It was moved and supported that the minutes of the special meeting be approved.

Chairperson Saltzman requested that page 17 be changed to read "Mrs. Saltzman stated that it is important that the Board is open and responsive to the people who appear before it."

The minutes were unanimously APPROVED as corrected. They were ordered filed in the President's Office and in the Library.

Chairperson Saltzman also welcomed Ms. Munoz and Dr. Fallon to the SVSC family. Dr. Ryder stated that Dr. Fallon had come to SVSC from Ball State University, where he had worked in the office of both the Provost and the President. He has a strong background in Higher Education, and a great deal of legislative experience.

Chairperson Saltzman asked Ms. Munoz for her first impressions of SVSC. Ms. Munoz replied that she was very impressed by the College and its aim for small classes.

Regular Monthly Meeting

August 10, 1987

recognize the contributions of Richard H. Gilmore was added as Action Item 1A.

III. REMARKS BY THE PRESIDENT

President Ryder reported that it was expected that the proposed name change from "college" to "university" would be acted on by the Senate in the fall. It is hoped that they will pass the bill and that the Governor will support it.

Dr. Ryder stated that he had represented the American Association of State Colleges and Universities at the Governor's Conference in July. He noted that the participants there had clearly identified two basic issues--competitiveness and education, which were seen as being linked together. He added that Governor Blanchard had not cut any of the basic budgets in higher education when he trimmed the budget approved by the legislature. Instead, he eliminated a proposed increase in student aid, as well as some funding for repair and maintenance at the state institutions.

Dr. Ryder noted that this represents what governors are doing throughout this country; they are very concerned about education--from head-start programs through higher education. They were especially concerned about illiteracy and education for minorities. He indicated that the impact of the Governors' efforts will be felt at the state and federal level; that additional support is at issue. If the colleges make some modifications and are ready to respond, they will get the
resources when they become available.

If the United States is going to be competitive on an international basis, our people have to be educated far more extensively and effectively than in the past.

Dr. Ryder concluded that SVSC is at a point in its history when one of the biggest things we lack is adequate resources to compensate our faculty and staff appropriately, and to have the supplies and equipment necessary to maintain and enhance the quality of our programming.

IV. ACTION ITEMS

1A. Resolution to recognize the contributions of Richard H. Gilmore, DDS as a Board officer and committee member

RES-753 It was moved and supported that the following resolution be adopted.

WHEREAS, Dr. Richard H. Gilmore has thus far served as a member of the Saginaw Valley State College Board of Control for over 16 years, and

WHEREAS, he has faithfully attended and contributed to the deliberations of the Board during much of the rapid growth and development of the College, and

WHEREAS, during his tenure he was appointed to and served as a member of the various committees of the Board of Control and more recently served on the Academic and Personnel Committee from 1980 to 1982 and again from 1986 to 1987 and on the Business and Facilities Committee from 1983 to 1986, and

WHEREAS, Dr. Gilmore succeeded to the chairmanship of the Board upon the non-reappointment of the Chairman in 1985, and

WHEREAS, he was elected to the chairmanship of the Board in 1986, and
WHEREAS, during his chairmanship, the Administrative Services Building, the Maurice E. Brown Hall, the Melvin J. Zahnow Library, and the Science Building were dedicated to the people of Michigan and ground was broken for the Dorothy (Honey) and Ned Arbury Fine Arts Center and the new Health and Physical Education Center.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Control hereby recognizes Dr. Gilmore's long, able, and dedicated contributions to the College through his service as a member, as Vice Chairman, and as Chairman.

President Ryder presented Dr. Gilmore with the framed resolution and thanked him on behalf of the College, the administration, the faculty and staff, and Board of Control for his outstanding contributions to SVSC.

The resolution was APPROVED unanimously.

1B. Motion to approve revised Board of Control Operations Manual

BM-720 It was moved and supported to approve the revised Board of Control Operations Manual. (See Appendix 1: Manual)

Mrs. Woods noted that portions of this document could be changed at any time the Board deemed it necessary; that perhaps this could be done as an on-going process.

