I. CALL TO ORDER

The meeting was called to order at 1:45 p.m. by Chairman Kendall, who noted that a quorum was present.

II. PROCEDURAL ITEMS

1. Minutes of the August 8, 1983 Regular Meeting

The minutes were accepted following requests from several Board members that future minutes be more succinct.

2. Official Representative of the Faculty Association

Dr. David R. Weaver, president of the SVSC-FA, informed the Board of his presence as the Association's official representative.

3. Communications and Requests to Appear Before the Board

None.

4. Remarks by the President

None.

5. Changes in the Agenda

Item 19 was deleted at the request of President Ryder.

III. ACTION ITEMS

6. Recommendation for the Approval of the Establishment of a Master of Arts Degree Program in Criminal Justice and Political Science

RES-598 It was moved and supported that the following resolution be adopted:

WHEREAS, The SVSC Planning Resource Council recommended in the 1980-81 planning period to investigate a possibility of offering a Master's degree in Criminal Justice and related disciplines, and

WHEREAS, The faculty in the School of Arts and Behavioral Sciences concluded a needs survey among the students enrolled in and the alumni of Criminal Justice and Political Science programs, and

WHEREAS, The Faculty ratified a proposal to establish a Master of Arts degree program in Criminal Justice and Political Science on April 22, 1983, and

WHEREAS, The academic vice presidents of the state colleges and universities in Michigan extended their support for the program on August 12, 1983;

NOW, THEREFORE, BE IT RESOLVED, That the proposed program be approved for submission to the North Central Association for Colleges and Schools (NCA) for review and support, and

BE IT FURTHER RESOLVED, That the Administration be authorized to implement the program in Fall, 1984 if the NCA endorses the program.

Mr. Curtiss observed that the program content appeared to be unique in the state and expressed the view that innovation may be desirable if it does not deprive the graduate of identity nor the program of recognition. He asked if other unusual graduate programs were being considered. Dr. Yien replied that an M.S. degree in Nursing (presumably traditional in content) was the only other master's program likely to be proposed during the next two to three years.

Noting in the proposal that the program would be financed by reallocating resources, Mr. Curtiss asked for an explanation. Dr. Yien replied that for a time the undergraduate political science program could be downsized sufficiently to make faculty time available for teaching in the M.A. program.

Mr. Braun noted the growing importance in the judicial system of formal arbitration and said Professor Cisky of the Criminal Justice Department expects the new program to develop arbitration skills.

Dr. Gilmore inquired about the adequacy of the program as preparation for entering doctoral programs in political science or criminal justice. Professor Weaver stated that electives would be available which could prepare students for advanced graduate study in either field.

The motion carried.

7. Recommendation for Approval of a Revised Student Judicial Code

RES-599 It was moved and supported that the Board approve the revised student judicial code which is attached.

Mr. Thompson pointed out the revisions: a) designation of the Coordinator of Residential Life as coordinator of judicial programs; b) modification of the jurisdiction of the All-College Judiciary; c) provision for closed sessions; d) limitation of the role which a student's counsel may play; e) assignment of the determination of sanctions to the judiciary board, and f) recommendation of a procedure to be followed by faculty members who suspect students of cheating. He explained that the integrity of the scholarship section is stated as a recommendation rather than a requirement because the faculty has not acted upon it.

Ms. Pope reported that Student Government had reviewed and approved the proposed changes.

The motion carried.

III. Use of College Facilities and Campus

- A. Use of Facilities: Non-academic student use of College facilities, property and services, is restricted to authorized individuals and to student organizations that have been formally recognized by the S.V.S.C. Student Government. Requests for use of College facilities must be made to the Scheduling Office at least two weeks in advance of the requested date. In the event of a conflict, the Scheduling Office will resolve the conflict according to scheduling priorities approved by the College.
- B. Bulletin Boards: Various types of bulletin boards are provided in College buildings to display information of interest to the College community. All student, official and general bulletin boards are labeled as such and must be used in accordance with the bulletin board policy as contained in the Student Handbook.
- C. Posting of Notices and Literature: Students and student organizations wishing to erect, attach or post signs, banners, posters or decorations on any part of College property not covered by the regulations pertaining to bulletin boards as contained in the Student Handbook must obtain prior permission from the Campus Activities Office.

