SVSC's State appropriation has been cut $50,000 in the newest announcement by Governor Milliken as the State strives to get its budget in balance. This compares to the $300,000 cut announced for the college earlier. The earlier reductions were rejected by the State Legislature. It is understood the new reductions will be approved by the Legislature. Dr. Ryder has not announced how the $50,000 will be taken from the college's budget.

In addition to the $50,000 slice, the college still must solve its utility cost increase. This increase is estimated at $90,000 this fiscal year.