Dr. Willertz referred to 2.0-5 Article VII, Section 1 of the Bylaws and stated that the Faculty Association would also like the privilege of having their elected president sit at the table, in the same manner as the Student Government representative.

Mrs. Saltzman thanked Dr. Willertz and asked for other
comments. There were none.

The motion was APPROVED unanimously.

2. Resolution to approve Administrative Appointments to a Reappointment and Tenure Commission

RES-754 It was moved and supported that the following resolution be adopted.

WHEREAS, the Faculty Association asks that a Reappointment and Tenure Commission (R.T.C.) be established in accordance with the Faculty Contract, and

WHEREAS, The Reappointment and Tenure Commission shall be a five-member commission which shall consist of two members selected by the Association and two members selected by the Board of Control.

NOW, THEREFORE, BE IT RESOLVED that Dr. David E. Nelson, Dean of the School of Education, and Dr. Jose L. Valderas, Director of the Bilingual/Bicultural Center, be appointed to the 1987-88 Reappointment and Tenure Commission (R.T.C.)

Dr. Ryder noted that one of the policies in the contract with the Faculty Association states that if under procedure there is no resolution to particular problems which are spelled out in the contract, there could be an appeal to the Reappointment and Tenure Commission. This commission is composed of two members selected by the Faculty Association and two selected by the Board of Control. These four members then vote on the selection of the fifth member, who could possibly be an arbitrator.

The resolution was APPROVED unanimously.

3. Resolution to name the road east of the Melvin J. Zahnow Library as Library Circle

RES-755 It was moved and supported that the following resolution be adopted.

WHEREAS, During the development of the IF-2 Complex, D
Parking Lot was renovated, and

WHEREAS, For identification and campus safety purposes it has become necessary to identify the drive along the perimeter;

NOW, THEREFORE, BE IT RESOLVED, That the drive along the perimeter of D Lot be known as Library Circle.

Chairperson Saltzman asked for discussion. There was none.

The resolution was APPROVED unanimously.

4. Resolution to adopt 1987-88 General Fund Operating Budget

RES- 756 It was moved and supported that the following resolution be adopted.

WHEREAS, for the 1987-88 fiscal year the State Appropriation is known and tuition revenues have been estimated, and

WHEREAS, The administration of the College has analyzed the level of General Fund expenditure allocations required for compensation, services, supplies and equipment to maintain the quality of instructional and support services provided to students;

NOW, THEREFORE, BE IT RESOLVED, That the attached General Fund Budget Summary be adopted as the General Fund Operating Budget for Saginaw Valley State College's 1987-88 fiscal year. (See Appendix 2: Budget)

President Ryder reported that the State fiscal year appropriation is $13,846,599, which includes some funding which is tracked by the Senate and House Fiscal Agencies and must be used for specific purposes. In that category are $1,640,000 in start-up funds for IF-2; $688,000 for the first phase of start-up funding for Wickes Hall and the Arbury Fine Arts Center; $225,000 for the Research Excellence Fund; $73,828 in Martin Luther King Jr./Cesar Chavez/Rosa Parks funding for minority
programs; and this year, for the first time, a one-time-only allocation of $223,626 to recognize enrollment increases for the past two years.

President Ryder stated that the tuition revenue estimate for 1987-88 is $6,926,305, based upon 123,000 credit hours, which is an increase of 8.2 percent over 1986-87.

Michigan State University has raised its tuition and fees rate by 11.7 percent for 1987-88, Western Michigan rates went up 9.5 percent, and a number of the remaining institutions' rates increased between 5 and 11.7 percent. The Board will be sent a copy of the specifics as soon as the information is accumulated.

Mr. Jerry Woodcock, Vice President for Business Affairs, noted that the state appropriation figure of $13,846,599 which Dr. Ryder had quoted differs from the $13,794,055 shown on the budget document because our fiscal year begins July 1st, while the State's fiscal year begins October 1st. Due to Forward Funding the amounts are about the same, but not exactly.

