FREE ARM CHAIR VISIT TO POLISH CITIES COMING

Your chance for a brief escape from the spring thaw will come at 6:30 P.M. on Sunday, April 3, in the Wickes Lecture Hall.

That's when SVSC's Institute of Polish Studies will present two free movies. Viewers will get a modern day look at Poznan, the second of Poland's four capitals and an important center of culture and trade. Emphasized will be this city's relationship with the west, as shown through twice-yearly international trade fairs. Poznan presently has a half-million residents and is a beautiful modern city, having been rebuilt after the devastation of World War II.

Also to be shown is the story of Royal Castle, the symbol of Polish royal tradition, which was completely destroyed with the rest of Warsaw during World War II. Warsaw and the castle will be shown in historical perspective. The people of Warsaw began to rebuild the castle immediately following the war, when it became the symbol of the reconstruction effort and the spirit of Polish independence.

Dr. Anna R. Dadlez, Institute Director, will introduce the movies, which have an English commentary. According to her, admission is free and the public is welcome to attend.

MAJOR PRODUCTION OF "ROMEO AND JULIET" COMING

ROMEO AND JULIET, the exquisite tragedy of youthful, romantic love struggling to assert itself in a society filled with suspicion and rivalry, will be performed live by The National Shakespeare Company at the Theatre on Friday, April 8, at 8:00 P.M. The production is being sponsored jointly by the SVSC Program Board, Campus Life Department and the School of Arts and Sciences.

Play director is Philip Meister, artistic director of The National Shakespeare Company and a veteran of 25 years of off-

Broadway theatre. According to him, "the production is classical, reveling in the rich traditions, pageantry and lushness that the authentic spirit of the play evokes."

The settings by Associated Theatrical Designers, Ltd. capture the grandeur of Renaissance Italy, in which the action unfolds. Elegant, voluminous costumes used in the play were designed by Sharon Hollinger, whose versatility is demonstrated through her work for a number of ballets, opera houses and for a full range of Shakespearean plays produced by The National Shakespeare Company over the past five years.

A cast of witty, dotting, eloquent, sardonic, earthy and very human people... add warmth, humor and realism to the texture of the play. Tickets are available at the Activities Office for $3.50. Further details can be obtained by calling Ext. 525.

MIND CONTROL EXPERT TO ENTRANCE AUDIENCE

James J. Mapes, well-known for his stage, radio, television and film appearances, will bring a program combining extra-sensory perception (E.S.P.) and hypnosis utilizing total audience participation to the Theatre on Friday, April 15, at 8:00 P.M.

Earlier demonstrations by Mapes of E.S.P. and hypnosis have shattered campus audiences nation-wide. At SVSC, he will show how to improve concentration and memory, self-confidence, creativity and motivation.

The author of two books on the "Power of the Mind", Mapes has appeared on television shows including Star Trek, Mod Squad, Mission Impossible, and in movies such as Taxi Driver, Three Days of the Condor, Sisters, and Taking of Pelham 1-2-3. POULTON-LE FYLDE GROUP ARRIVING HERE SUNDAY

Three faculty members and ten students will be arriving on campus from Poulton College, England, next Sunday, March 27, and will be here until Thursday, Apr. 14. Because the group will be staying in dormitories on campus, they will miss an experience of American life close to the family and home unless invited to share some time with members of the SVSC community.

If you could invite one or two students to stay with you from Friday, April 1, through Sunday, April 3, the result would be a two-way cultural enrichment. Contact Kay Harley at Ext. 215 or Leslie Whittaker at Ext. 378.

The majority of this year's group is in their early 30's, with several younger and a few older. They would also be free to accept an invitation to share time with you for virtually any evening from Monday, March 28, until April 13. The students will be staying in dorm suites C-6 and C-8, and you may contact the women at Ext. 423 or the men on 421. The three faculty persons will be staying with Tom and Pat Herron and may be reached at 777-4127.

The Faculty Association invites you to share coffee and donuts with our guests from Poulton on Monday, March 28, between 10:30 & 11:30 A.M., thus giving you a chance to welcome them and show them we are glad they flew 3,000 miles to be with us. The Poulton students or faculty will also be available to visit your class, if a sufficient amount of advance notification is received.

A coach/sponsor tournament will be held on Monday, June 6, for major sponsors and invited guests to play the Bay Valley course with visiting golf coaches. All tournament expenses will be covered by private contributions, primarily from area businesses and industry.

This will be the third national tournament in which the Cardinal team has participated. In 1974 at Aberdeen, South Dakota, they placed 13th out of 33 teams.