Noticies are not to be posted on window glass or doors. Lewd or vulgar notices are not to be posted. Students may not deface, alter or tamper with any notice or sign or remove these without prior authorization.
- D. Selling, Advertising or Soliciting: No student shall engage in, or invite any firm, corporation, individual or group to engage in, the business of selling or advertising any services or products, or take orders or make contract for the delivery of services or products on College property without the prior approval of the Dean of Students.
- E. Pets: Pets are not allowed in any College building. An exception to this is the use of seeing-eye dogs by the blind. Animals may not be brought to the Campus unless leashed or otherwise restrained and attended by their owners. Large animals are not permitted on the Campus without the written permission of the Director of Public Safety.
- F. Identification Requirements: Students must present their College Identification Cards, when requested by official College representatives, to enter College facilities, attend events held on College property, make use of College equipment or services, or review or receive their student records.

VII. Misconduct

- A. Disorderly Conduct: No student shall engage in intentional expression or conduct, including use of profanity, on College property or at a College-sponsored function which substantially disrupts or interferes with the rights of others, with College discipline, with normal College functions, or which causes substantial disorder.
- B. Assault: No student shall engage in verbal or physical assaultive behavior or other conduct to cause danger to the personal, mental, or physical health, safety, or welfare of members of the College community or visitors to the campus. Use of profanity, verbal threats, or similar threatening behavior are specifically prohibited.
- C. Theft, and Property Damage: Theft or intentional damage to property of the College, a member of the College community, or campus visitors constitutes a violation of College regulations. Use of another person's property without consent of the owner is prohibited.
- D. Fires: No student shall set a fire anywhere on College property without prior written authorization from the Director of Public Safety, except in approved grills in designated picnic areas.
- E. Telephone Harrassment: It is a violation of College regulations to telephone any other person for the purpose of harrassment when such calls are made from or to telephones on College property.
- F. Weapons: The possession or use on College property or in approved housing of any weapons such as, but not limited to, firearms, ammunition, pellet guns, airguns, or any chemicals or explosives, including firecrackers, is not permitted unless in connection with an official function authorized in writing by the Director of Public Safety.
- G. Drugs: The possession, use or distribution on College property of any illegal or controlled drug or substance in either refined or crude form, including marijuana plants, except under the direction of a licensed physician, is prohibited.
- H. Voluntary Compliance: The College regulation of student conduct assumes that students will cooperate with authorized College personnel. Students shall obey legitimate and reasonable instructions of College officials to cease conduct, which threatens to disrupt or interfere with:
1. The rights of others
 2. College discipline
 3. Normal College functions
 4. Order in the College community
 5. A College official acting in the line of duty.

- 1 B. A student shall not submit to an instructor as his or
2 her own any work which contains ideas or materials
3 taken from another without full acknowledgement of the
4 author and source.
- 5 C. A student shall not take, steal, or otherwise procure
6 in an unauthorized manner any piece or pieces of writ-
7 ing which contain the questions or answers to an exami-
8 nation scheduled to be given to any individual or group
9 enrolled in any course of study offered by the College.
- 10 D. A student shall not sell, give away, lend or otherwise
11 furnish to any unauthorized individual any piece or
12 pieces of writing which contain the questions or
13 answers to an examination scheduled to be given to any
14 individual or group enrolled in any course of study
15 offered by the College.
- 16 E. The unauthorized possession of any of the aforesaid
17 pieces of writing shall be considered prima facie
18 evidence of a violation of the provisions of this
19 regulation.
- 20 F. The imposition of regular disciplinary penalties does
21 not preclude an academic penalty imposed by an instruc-
22 tor. If a failing grade in a course is given for aca-
23 demic dishonesty, the Coordinator of Judicial Programs -
24 will be notified in writing by the academic dean or
25 director.