President Ryder indicated that several major initiatives would be pursued in this budget. Eight new faculty positions have been added to keep pace with growing enrollments. We had asked for 24 new faculty members in a Program Revision Request, which would bring us up to the level at which we should have been, even before this year's enrollment increase. Realizing that the legislature couldn't do that all at once, we asked them to provide eight new faculty positions this year and eight in
each of the following two years. Faculty must be recruited beginning in the Fall, even though you don't know whether or not the State will allocate the money until July.

Dr. Ryder stated that compensation increases, needed to attract and retain well-qualified faculty and staff, will range between four and six percent. Some already are established under existing contracts, while others are being negotiated. Part-time faculty also will have higher salaries under the new budget, with $232,000 set aside to hire additional instructors and to set higher pay scales for current adjunct faculty.

SVSC contributions toward financial aid for students will increase by $100,000, and the half-time affirmative action position established this year will be carried forward. A newly revised edition of the Affirmative Action Plan will be given to the Board for review so that the revisions can be adopted in December.

A larger share of library acquisitions will come from the College's General Fund, as part of a five-year plan to replace funding from a $1 million gift from the Wickes Foundation.

Although a Program Revision Request of $500,000 for instructional computing was not funded by the state, SVSC will commit $450,000 for that purpose over a five-year period, with the expectation that the state will come in and support that PRR.

Additional funding of $14,000 will be provided for faculty release time to assist offices of the deans in their
administrative responsibilities.

Mr. Klykylo joined the meeting at this time.

Dr. Ryder noted that the State Audit included a request that we provide for an internal auditor. We have agreed that it is needed at this point in time, but the costs would be too great for this particular budget. However, $10,000 has been allocated to upgrade one of our existing people to move into this role in the future, or to provide it on a part-time basis from external sources.

Other items in the budget include an average 5 percent increase in the normal supplies and equipment budgets for Administrative units. Although the need is greater, constraints on resources require the limitations.

In addition, the budget includes $20,000 for the Administrative and Business Affairs area, $5,000 for Student Affairs, and $5,000 for units in the Office of the President. These special amounts will be used either for equipment or supplies but are far less than what is needed.

Adjustments to academic department budgets included the 5 percent increase plus the lab fee income budgeted at $93,000 plus $53,000. The net increase is $104,000 which should allow substantial progress toward meeting supply and expense and equipment needs in the academic area. The rationale for the adjustment was based upon a comprehensive study of the academic department budgets in peer institutions. Based upon the average
expenditures in these institutions we found some of our department budgets were above and some below. Dr. Yien and the deans will work to make the appropriate adjustments.

Directors' and officers' liability insurance coverage has been increased to a higher level at a cost of $25,000. Some items were omitted from the budget because of insufficient resources. Several administrative offices will wait for equipment needed to improve their operations, and staff will not be added to the budget office or the campus activities area.

Mr. Woodcock distributed copies of the General Fund Budget Summary which compared Fiscal Year 1987-88 to 1986-87. (See Appendix 3: Summary)

President Ryder then reviewed the General Fund Budget Summary for Fiscal Year 1987-88. (See Appendix 2: Budget) He noted that given a different legislature, a different administration, and particularly hard times, it's not inconceivable that Forward Funding may not be provided, which would leave SVSC with $1,981,475 to make up.

Mr. Woodcock indicated that he thought that the sunset date would either definitely be extended one more year or that the date itself might be eliminated. Mr. James Muladore, Controller, stated that he anticipated that the date would be extended to September 30, 1992. Mr. Braun requested that the Board be given further information regarding the status of the sunset date as it becomes available.
Dr. Ryder reviewed the Analysis of the 1987-88 State Appropriation Increase, which showed a 5.66 percent increase for General Operations; a 1.84 percent increase for the one-time allocation for enrollment growth; and a 5.62 percent increase for the New Facilities Start-Up. This represents a total increase of 13.12 percent. He noted that it was important that the Board recognize that the 1.84 percent one-time allocation for enrollment growth is being used as if it were going to continue: if it does not, it could hurt us in the ensuing year.

