*Dear Ken,*

When I was trying to think of source material for your research on the WWI era, I remembered a family archive I've had in my keeping for the past 15 years.

So herewith, an original-source source-- my father's 55 page memoir of his battles in the trenches of France, WWI.

I hope you find it helpful. I think it's wonderful, but then I'm his daughter.

*Pat*

P.S. This is a xerox so you needn't worry about returning it.
