

# REPORTS ON GRANTS, CONTRACTS AND SPONSORED RESEARCH ACTIVITIES

## External Support FY 2005 - 2009

This annual report summarizes grants, contracts, and sponsored research activity at Saginaw Valley State University for the 2009 fiscal year. During this fiscal period—July 1, 2008 through June 30, 2009—a total of \$1,988,163 was awarded for research and other sponsored projects. The top chart illustrates the total sponsored support at Saginaw Valley State University over the past five years.

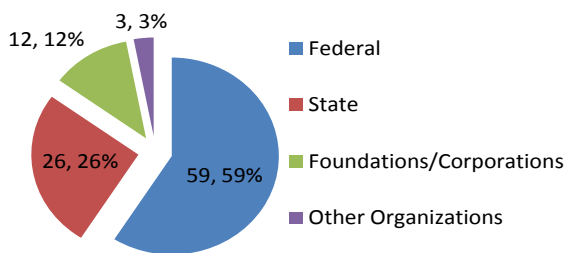

## Proposals Submitted and Funded

*\*For FY 2009, 8 grants are still pending a decision*

In addition to support for research-related activities, grants and contracts support education, student services, and program development projects. A total of 73 proposals were submitted to external sponsors during fiscal year 2009; 41 of those proposals (56%) have been funded, with eight proposals still pending a decision.

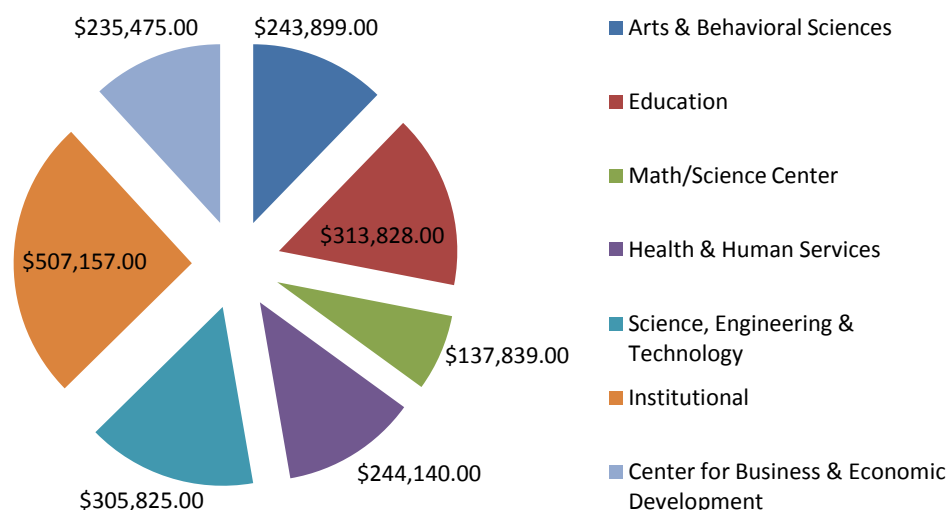

## Sources of Funding FY 2009

External sponsors represent a cross section of government agencies, business and industry representatives, community organizations, and educational institutions. The bottom chart categorizes the grants SVSU received by agency type.

## EXTERNAL FUNDING BY UNIT

Each unit contributes to overall funding, and the following chart compares the external award totals by unit for fiscal year 2009. Some of the awards received in fiscal year 2009 are a result of proposals submitted in previous fiscal years.

## UNIVERSITY GOALS SUPPORTED BY GRANTS

**Academic Improvement** - *The University will continuously develop and improve academic programs which are effectively delivered and periodically assessed, thereby motivating and enabling students to participate professionally and intellectually in an increasingly diverse, global, and technological society.*

**Program Qualitative Distinctiveness** - *The University will develop nationally recognized programs and areas of excellence that promote quality throughout the University and enhance the value of an SVSU degree.*

**Enrollment Management** – *The University will continue to be an institution of choice and opportunity for students who seek and obtain a college degree.*

**Technology** - *The University will continue to develop, maintain, and enhance its technological resources to facilitate excellence and innovation in teaching and learning and to improve institutional efficiency and effectiveness. The University will provide leadership for the greater community on technology issues.*

**Campus Culture** - *The University will promote and continuously enhance a culture and environment that fosters and supports the personal and intellectual growth of its students, faculty, and staff.*

**Community Relations** - *The University will continue to improve and expand its contributions to the greater community's quality of life and will forge stronger connections by becoming the premier cultural and intellectual center and resource for schools, businesses, and governments.*

## **INTERNAL GRANTS FOR FACULTY DEVELOPMENT**

Four internal grant opportunities, described below, are available to SVSU faculty to support their professional growth and research. Fiscal year 2009 recipients of internal funds and release time are listed in this report under the college in which they reside.

### ***SVSU Faculty Research and Professional Growth Awards***

Each year the University Unit Committees recommend funding for faculty proposals requesting release time for research and/or professional development with consultation between the president of the Faculty Association and the vice president for Academic Affairs. The charge of the committees is to encourage and promote scholarship, advanced studies, and research among the faculty of Saginaw Valley State University. Committee responsibilities include the evaluation of applications and recommendation for the allocation of these funds. In fiscal year 2009, the University Unit Committees supported faculty requests totaling \$64,459 and 48 hours of release time.

