Earlier fears of stringent budget conditions for 1975-76 have been eased by Governor Milliken, who said his original statement had been misinterpreted. Last Tuesday, he told State college presidents there will be more money for colleges in 1975-76 than in 1974-75, and there will be money for growth through new programs.

Besides naming Dr. Jack M. Ryder as SVC's new President last Monday, the college's Board of Control also:

- appropriated \$51,487 from Unclassified Investment Income in the Designated Fund for operating expenses for the Development Office during the 1974-75 fiscal year;
- approved a resolution to permit dorm students to purchase an overnight parking decal and special Kard-Kontrol for Lot B;
- appropriated \$150,000 for plans and groundwork for the new athletic stadium which will be located north of Pierce Road and west of Davis Road;
- accepted a low bid from the Kirchman Brothers Company of Bay City for installation of booths in the Snack Bar of Doan Center by November 15; and
- discussed ways to finance the \$2,200 needed for a reciprocal visit from Poulton-Le-Fylde College in England, who hosted SVC's students last spring.

The College of Education, in cooperation with the Office of Continuing Education, is again offering off-campus MAT courses to the Macomb Intermediate School District. During the summer, the program had 81 students enrolled, and 97 students have registered this fall. Dr. Guy Lee is director of the project.

Dr. Sam Sarkar presented a paper before the Great Lakes Power Club meeting Friday at Bay Valley Inn. The paper presented his research on the effects that rapidly increasing energy costs will have on our society's economics, institutions, and activities. The Great Lakes Power Club is an association of electric utility engineers from Michigan, Indiana, Illinois, and Wisconsin. These engineers work primarily with industrial and large commercial customers, coordinating the customers' needs with utility construction and service.

The October meeting of the American Chemical Society will be held in the Wickes Lecture Hall today at 8 p.m.

Ninety-six students were named to the Dean's List for the summer semester.