Mr. Braun stated that he was very strong on the need for an internal audit function, which he felt is already being carried out, although perhaps not under a formal program. He added that doing it on a part-time basis is perfectly acceptable. He was concerned though, that it be done in a way that fulfills the function for the Board that an internal audit for an organization like SVSC should conduct, because, aside from directors' and officers' insurance, nothing is more important to limit the potential liability of Board of Control members than a functioning operational internal audit program. It is very important that it have a regular reporting function through the Business and Facilities Committee and that the reporting through to the President and the Board be handled in traditional audit committee manner.

Mr. Woodcock responded that, in his discussions with the President, it was decided that this is step one; it is intended
that in two or three years this be a full-time operating function.

The resolution was APPROVED unanimously.

5. Motion to Elect Board of Fellows Members

BM-724 It was moved and supported that the attached slate of active and emeritus members be appointed to the Board of Fellows. (See Appendix 4: Board of Fellows)

Dr. Ryder stated that the Board of Fellows is an advisory board to the President and the Board of Control. Its fundamental responsibilities are to provide a communications link with the community and to provide advice to the President and the Board.

Members who have served for a number of years may withdraw from service and become Emeritus members. (If approved by the Board of Control.)

Dr. Ryder then reviewed the list of candidates. He noted that there are two or three spots still to be filled on the Board. Their names will probably be brought to the Board of Control in October.

The motion was APPROVED unanimously.

6. Resolution to move to Executive Session for the purpose of discussing collective bargaining at 11:30 a.m.

RES- 757 It was moved and supported that the following resolution be adopted.

WHEREAS, Saginaw Valley State College is currently negotiating a contract agreement with the Saginaw Valley State
College Faculty Association, and

WHEREAS, the open meetings legislation allows for a closed session of the Board of Control to discuss negotiation of a collective bargaining agreement.

NOW, THEREFORE, BE IT RESOLVED, that in accordance with Section 15.268 of the Open Meetings Act (P.A. 1976, No. 267), we adjourn into closed session for the purpose of discussion of negotiations with the Saginaw Valley State College Faculty Association.

There was no discussion.

The resolution was APPROVED unanimously.

V. INFORMATION AND DISCUSSION ITEMS

7. Japanese students

Dr. Eugene Hamilton, Dean of Continuing Education and International Programs, introduced Professor Takao Tanaka, from Shikoku Women's University, who has been here as an exchange professor since January of this year. Twelve exchange students from Japan were introduced, as were the coordinators of the program. Dr. Hamilton also reported on their activities and the recently completed visit by Korean students.

8. Personnel Report

The Board received a personnel report listing recent additions to faculty and staff. (See Appendix 5: Personnel) Chairperson Saltzman inquired how many of the new employees are minorities. She asked that when the Affirmative Action report is reviewed that this information be prepared for the Board. Dr.
Ryder replied that the Board will be getting information for their review, with the idea of the last discussion being held in November and the final action in December. He added that an assessment of the percentage of women and minorities employed at SVSC could be readied for the next Board meeting.

9. Introduction of Dr. David Nelson, Dean of the School of Education

Dr. Yien, Vice President for Academic Affairs, introduced Dr. Nelson, who has 20 years of experience in both public school and higher education, and has two Masters and one Ph.D.

Dr. Nelson expressed his appreciation to the search committee, and commended the faculty for their thoroughness. He stated that there is a tremendous level of opportunity in the School of Education at SVSC at this point in time. A number of situations which need attention are being reviewed and many solutions have been found. The bread and butter of the School of Education continues to be its undergraduate programs in Elementary and Secondary Education. A tremendous amount of support has been received from the deans and other academic areas. Teacher education is in a real positive position at SVSC.