### ***Sabbatical Leave***

Eight sabbaticals were granted by the Board of Control in fiscal year 2009. SVSU professors are eligible to apply for sabbatical leave upon six consecutive years of service to the University.

### ***SVSU Faculty Supplemental Funds***

Each academic dean and vice president for Academic Affairs determines additional University support for professional development conference participation. Fifty-eight faculty requests were supported with \$28,540 in fiscal year 2009 for presentations and conference participation.

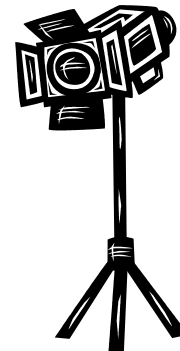

### ***SVSU Foundation Resource Grants***

SVSU Foundation Resource Grants enhance scholarship, further the academic and cultural missions of the University, and/or have significant impact on the University community for projects and programs which directly benefit and involve SVSU students. The Resource Grant Program was established in 1998 by the SVSU Foundation Board of Directors, and available funds are generated by distributions from the SVSU Foundation Resource Fund endowment. The evaluation committee includes appointed community members from the Saginaw Valley State University Foundation Board. For fiscal year 2009, ten grants were awarded totaling \$23,836.

## SUPPLEMENTAL FUNDS FOR STUDENT DEVELOPMENT

SVSU encourages student development by offering supplemental funds to students to attend conferences, symposiums, or to present their research. Last year, a total of \$24,572 was given to students through the office of Academic Affairs and four of the University's colleges.

	<b>Conference/Symposium</b>	<b>Amount</b>
Academic Affairs	Midwest Sociological Society Conference	\$1,620
	Chicago Law School Forum	\$8,748
	London Study Abroad	\$2,400
Arts & Behavioral Sciences	Stratford Shakespeare Festival	\$1,788
	Society for Psychophysiological Research	\$750
	National Association of Teachers of Singing	\$312
	MI Academy of Science, Arts & Letters	\$1,939
	Midwest Sociological Society	\$678
	Central States Communication Conference & Undergraduate Student Honors Conference	\$852
	MFL 190 – Arabic Culture & Language	\$291
	Friends of Roethke – tour	\$300
	MI High School percussion tour	\$912
	Friends of Roethke – tour	\$230
	American College of Theater Festival	\$275
	Spanish 419	\$74
	Friends of Roethke – tour	\$230
	Sociology/Africa tour	\$500
	Chippewa Nature Center, Shiawassee Nature Center	\$585
Business & Management	RISE Conference	\$600
	Beta Gamma Sigma Student Leadership Forum	\$450
Education	Leadership Summit	\$600
Science, Engineering and Technology	Engineering Expo	\$172
	MathFest	\$266

## **SPOTLIGHT ON FACULTY AND STAFF**

A sample of grants that impact faculty research, SVSU students, and the Great Lakes Bay Region

### ***Serving our community***

**Brian Thomas**, Professor of Sociology, College of Arts and Behavioral Sciences

Dr. Thomas received \$7,000 from the Saginaw Community Foundation to combine service-learning and research when experimenting with hydroponic systems for urban food production. As a result of this grant, Dr. Thomas received additional funding from Michigan Campus Compact that will further his efforts to improve healthy food access in urban settings.

### ***Improving education***

**Poonam Kumar**, Professor of Educational Technology and Development, College of Education

Dr. Kumar is in her second year of a five-year cooperative agreement with the U.S. Department of Education to integrate evidence-based instruction into the undergraduate special education teacher preparation program. She will receive a total of \$581,585 over five years to ensure that SVSU's special education pre-service teachers meet highly-qualified teacher requirements, ultimately improving the achievement of K-12 students with disabilities.

### ***Advancing health care***

**Debra Wagner**, Assistant Professor of Nursing, College of Health and Human Services

Dr. Wagner's grant of \$103,000 from the Michigan Department of Community Health will allow SVSU to provide an on-site education option for Covenant HealthCare System RNs completing their BSN degrees through computer-based learning and interactive television.

### ***Impacting our environment***

**David Karpovich**, Associate Professor of Chemistry, College of Science, Engineering and Technology

Dr. Karpovich's latest research grant from the Michigan Soybean Promotion Committee could potentially improve the economics of biodiesel production from soybean oil. His award of \$19,975 allows Dr. Karpovich to hire students to assist in his research.

### ***Developing instructional technology***

**Deborah Huntley**, Dean, College of Science, Engineering and Technology

**Ken Schindler**, Executive Director, Information Technology Services

SVSU received \$1,776,833 from the U.S. Department of Education under the Title III Strengthening Institutions program. These funds will assist in the improvement and expansion of online and distance education programs.

### ***Enriching our culture***

**Linda Farynk**, Director, Melvin J. Zahnaw Library

**Carlos Ramet**, Executive Assistant to the President

Ms. Farynk and Dr. Ramet authored three grants each to support the Theodore Roethke Centennial Celebration. The Celebration, which consisted of a series of events in memory of Saginaw-born poet Theodore Roethke, was held in November 2008. All six grant proposals were funded for a total of \$9,750 in support.
