

MEMORANDUM

TO: Ken Follett
FROM: Merv Stauffer 
DATE: December 6, 1982
RE: Telephone Conversation with Glen Jackson

Page 240 Page 4 -- The referenced date was the morning of 19 January, not February.

Page 263 Lines 1 and 5 -- Technically, all astronaut communication was through Capsule Communication (CAPCOM). Jackson did initiate the questions. Again, technically it is incorrect; but, perhaps it is O.K.