Dr. Nelson indicated that he likes to work with and seek the cooperation and support of outside individuals. He has met with all of the area superintendents and is working with other administrators and teachers in this area, because what
individuals external to this institution have to say about how we develop our teacher education candidates is very important.

There is a tremendous level of interest at the graduate level. Preliminary enrollment figures indicate that we are substantially ahead of where we were a year ago.

Dr. Nelson added that he was very pleased to be at SVSC and that the School of Education is going to be in a tremendously positive mode. The faculty and staff are going to work vigorously to establish a team effort, so that everyone can feel good about what they do.

Paul Saft, Registrar, reviewed the RP596 Enrollment Comparisons (See Appendix 6: Summer Enrollment), which showed summer enrollments were up by 9.2 percent, with an 11.2 percent rise in total credit hours. Mr. Saft noted that the returning student population has been the strength of our enrollments.

11. Preliminary Report on Fall, 1987 Registration

Mr. Saft reported that present enrollments for fall semester are up 12.4 percent over the same period last year, and students have signed up for 12.9 percent more credits than the August 15, 1986 total. (See Appendix 7: Fall Registration)

Mr. Saft noted that once again the returning student population is leading the way in the percentage of increase.
Mrs. Woods commented that she felt that the high percentage of returning students was an excellent indication of the quality of our programs. Mr. Saft replied that he felt this was a result of the long range planning which was done in 1981-82 when there was a campus-wide review of retention.

Dr. Ryder pointed out that we have been attempting to keep the new student number the same as it was last year. He also commended Mr. Saft for his important contributions to SVSC over the past seven years.

12. Preliminary Report on Residence Halls and Apartments

Merry Jo Starrine, Director of Housing and Residential Life, reported that requests for housing are up 6 percent over last year, with five students waiting for dormitory space and only one family apartment remaining in the Pine Grove complex. (See Appendix 8: Housing)

13. Fine Arts Center

Dr. Ryder reported that the Arbury Fine Arts Center will be open for fall classes, but the dedication of the center will be postponed from the tentative October date to allow for completion of work in the Marshall Fredericks Gallery and placement of sculpture and displays. The dedication will either be held in December or next spring.
15. **Report on Administrative Council Planning Retreat**

Dr. Ann Dickey, Director of Institutional Research and Planning, reported that the Administrative Council meets each summer for approximately three days to complete the assimilation and use of the plans that various departments, deans and administrators have made during the past year. This year, two of the three days of the planning retreat were devoted to getting a head start on the planning for next year.

One of those days was spent meeting individually with the superintendents of the Bay City, Saginaw and Midland school districts. The school administrators told council members that Michigan will not suffer a teacher shortage in most disciplines in the foreseeable future. Relatively high pay scales attract teachers from out of state, and all local schools report numerous applications for every posted opening. We should be aware of certain critical shortage areas and we should be encouraging our graduates to make applications all around the nation rather than just here in Michigan. The rewards and image of the teaching profession must be changed so that the brightest and best students are attracted. International Education should be re-emphasized. Pedagogy and classroom management skills should be stressed.

The Council also met with representatives of three major area corporations who spoke about employee training. Representatives were present from the Dow Chemical Corporation,
General Motors Central Foundry, and Dow Corning. Lifelong education will be even more important in the future than it is now. Dr. Dickey explained the Interactive Video Learning Program at Dow Corning.

The General Motors Central Foundry representative reported that GM has not been hiring and does not expect to be doing so this year. They are emphasizing training more than ever, stressing quality improvement and control.

Dow Chemical employs 101 SVSC alumni; Dow Corning employs 67. Both corporations gave our graduates excellent job appraisals and felt that the College does not yet have the reputation that it deserves with their companies. Dr. Dickey stressed that, with our help and theirs, information will be disseminated about our graduates and how well they're doing.