NEW

- 26 G. Recommended procedures to be followed by faculty who
27 suspect students of violating Article IX of the Judi-
28 cial Code (not adopted by faculty):

CASE I

29 If suspicious behavior is observed by the instructor
30 during a class period (examination, quiz, writing
31 exercise), the instructor may take appropriate discrete
32 action at the time, while exercising caution to avoid
33 disrupting the class.

34 Examples: asking a student to move his chair back into
35 into its usual position.

36 confiscating a paper suspected of
37 being a crib sheet or illegal communication.

38 If the instructor continues to suspect a violation, he
39 should proceed to Case II procedure.

CASE II

40 If a faculty member receives written material from a
41 student which appears to violate Article IX, or re-
42 ceives a report from another faculty member or student
43 regarding such a violation, or observes an apparent vio-
44 lation (Case I, above), the instructor should arrange
45 an informal, private meeting with the student within
46 one week of the time that the suspicion was aroused.

At this informal meeting, the faculty member will discuss his suspicion with the student, and inform the student of the below options:

1. If the student has an explanation which is acceptable to the faculty member, the case may be closed with no written record.
2. If the student admits guilt, the instructor may give an appropriate additional assignment (taking a re-test, submitting an additional paper, etc.), may downgrade the assignment in question, or may give the student a failing grade in the course. If a failing grade is given, the instructor must notify the Coordinator of Judicial Programs. The instructor may, in addition, file with the Coordinator of Judicial Programs an official report of an alleged violation of Article IX.
3. If the student does not admit guilt, the instructor will file a written report with the Coordinator of Judicial Programs (describing the alleged violation), with a copy to the student. The instructor will also submit pertinent evidence of the alleged violation to the Coordinator of Judicial Programs, who will then proceed according to the Outline of the Judicial Process (pp. 16-25). This report must be filed within one week of the informal meeting between the student and the instructor.
4. The instructor may impose an academic penalty in addition to any sanctions which are authorized under the Judicial Code (p.24). If, however, the student denies the allegation in the informal meeting with the instructor, no academic penalty may be imposed until after the judicial process has been completed and the student has been judged guilty. However, following College policy, the instructor must submit a grade at the required time. Where the academic penalty would affect the final course grade, an incomplete (I) may be filed pending the resolution of a case filed under Article IX of the Judicial Code. Use of such an (I) grade does not require an Incomplete Contract that has been signed by the student. Such an (I) grade is not subject to the usual time frame for incomplete grades, rather it shall follow the time frame of the judicial process as further specified in these "Procedures," with the (I) to be changed to a letter grade within one week of the instructor's receipt of the case report from the Coordinator of Judicial Programs.

X. Vehicle and Parking Regulations

The Board of Control has adopted and published a traffic ordinance, copies of which may be obtained in the Office of Public Safety, the Information Desk and in the Student Government Office. This ordinance is enforced by the 70th District Court, Saginaw, Michigan, and may also be enforced under this code.

This will occur in all major cases, as Residential Life will have the authority to deal only with the minor cases (as far as imposing sanctions).

E. Lesser cases to be heard by the Residential Life Staff may include the following: quiet hours violations; pets; firecrackers; fire equipment (alarms, extinguishers); malicious destruction of property (this could also fall under "major" incidents); removal of food from the cafeteria; garbage in the stairwells; and other cases that will be left up to the discretion of the Coordinator of Residential Life.

F. The maximum sanctions to be applied by the Coordinator of Residential Life are as follows:

1. Residence Hall Probation, which means that should the student during that period again violate an S.V.S.C. policy and/or State law, he/she would be subject to additional disciplinary action which could include removal from the residence halls.
2. Fine of up to \$50.00.
3. Restitution for damages.

G. Appeals

1. Students will have the right to appeal decisions reached by the Coordinator of Residential Life. They may do so by writing a letter of appeal to the Coordinator of Judicial Programs within three (3) calendar days, when school is in session, of receiving their letter of sanctions from the Coordinator of Residential Life. Appeals will be handled by the Coordinator of Judicial Programs.

