He is the first Michigan-born Speaker in 20 years, the first Saginaw County lawmaker to become Speaker, and the 77th person to hold this position.

A 1964 graduate of Birch Run High School, Mr. Dodak, who is of Slavic descent, was raised on a farm in Saginaw County. His family still owns and operates the farm. Growing up in a large farm family instilled in Mr. Dodak the important values of family, hard work and sincerity. THE 1989-90 LANDEE/TEACHING EXCELLENCE AWARD

W. LESLIE WHITTAKER
PROFESSOR OF ENGLISH

W. Leslie Whittaker, a 1989-90 Landee/Teaching Excellence Award recipient, joined the SVSU faculty in 1966 and attained the rank of professor in 1974.

Dr. Whittaker could be described as a "Renaissance man," holding academic credentials and achievements in a variety of fields. He has continued formal study throughout his life, earning his most recent degree, a Juris Doctorate from Wayne State University Law School, in 1984. Other earned degrees include a B.A. from Manchester University, England; an L.R.A.M., Royal

Dr. Whittaker's extensive service to the University includes two years as president of the faculty senate and chairman of the executive council. He has served as chairman of the humanities division and chairman of the English department, as well as serving on a variety of other campus committees during his 24-year career at the University. He coordinated the SVSU summer theater program for two years.

Community service has been an important aspect of Dr. Whittaker's career, and includes such diverse activities as service on the board of the Saginaw County Anti-Poverty program, contribution of legal skills to various non-profit agencies and speeches and presentations at a wide variety of public service functions. He has worked with the Saginaw Chamber of Commerce on numerous workshops and he has taught in an inner-city education program for school drop-outs and problem learners.

He has presented papers on much of this research at state, regional and national conferences. He also has co-edited two collections of short stories and written theater scripts based on the lives of noted literary figures.

Although at 71 Dr. Whittaker is past the age many choose to retire, he continues to teach full-time. "I like to think of passing on to a new generation my own sense of zeal and perspective of what learning is all about," he notes.

ACADEMIC ATTIRE

Traditions for recognizing academic accomplishments with ceremony, color and distinctive dress have existed for several centuries, dating to European universities of the Middle Ages. The academic regalia worn by participants in today's commencement procession symbolizes the degrees held and the institutions where degrees were earned. The style of these caps, gowns and hoods evolved from costumes worn during early religious processions to distinguish church and university members from the laity.

Bachelor's and master's degree gowns traditionally are black, although some universities prescribe a school color for their graduates' gowns. The bachelor's gown has long pointed sleeves while the master's gown has a sealed oblong section at the wrist. Doctoral gowns are identified by bell-shaped sleeves with velvet crossbars.

The length of the academic hood, which drapes over the back of the gown, denotes the wearer's academic achievement. The hood's length, width, color of trim and the color or colors of the lining all are symbolic. Linings, exposed in the center of the hood, indicate the colors of the degree-granting institution. For Saginaw Valley State University the colors are cardinal red and royal blue. The trim — satin for a master's degree, velvet for a doctorate — reveals the wearer's major field of study. Width of the trim is two inches, three inches and five inches for the bachelor's, master's and doctor's degree, respectively. The master's hood is pointed; the doctor's hood is bell-shaped. The hood's length is three feet for the bachelor, three and a half for the master and four for the doctor.

The customary head covering is either the mortarboard or a soft beret modeled after the cap of Cambridge University. The tassel on the cap may be black or a color indicating the degree.

The SVSU Board of Control and the President wear regalia especially designed for them in SVSU's colors. Members of the governing board of an institution are entitled to wear doctoral gowns regardless of their academic degree.

THE SEAL OF SAGINAW VALLEY STATE UNIVERSITY

The triangle within the SVSU seal symbolizes the geographical area formed by Bay City, Midland and Saginaw. It denotes the linking of three separate communities and surrounding areas through an institution dedicated to higher education.

