## "MYSTERY PEOPLE" HERE AGAIN THIS WEEK

Be sure you're wearing your "Grow With SVSC" name badges this week, as the "mystery people" who will be deciding the winner of a \$200 cash prize are going to be out in full-force. Be sure your mystery person gives you a blue "Grow With SVSC" dated card when you're spotted wearing your badge. The SVSC employee with the most blue cards next April will win the cash, and there'll be other prizes for close finishers. So keep your badge on! It extends a friendly welcome to students and visitors and can win you \$200!

If you have lost or misplaced your badge, a few are still available at the Office of Information Services by phoning Ext. 207. If your name is listed incorrectly, let us know and a new name strip will be sent.

The white flap on the back side of your badge can be used for attachment to your pocket, belt or waistband if you're concerned about the pin making holes in double knits or silk clothing.

## HOMECOMING ACTIVITIES STEP OFF NEXT MONDAY

A Monday, October 3, spectacular total audience participation program will kick off activities for SVSC's 1978 homecoming week. James J. Mapes, a hypnotherapist practicing in New York City, will bring together unique mental powers and a flair for the stage in his 8:00 P.M. "Power of the Mind" program in the College Theatre.

By combining extrasensory perception (E.S.P.) and hypnosis, Mapes will attempt to find a therapeutic solution for persons bothered by negative habits like overweight, smoking and nervous tension. Well-known for his stage, radio, television, and film appearances, he has been giving demonstrations nationwide which have shattered campus audiences. At SVSC, he will show how to improve concentration and memory, self-confidence, creativity and motivation.

Tickets are still available through the Campus Activities Office by telephoning Ext. 525. Cost is \$2.50 for the general public and \$1.50 for students.

#### DINNER THEATRE ALSO PART OF HOMECOMING EVENTS

"The Diary of Adam and Eve," a jolly musical by the composers of "Fiddler on the Roof," will be presented at SVSC's Doan Center on Wednesday, Oct. 5, during a 6:30 P.M. special dinner theatre performance. The live play will be a highlight of the annual fall homecoming week.

Based on a famous short story by Mark Twain, the performance will feature the Alpha-Omega players, a national touring group from Rockport, Texas who have received critical acclaim for their unique production style. The troupe has performed this play more than 2,000 times on college campuses, at country clubs, and military bases across the country.

This musical is the first show by Jerry Bock and Sheldon Harnick to reach Broadway after their triumph with "Fiddler on the Roof" and was a 13-month-long success in New York.

The cast, assembled from all parts of the United States by Director Drexel H. Riley, will include Rosalind Huffman in the role of Eve, while John Westbrook will portray Adam and Paul Pierce will take on the role of the Snake. The musician is Cynthia Coleman.

At a time when nudity occurs in so many stage and film attractions, the characters in this musicaletto in which bareness could be justified will all be fully clothed.

Eight lilting songs carry the action in the play, including the famous song of Eve's, questioning "What Makes Me Love Him?"

Special ticket price for the general public including dinner is \$2.75 per person. Tickets are available by calling the Campus Activities Office at Ext. 525.

#### SVSC PROF TO ASSESS CARTER'S NUCLEAR ENERGY POLICY

Valley residents curious about how President Carter and congress are formulating the nation's nuclear energy policy this month can find out next Thursday (October 6) at SVSC.

Dr. Brian G. Chow, Associate Professor of Physics, will present a public lecture entitled "An Assessment of President Carter's Nuclear Energy Policy" at 7:00 P.M. in the Wickes Lecture Hall.

Chow is author of "Liquid Metal Fast Breeder Reactors -- An Economic Analysis", published recently under the National Energy Project of the American Enterprise Institute for Public Policy Research, Washington, D.C. He is also a special advisor to eleven mid-western congressmen from both political parties and has been in Washington this month briefing the legislators.

Questions Chow will discuss during the free lecture include the philosophy behind President Carter's nuclear policy, as well as the consequences and implications of the President's proposal. He will also describe the role that nuclear energy here and in the rest of the world plays in Carter's energy plan, plus his own view of what the future should be for nuclear energy and fast breeder reactors.

#### FOOTBALL FILM LUNCHEON TUESDAYS

Film highlights of the preceding Saturday's football game will be presented during the remainder of this fall's football season each Tuesday at 12:15 in the Lower Level of Doan Center. Head Coach Muddy Waters will both describe the previous game and give a preview of what lies ahead on the following Saturday. There is no charge for watching the game films, and interested participants should simply go through the regular cafeteria line and come to the lower level.

## SVSC-DELTA CO-SPONSORING PARENT EFFECTIVENESS SERIES

A series of television programs showing an alternative approach to bringing up children will be presented this fall by SVSC and Delta College. "Parent Effectiveness", a thirteen-week series of half hour dramatizations, will debut on Channel 19 beginning Sunday, October 2, at 7:30 P.M. Each program segment will be repeated on Mondays at 2:30 P.M.

The shows are based on an internationally-recognized method for raising responsible children and enhancing the relationship between parent and child. Actors will be used to illustrate various communication skills in dramatized case studies. Scenes from the lives of six fictional families portray familiar problems and conflicts, including television watching, homework, helping with chores, allowance, sexuality, planning a vacation, and choice of friends.

Persons who wish to enroll in the "Parent Effectiveness" course may do so either through SVSC or Delta, for a \$15.50 registration fee. One non-credit Continuing Education Unit (CEU) may be obtained through SVSC.

Four test-seminar sessions are included in the course, as well as the 13 half hour TV programs. The test-seminar sessions will be held at Delta College, and are scheduled for the evenings of October 18, November 15, December 13, and January 10 from 7 to 10 P.M.

Instructors coordinating the course are Drs. Pat O'Conner, Delta, and Leslie Whittaker, SVSC. Those interested in enrolling in "Parent Effectiveness" through SVSC can contact John Broadfoot, Assistant Director for Continuing Education, at Ext. 213 or 214.

## SUGGESTION BOXES SEEKING GOOD IDEAS

Students and college employees are all welcomed to write down their recommendations on how SVSC can become an even better place by depositing their ideas

and recommendations in new suggestion boxes placed around campus. Your ideas will be picked up weekly and routed to the people whose area the recommendations discuss. A response will be given to each suggestion, explaining why it will or possibly can't be implemented and when you can expect to see action taking place as a result.

The boxes are located in the lobby of Doan Center, the southwest lobby of Wickes Hall, the Gymnasium lobby, and the '66-'68 Building next to the Business Office windows. Another will be placed in Pioneer Hall upon completion of the new building.

If your suggestion is creative and innovative and can be incorporated into positive action, you may be invited for membership in the new SVSC Brain Trust and receive a lapel pin for that new organization. Further details are available by contacting John Burkhardt at Ext. 277.

The best suggestions will also be published in future issues of the Interior.

## PRESIDENTIAL COFFEE COMING NEXT THURSDAY

Coffee and doughnuts will be served and all present will have an opportunity to discuss mutual concerns on a casual basis, without speeches. All faculty and support staff members are invited and encouraged to attend.