2. In most cases, the effect of the sanction will be held in abeyance during the course of an appeal.
3. The Coordinator of Judicial Programs must act on the appeal with five (5) calendar days.
4. Extensions of time periods may be allowed by the Coordinator for Judicial Programs or the Executive Director for Admissions & Student Development under exceptional circumstances.

H. Role of Coordinator of Residential Life: In the event that the Coordinator of Residential Life also holds the position of Coordinator of Judicial Programs he/she may handle all residential matters personally or delegate original jurisdiction over such matters to another staff person in Residential Life

IV. The Judicial Process for Major Violations

Major violations, because of their more serious nature and because of the responsibility of the College for the welfare of the entire College community, will be dealt with

NEW

- 1 A. Emergency suspension of the student(s) may be required
 2 in serious situations. To consider such action, the
 3 Coordinator of Judicial Programs, within twenty-four
 4 hours of receiving the report of the matter will notify
 5 the Executive Director for Admissions & Student Develop-
 6 ment that such a serious situation exists and recommend
 7 to the Executive Director whether or not an emergency
 8 suspension of the accused student may be necessary.
 9 If, after such investigation as is deemed reasonable
 10 under the circumstances, the Executive Director concurs
 11 that there is cause to believe that the continued pre-
 12 sence of the accused student constitutes a danger to
 13 the College community, he or she will order that the
 14 student be immediately suspended from the campus. This
 15 emergency suspension will remain in effect until a full
 16 hearing of the case can be held by the All-College Judi-
 17 ciary or until rescinded by the Coordinator of Judicial
 18 Programs.

C

19
 20 At the discretion of the Executive Director, a limited
 21 action for suspension can be imposed upon the student
 22 prohibiting on-campus residence, the use of certain
 23 facilities, or attendance or participation at specified
 24 College functions.

25
 26 If, within the judicial process, the accused student is
 27 exonerated of the charges, it shall be the responsibil-
 28 ity of the College to ensure that the student will expe-
 29 rience no unnecessary hardships as a result of the sus-
 30 pension. Every effort shall be made to allow the stu-
 31 dent to make up class work that he or she was forced to
 32 miss because of the suspension. No financial penalties
 33 shall be assessed because of unavoidable late registra-
 34 tion or other late payments due to the student's suspen-
 35 sion. The College will otherwise not be responsible
 36 for hardship or financial loss experienced by the stu-
 37 dent.

- 38
 39 B. A hearing by an All-College Judiciary will be held with-
 40 in ten calendar days of a report to the Coordinator of
 41 Judicial Programs or a major violation of College regu-
 42 lations. All-College Judiciary hearings will follow
 43 the format established in the outline of Procedures for
 44 All-College Judiciary Hearings. After due deliberation
 45 and within twenty-four hours of the hearing, the All-
 46 College Judiciary will announce its verdict. Within
 47 three (3) calendar days of the hearing, a penalty com-
 48 mensurate with the severity of the violation will be as-
 49 sessed by the All-College Judiciary and communicated to
 50 the student by the Coordinator for Judicial Programs.

51
 52 C. Appeals

- 53
 54 1. The decision of the All-College Judiciary may be
 55 appealed by the accused student. Appeals must be
 56 made in writing to the President of the College
 57 within ten calendar days of the date that the verdict
 58 of the All-College Judiciary is announced. The

1 appeal must be based upon at least one of the fol-
 2 lowing (1) new evidence which was not available dur-
 3 ing the original hearing, (2) the contention that
 4 procedural due process was denied the student, or
 5 (3) proof of arbitrary or capricious treatment by
 6 the All-College Judiciary. The President shall con-
 7 sider the appeal within ten calendar days of its
 8 receipt. The President may: (1) uphold the deci-
 9 sion of the All-College Judiciary; (2) reverse or
 10 modify the decision of the All-College Judiciary;
 11 (3) return the case to the All-College Judiciary
 12 for rehearing. When a case is returned to the All-
 13 College Judiciary for re-hearing, alternate jurors
 14 will be asked to hear the case. If the student is
 15 found guilty and appeals a second time, the Presi-
 16 dent will make a final determination of the case.

