CAMPUS NOTES

June 1, 1976

It is possible that a tornado could hit the campus. Because of that possibility, a system has been established to alert people to the potential of danger on days of threatening weather. In the event of a "tornado alert" the corridors in Wickes Hall and Doan Center should be avoided because of the glass. The Wickes Annex should be vacated, and personnel there should go to Wickes. The period of danger is relatively short, so you won't have to be away from your office for an extended period. The following have been designated wardens for the dissemination of information to be relayed by Zane Rybkowski, chief of security.

WICKES ANNEX: Stuart Gross and secretary; WICKES THIRD FLOOR: Richard Thompson, Gary Apsey, John Broadfoot, Ray Voelker; WICKES SECOND FLOOR: Faculty secretary, Phil Kumler, Walt Rathkamp, offices of three universities; WICKES FIRST FLOOR: Library circulation desk; DOAN CENTER: Emerson Holliday, Campus Life office; DORMITORIES: John Burkhardt; GYMNASIUM: Mike Mills; '66 AND '68 BUILDINGS: Robert Becker, Robert Hanes, Bill Byas, Tom Gillespie, Richard Mock; THEATRE: the office; CHRYSALLIS: office; and RAUSCH HOUSE.

Officer Guadalupe C. Martinez, Jr., of the campus security force, has graduated from the Northeastern Michigan Basic Training School at Delta. The training included 256 hours of course work for police recruit trainees. This training is required by State law. Martinez is the first police service officer at SVSC to complete the program.

Enrollment for the Spring Term is 1,421 students, up 4.7 per cent over the 1975 term when 1,357 registered. Credit hours generated are 6,900 this year, up 3.1 per cent over spring '75 when there were 6,695 credit hours. There are 906 students registered for the summer term. These students have signed up for 4,500 credit hours.

Work has begun on remodeling the two rest rooms on the north wall of the second floor in Wickes Hall. These rest rooms will be turned into laboratories for Biology, one for plants, the other for animals. Work on remodeling the library is expected to start this week.
