SAGINAW VALLEY COLLEGE

THE INTERIOR

Three more administrative changes were announced by Dr. Samuel D. Marble, President.

Eugene Hamilton will be the new Director of Cooperative Education. Hamilton's position as Director of Financial Aid will be filled by Paul S. Gill. A new Admissions Director will be named later.

John Broadfoot will be the new Director of Evening College. He will also have charge of Continuing Education.

Hamilton and Broadfoot will be under the general supervision of Dr. William H. Capitan, Academic Vice President.

As Director of Co-op Education, Hamilton will work closely with the Director of Engineering and Technology. This position as yet is unfilled, but a director is expected to be named by September.

-----

We have been successful on three requests for grants. The National Science Foundation has granted the college \$7,900 for the purchase of chemistry equipment. The proposal was prepared by Dr. Phil Kumler and the other chemistry department professors.

Dr. Curtis McCray and Dr. Capitan have received \$2,000 from the Strosacker Foundation to finance an experiment in Applied Philosophy next fall.

Dr. Marble has been notified that the Kresge Foundation will release \$100,000 to SVC for winterizing the summer theatre. Hopefully, work on this will start soon.

-----

Saginaw Travel Service is offering SVC faculty, alumni, and students a 3-day 2-night Show Tour to New York. Those interested should contact the travel agency. A minimum of 25 persons per trip is required for the special rate which includes round-trip airfare, hotel, tickets to two Broadway shows, and after theatre dinner at a Manhattan Club.

-----

Don't forget special faculty and student rates for the "White Horse Inn", our Ron Kieft's fine production at the Fischer Opera House, Frankenmuth. Faculty and students get in at the special rate of \$1 each. But make reservations in advance. We hear, from Frankenmuth, the show is already approaching sellout proportions. Dates are between July 17 and August 5.