17
 18 2. Appeals may be made of decisions by the
 19 Coordinator for Judicial Programs. The appeal must
 20 be made in writing to the Executive Director for
 21 Admissions & Student Development within five (5)
 22 calendar days of the date that the decision is
 23 announced. In that the student admitted guilt
 24 before the Coordinator of Judicial Programs imposed
 25 a sanction, the appeal may be based only on the
 26 contention that the sanction was excessive due to
 27 arbitrary or capricious judgment by the
 28 Coordinator. The Executive Director shall consi-
 29 der the appeal within ten calendar days of its
 30 receipt, and he/she may sustain the appeal and
 31 modify the sanction or deny the appeal. The
 32 decision of the Executive Director will be final.
 33

34 3. In most cases, the effect of a judicial decision will
 35 be held in abeyance during the course of an appeal.
 36 In the case where an emergency suspension has been
 37 imposed and suspension is also imposed as a judicial
 38 decision, the student may be restricted from return-
 39 ing to the campus until after a decision is rendered
 40 on his/her appeal. Such a decision will be made by
 41 the Coordinator for Judicial Programs.
 42

43 V. The All-College Judiciary

44 A. Composition:

- 45 1. The All-College Judiciary is to be made up of one stu-
 46 dent, one member of the full-time faculty, and one
 47 administrator from the College, each of whom will
 48 serve one-year terms commencing in the Summer term.
 49
- 50 2. Selection for members of the Judiciary will be made
 51 in the following manner. The Coordinator of Judicial
 52 Programs will submit to the President of the Student
 53 Body a list of at least eight administrators and
 54 eight faculty members that are to be considered as
 55 jurors for the All-College Judiciary. The President
 56
 57

of Student Government will rank order the nominees according to acceptability to the Student Government and return those names with a list of at least eight student nominees for the judiciary.

The President of the College will appoint the five administrators and faculty members ranked as most preferable by the student government and choose any five of the student nominees proposed by the President of the Student Government. These fifteen persons shall constitute the pool from which any one Judiciary may be impaneled, made up of one student, one faculty member and one administrator.

3. Impeachment and disqualification will follow guidelines outlined in the section of this document entitled: Procedures for Administrative and All-College Judiciary Hearings.

B. Jurisdiction:

1. The All-College Judiciary will have authority to hear any case put before it by the Coordinator of Judicial Programs. Normally, this will involve alleged violations of College regulations that have been determined to be serious.
2. The All-College Judiciary will have the power to lift, extend or impose additional suspensions to any emergency suspension enacted by the Executive Director for Admissions & Student Development in cases of major violations of College regulations.
3. The All-College Judiciary will hear student complaints against administrators or faculty members when, in the opinion of the judiciary, other attempts to seek relief have failed. Cases of this nature may include allegations that an individual's constitutional or civil right have been violated by the decision or actions of another member of the College community.

TO BE
DELETED

C. Charge:

1. It is the responsibility of the All-College Judiciary to attempt to establish facts to the best of their ability and to prescribe solutions which guarantee justice to all parties.
2. The All-College Judiciary shall find a student guilty of an alleged violation in cases where there exists clear and convincing evidence that the accused student did commit the violation.