Three symbols within the seal are of Egyptian origin. The figure at the top represents life, denoting that education is an ongoing, life-long process and has a value that lasts forever.

The symbol at the lower left represents light — perhaps the inner light. It recognizes that our knowledge is a torch of smokey pine that lights the pathway but one step ahead. Standing opposite the light of knowledge in the lower right corner is a staff, which stands for strength. This may be regarded as an appeal for the endurance necessary to search for and find the truth, as well as the strength to speak and live it.

The year of the University's founding, 1963, appears below the triangle.

Saginaw Valley State University was founded in 1963 as a private institution to meet higher education needs in east-central Michigan. In 1965, Saginaw Valley College (SVC) became state-assisted. In 1975 the name was changed to Saginaw Valley State College (SVSC) and, in 1987, the institution achieved university status (SVSU).

There were just 119 students when classes began in 1964, but strong academic programs, reasonable costs and a variety of extra-curricular activities attracted growing numbers of students. Today, nearly 6,000 people from Michigan, several other states, and 16 nations are enrolled in more than 60 programs of study leading to bachelor's and master's degrees. International exchange and guest professors and students and an active international program bring the added dimension of other cultures to SVSU.

The primary mission of the University is to promote the intellectual and personal growth of students. A highly qualified faculty, most of whom hold terminal degrees, teach in both day and evening classes. The average class size is under 25 students, so instructors can give personal attention to individual needs. As an important part of its mission, SVSU fosters research and creative activities. The goals of the research program are to extend knowledge, inspire superior teaching, and contribute to the intellectual, social and economic well-being of the region.

Community service is another element of the University mission. SVSU sponsors continuing education courses, conferences, workshops, entrepreneurship and technology transfer efforts. Cultural events, many campus activities and the library are open to the public.

The University has a 782-acre campus located on M-84 (Bay Road) within the triangle formed by Bay City, Saginaw and Midland. Excellent transportation routes (I-75 access within three miles) connect the rural campus with urban centers.

SVSU is one of the most modern centers for higher education in the state. Recently completed construction projects totaling over \$60 million complement facilities built between 1966 and 1978 to provide an attractive, barrier-free campus. *The Science Building* and *Maurice E. Brown Hall* opened for 1986 fall semester classes. *The Melvin J. Zahnow Library* opened early in 1987, and the *Dorothy (Honey) and Ned S. Arbury Fine Arts Center* and *Marshall M. Fredericks Sculpture Gallery* later that year. Other facilities include *Pine Grove Apartments*, a 40-unit student housing complex, and the *Administrative Services Building*. *The Ryder Center for Health and Physical Education* was completed in fall 1989.

While these added facilities are important assets in meeting the University's mission, the essence of a university is not bricks and mortar, but the people who teach and learn within a building's walls. The employment and retention of highly qualified professionals to its teaching faculty and support staff is a primary goal of the University.

The physical facilities, coupled with the commitment of SVSU personnel to serve the needs of the Saginaw Valley region, promise a bright future for the University and the people it serves.

THE MACE

The mace carried by the marshal in the academic processional is a symbol of authority traditionally used in Britain and Canada for the opening of parliament. The name derives from the Latin *mateola*, meaning mallet or staff. In the Middle Ages, such staffs, with a metal ball at one end, were used as weapons.

SVSU's mace was designed by Victoria Gillespie, wife of SVSU Professor Thomas Gillespie. The handcrafted mace was constructed with a wooden handle and metal head. A message intended to be opened and read after 20 years was placed inside the metal head. However, a campus fire in 1985 prevented that historic occasion.

Although it was feared the mace had been totally destroyed by the fire, eventually the charred head was recovered. Mrs. Gillespie constructed a new handle, cleaned the head, replaced a red stone set in it and had a carpenter construct a box for storing the refurbished mace.

The mace is used each year during Commencement ceremonies, as well as on other auspicious occasions.