IV. OTHER ITEMS FOR CONSIDERATION

16. Committee Assignments

Chairperson Saltzman stated that, after looking over the members' tenure on the committees, it seemed a good idea to retain the same memberships as last year with Ms. Munoz appointed to the Business and Facilities Committee and the Finance and Audit Committee. She asked the Board members to contact her if they preferred to be on the other committee; that the only fix is that the treasurer must be on the Business Committee. She suggested that perhaps next year two people could be rotated from each committee.
BOARD OF CONTROL
Regular Monthly Meeting

Dr. Ryder pointed out that we should begin using the new committee titles as adopted today by the Board. (See Appendix 9: Committees)

17. Michigan Association of Governing Boards

Chairperson Saltzman asked the Board members to tell her if they were interested in serving on the Michigan Association for Governing Boards. She would like to announce these appointments at the next meeting. SVSC is entitled to two delegates and one alternate.

She also asked if one of the Board members (male or female) would like to serve as liaison to an MAGB committee exploring opportunities of women in higher education institutions.

18. Joint meeting with Delta College

Mrs. Saltzman stated that she and Dr. Ryder had met with the President and the Chairman of the Board of Trustees of Delta College regarding the joint meeting with them in November. After our committee meetings in November, there will be a lunch meeting and then a joint meeting of the Boards in the afternoon as well as a tour of the Delta campus.

VII. ADJOURNMENT

Chairperson Saltzman adjourned the public meeting at 11:40 a.m.
VIII. EXECUTIVE SESSION

The Board reconvened in Executive Session at 11:50 a.m. for the purpose of discussing collective bargaining and adjourned at 12:45 p.m.

1. ON plus OFF headcounts equal more than TOTAL due to dual enrollment.
2. First Time In College (F.T.I.C.) is included in New counts.
3. Registration days left: Fall '86 - 8, Fall '87 - 5 plus four days late registration each year.
4. Fall '87 has dis-enrollment for non-payment of fees during the week of August 10. This process was already completed during the equivalent time period in Fall '86 when 270 students and 2,746 credits were dropped.
5. Adjusting the Fall '87 enrollment for the Fall '86 dis-enrollment would leave + 5.6% in headcount and + 6.3% in credits.

6. Reimbursement requests may be reviewed by the Treasurer of the Board to determine whether expenses are actual, reasonable, and appropriate.

7. Any disputes between a Board member and the Treasurer, or the President regarding reimbursable expenses will be resolved by the Board.
1. Fiduciary Responsibility: Members of the Board of Control serve a public-interest role and thus all decisions of the Board are to be made solely on the basis of a desire to promote the best interests of the College and the public good.

2. Disclosure: In the event the Board must consider any transaction for the College which involves; 1) a member of the Board and his/her spouse, or a member of either family including parent, sibling and children, or 2) an organization with which the member of the Board is affiliated, that Board member shall, at the first knowledge of the transaction, publicly disclose the general nature of the interest or involvement.

In addition, an annual disclosure, by the filing of the Conflict of Interest Questionnaire, is required of Board members concerning all relationships and business affiliations that reasonably could give rise to conflict of interest involving the College. This disclosure shall be kept current, as set forth below. For the purpose of this policy, affiliation is understood to prevail if the Board member, or a member of his family:

a. Is an officer, director, trustee, partner, employee or agent of such organization; or

b. Is either the actual or beneficial owner of more than 5 percent of the voting stock or is classified as a control person of such an organization, or

c. Has any other direct or indirect dealings with such organization from which he or she knowingly is materially benefited.

Annual disclosures required under this policy must be directed in writing to the College’s independent auditor, who together with the College counsel, shall be responsible for the administration of this policy.
3. Restraint on Participation: Board members who have declared or have been found to have conflict of interest in any matter before the Board shall refrain from participating in consideration of the proposed transaction, unless for special reasons the Board or the administration requests information or interpretation from the person or persons involved. The person or persons involved should not vote on such matters.

Any Board member who is uncertain about possible conflict of interest in any matter, may request the Board to determine whether a possible conflict prevails; the Board shall resolve the question by majority vote. The question of potential conflict may be referred to counsel for an opinion prior to the Board’s vote.