VI. Sanctions for Behavior

- A. When a student has been found guilty by a Judiciary or administrative hearing official, admits guilt, or elects not to make a statement regarding his or her innocence and is judged to be guilty, the following sanctions are authorized as appropriate penalties for behavior to be imposed by the All-College Judiciary or by the Coordinator of Judicial Programs if the student has waived a hearing.
1. Restriction on activities which may include the stipulation that a student be in or away from a certain place at specified times. In the case of residence halls, the restrictions may be for a designated period of time or for the duration of the contract period (removal from residence halls).
 2. Money fine not to exceed \$100.00.
 3. Work penalty requiring a number of hours of labor in a specified task.
 4. Restitution for damages.
 5. Disciplinary Probation: Any of the above sanctions plus the formal warning that further violation may result in suspension or expulsion.
 6. Loss of eligibility, in future academic terms, of financial aid from institutional discretionary funds.
 7. Suspension: A recommendation made to the Executive Director for Admissions & Student Development that the student be required to withdraw from the institution for a specified period of not more than two years.
 8. Expulsion: A recommendation made to the Executive Director for Admissions & Student Development that the student be required to withdraw from the institution for a period not less than one calendar year. Readmission will be at the discretion of the College. Grades and refunds will be handled as with suspensions.
 9. Other sanctions deemed appropriate to the behavior.
- B. In the adjudication of minor violations of College regulations, sanctions "1" through "6" or any combination thereof will be considered appropriate. In cases involving major violations of College regulations, any of the sanctions "1" through "9" would be considered appropriate.

case the Coordinator of Judicial Programs shall assess a disciplinary penalty based upon the information available.

II. Discovery

The student shall be permitted to inspect at the Office of the Coordinator of Judicial Programs not less than twenty-four hours prior to the hearing any affidavits or exhibits which the Coordinator or the complaining party intends to submit at the hearing.

III. Hearing Procedures

- A. The Student shall be entitled to appear in person to present his or her defense to the judicial body and may call up to three witnesses in his or her behalf.
- B. If, after having been given proper notice of a hearing, the student fails to appear personally, the hearing will continue in his or her absence. The student's absence will be noted in the record of the hearing without prejudice.
- C. The student shall act as his or her own counsel except that he or she may be accompanied by a member of the College community acting in a supportive role, who may, if requested by the student, present a statement to the All-College Judiciary on behalf of the student. Any other presentations for the defense and questioning of witnesses shall be conducted solely by the student and any witnesses called by the student.
- D. The student shall have the right to hear the evidence against him or her.
- E. The student shall have the right to ask questions of the witnesses who offer evidence.
- F. The student shall have the right to refuse to answer questions.
- G. Those who hear the case shall attempt to establish the facts of each case solely on the evidence presented at the hearing.
- H. Each hearing will be recorded on tape which will remain in the possession of the Coordinator of Judicial Programs. The student may request that this tape be erased at the time when no further appeals are to be considered. Any party to the case may at its own expense, make a separate record of the events of the hearing.

J. No action shall be taken on grounds which are not supported by evidence.

IV. Preparation of defense

The student is entitled to consult with counsel of her/his own choosing in order to prepare a defense to the charge(s). To assist the student, names of persons knowledgeable about All-College Judiciary procedures and defense advice will be offered to the student by the Coordinator of Judicial Programs. The persons will include any member of the SVSC community identified by the Coordinator as willing to serve in an advisory role and who demonstrates knowledge about All-College Judiciary procedures and defense advice. Such training as may be desirable related to the Judiciary procedures shall be the responsibility of the Coordinator.

V. Judicial Programs

- A. The chairperson of the All-College Judiciary or an administrative Hearing Officer shall have the authority to:
1. Rule upon offers of proof and receive relevant evidence.

 3. Strike all evidence of a witness refusing to answer any proper questions unless the answer would involve privileged matter.
 4. Rule on motions, requests or procedural matters.

I. Adjournment

A hearing of the All-College Judiciary may be adjourned and reconvened as follows:

1. In the event that the hearing cannot be completed in the available time, the meeting may be adjourned to an agreeable time, generally no more than seven (7) days from the original date.
2. In the event that the defendant, the complainant, the Coordinator of Judicial Programs, or a member of the Judiciary requests an adjournment for any reason including consideration of new or additional information, the hearing may be adjourned by a positive majority vote of the All-College Judiciary. If the purpose of the adjournment is to review new or additional information supporting the charge against the student to be presented by means of an affidavit or exhibit, the student is entitled to inspect same no less than 24 hours prior to the hearing at the office of the Coordinator of Judicial Programs. The student may waive this time period if desired.

