Following Ken Burrows's report I have changed some of the names in my typescript of THE THIRD TWIN. Would you please run checks on the new names?

Berisford Jones has become Berrington Jones  
Paul Barck has become Preston Barck  
Dorothy Dickson has become Donna-Marie Dickson  
Detective Brian Allison has become Detective Brian Allaston  
Maurice Bell has become Maurice Obell  
Penny Walters has become Penny Watermeadow  
Robert Sample has become Robert Sandilands  
Pete Watson has become Pete Watlingson  
The Cotswold Clinic has become the Aventine Clinic  
The Control Data Center has become the Command Data Center

Ken also requests further checks on some names. If possible, could you please:

verify there is no anthropologist in the US called Will or William Temple;  
verify there is no attorney in the US called Henry Quinn;  
verify there is no attorney in the US called Russell Brewer.

Please fax a copy of your second report directly to Ken Burrows to save time.

Let me know how soon you can do this. As I am about to deliver the final typescript I would be happy to pay your "rush" rate on this job.

Best regards,

Ken.