VIII. Ratification

These rules and regulations find their authority in the State laws vesting the Board of Control of Saginaw Valley State College with the power to conduct the affairs and control the property of the College; to make, prescribe, and enforce rules and regulations for the care, order, and preservation of such property and conduct of those entering thereon and through all other laws enacted for the care, order, and preservation of public property.

IX. Review

Periodic review of these rules and regulations will be conducted under the supervision of the Dean of Students.

8. Recommendation for Approval of the Separation of The Valley Vanguard and Student Government

RES-600 It was moved and supported that the Board of Control recognize the Professional Journalistic Practices Committee as a separate entity from Student Government with authority to govern all aspects of student publications at SVSC, reporting through administrative channels to the President of the College.

Ms. Pope confirmed President Ryder's understanding that Student Government had approved the concept of independent status for The Valley Vanguard.

The motion carried.

9. Recommendation for Investment of Hoern Endowment Fund Principal in SVSC General Fund for Acquisition of the Instructional Prime Computer

RES-601 It was moved and supported that the attached resolution be adopted.

Mr. Woodcock explained that borrowing from the Hoern Fund instead of refinancing the Prime administrative computer saves \$40,000.

President Ryder referred to a line item state appropriation for computing as a likely source of funds to repay the Hoern Fund.

Mr. Curtiss stressed the importance of monitoring forward commitment of funds because "we are approaching the threshold of reasonableness in terms of accumulating deficit".

The resolution, which modifies the financing plan authorized by RES-590 of June 13, 1983, carried.

Resolution to SVSC Board of Control

RESOLUTION: TO RECOGNIZE THE PROFESSIONAL JOURNALISTIC PRACTICES COMMITTEE AS A SEPARATE ENTITY FROM STUDENT GOVERNMENT WITH AUTHORITY TO GOVERN ALL ASPECTS OF STUDENT PUBLICATIONS AT SVSC, REPORTING THROUGH ADMINISTRATIVE CHANNELS TO THE PRESIDENT OF THE COLLEGE.

WHEREAS, the SVSC Student Government in Bill No. F-7, 1975-76, established a Publication Committee (PJPC) to govern the Valley Vanguard and any other student publication; and

WHEREAS, wording in Bill No. F-7 declared PJPC to be "under separate and independent control"; and

WHEREAS, since 12-5-75 the PJPC has functioned under complete autonomy from Student Government with the exception of subsequent bills which modified the make-up of the PJPC and various policy matters; and

WHEREAS, independence of journalistic enterprises from elected governing bodies is a desirable concept with long precedence in democratic institutions; and

WHEREAS, the current Student Government meeting in regular session has reconfirmed the intent of Student Government to consider the PJPC as separate from and independent of Student Government (see attached);

NOW, THEREFORE, BE IT RESOLVED, that the PJPC be the college entity in charge of all current and future student publications and that it be declared separate and independent from Student Government, reporting through Student Development channels to the President of the College; and

BE IT FURTHER RESOLVED, that the current policy document labeled Bill W-3-83 be declared the policy statement for the PJPC with the deletion of paragraphs 1 & 2 and Section 1, which make reference to Student Government sponsorships, with a new Section 1 to read as follows: The Professional Journalistic Practices Committee (PJPC) is established by the Board of Control for the purpose of over seeing all aspects of student publications at SVSC.

INVESTMENT OF HOERN ENDOWMENT FUND PRINCIPAL IN SAGINAW VALLEY STATE
COLLEGE'S GENERAL FUND FOR THE ACQUISITION OF THE INSTRUCTIONAL
PRIME COMPUTER

WHEREAS, In the negotiations for the financing of the instructional Prime computer acquisition for the 1983-84 fiscal year it was determined that refinancing the remaining balance of the first Prime computer acquisition would result in an additional cost of \$40,000 over the 5-year financing period, and

WHEREAS, To realize the savings of \$40,000 over that 5-year period requires a larger first year payment of principal and interest totaling \$18,500 during 1983-84, and

WHEREAS, Saginaw Valley State College's highest priority Program Revision Request with the State of Michigan is funding for campus computing equipment, and

WHEREAS, It is anticipated that this source of funding will be utilized to repay this loan to the Endowment Fund;

NOW, THEREFORE, BE IT RESOLVED, That the Administration is authorized to enter into a written agreement to loan from the principal of the Hoern Endowment Fund the sum of \$18,500 plus interest at 12% per annum during 1983-84 for the purpose of acquiring the Prime computer for instructional usage, and

BE IT FURTHER RESOLVED, That this loan in its entirety is to be repaid to the Hoern Endowment Fund no later than June 30, 1988, and

BE IT FURTHER RESOLVED, That the rate of interest to be paid annually to the Hoern Endowment Fund is to be reassessed each July and adjusted by the Administration such that the interest rate shall not be less than $1\frac{1}{2}\%$ above the current rate of investments then obtainable by the College's pooled cash investment program for investments exceeding 180 days duration.

10. Recommendation of a Motion to Appoint Two Members of the SVSC Board of Control to the SVSC Foundation as Group I Directors for Four-Year Terms

BM-652 It was moved and supported that Drs. Gilmore and Williams be reappointed as Group I directors of the SVSC Foundation for four-year terms effective immediately.

Noting that Group I directors must be current members of the Board of Control, Dr. Williams pointed out that his ability to serve for four years was contingent upon reappointment to the Board. The motion carried.

11. Recommendation of a Motion for Appointment of Emeritus Members of the SVSC Board of Fellows

BM-653 It was moved and supported that the emeritus membership of the Board of Fellows include:

Dr. Frank N. Andersen	Dr. Jossef Kratzenstein
Dr. James B. Arnold	Mr. C. Ward Lauderbach
Mr. Oscar W. Baker, Jr.	Dr. John S. Ludington
Mr. Robert B. Bennett	Mr. Guy T. Moulthrop
Dr. Herbert D. Doan	Dr. Malcolm E. Pruitt
Mr. Walter I. Foss, III	Mr. James L. Richardson
Dr. Max P. Heavenrich, Jr.	Mr. Kenneth Robertson
Dr. Hans Hennecke	Mr. Robert I. Sherman
Mr. Mark M. Jaffee	Dr. William M. Yates

President Ryder explained that the Board of Fellows' by-laws provide for emeritus status for members who no longer wish to be active in the organization.

Mr. Braun asked whether the by-laws included criteria for emeritus membership. Dr. Ryder said he believed they did but would check and keep in mind Mr. Braun's view that emeritus membership should be earned and regarded as an honor. The motion carried.

IV. INFORMATION AND DISCUSSION ITEMS

12. Report on Fall 1983 Enrollment

Mr. Thompson reported a fall headcount of 4,650 students, up 5.1% from Fall 1982, and credit hours of 44,263, up 6.3%. A substantial increase in

on-campus enrollment was offset somewhat by a small decline in off-campus enrollment. The decline occurred primarily in Macomb County, Dr. Hamilton said.

Mr. Curtiss recommended that enrollment in feeder high schools be analyzed.

13. Report on Tuition and Fee Increases at Michigan's Public Colleges and Universities

Dr. Dickey reported that SVSC's undergraduate tuition for Michigan residents, which ranked seventh highest among the 15 state colleges and universities in 1982-83, is eighth highest in 1983-84. At \$1,627.50, it is below the average of the 15 institutions' tuitions: \$1,681.93.

Her report, which is attached, also compared other tuition rates and room and board rates.

President Ryder asserted that all of the Michigan public institutions' tuitions are too high, much higher than in many other states.

14. Status Report on Consideration of Four-Year Engineering Program at SVSC

Dr. Yien reported that a consultant from Michigan State University and one from Ohio State University favorably assessed SVSC's proposed engineering curriculum and the present engineering technology laboratories. He reported that the program proposal would be submitted to a ratification vote of the SVSC faculty on October 21 and on November 11 to the organization of academic vice presidents of the 15 state colleges and universities, who will be asked for support. He is following a timetable which calls for Board of Control action in December 1983 or February 1984.

President Ryder said he would discuss in detail at the December meeting the private support needed for the early years of an engineering program.
