CARDINALS LOSE QUARTERFINAL GAME

Although the fighting Cardinal's football team scored first, the Blue Hose of Presbyterian College came back and notched a 36-6 victory Saturday in Clinton, S.C. The quarterfinal contest for the NAIA National Championship pitted the top-ranked Presbyterian team against the 8th-ranked Cards. The Blue Hose now will move on to play Central Oklahoma next Saturday in semi-final action. The winner of that game will advance to the Palm Bowl on December 15 for the National Championship.

Presbyterian's offense was awesome, piling up 487 yards on 93 plays to SVSC's 135 on 57. This included 299 yards rushing to SVSC's 74 on 35 carries. Presbyterian also held the edge in first downs, 26-10.

On the second play of the game, Larry Bee recovered a PC fumble on their 24-yard line. Five plays later, with less than three minutes gone in the game, quarterback Steve Zott passed 12 yards to split end Melvin Mathews for a 6-0 lead and the point-after attempt was wide. PC quarterback James Spence was injured midway through the first quarter and was replaced by 3rd string caller Paul Scott. Spence had been injured earlier in the season, and Scott not only ran faster but clicked on 14 of 15 passes during the afternoon with no interceptions.

From then it was PC all the way, with back Clayto Burke scoring their first touchdown late in the quarter. Just a minute and a half later, Scott threw a 10-yard TD pass to flanker Jay Byars for a 14-6 lead at the end of the quarter.

Early in the second quarter, kicker Chuck Bishop added three on a 23-yard field goal, followed later in the quarter by a 31-yard pass from Scott to split end Jesse Cason for another TD. On the last play of the first half, Bishop kicked a 20-yard field goal, and PC had a 27-6 lead.

There was no scoring in the third quarter, but reserve split end Willie Mason picked up another score on a one-yard run. The final two points came on a safety when punter Fred Holubik's kick was blocked on the SVSC 18 and recovered by us in the end zone.

Some 4,000 spectators jammed Johnson Field and saw PC's Paul Scott named offensive player of the game as he passed for 168 yards and two TDs. PC's Chris Williams was defensive player of the game as he made three tackles and nine assists for a loss of seven yards by the Cards. 47 students journeyed from campus to South Carolina on a chartered bus and the total Cardinal contingent numbered nearly 100 in addition to the team. All were impressed by the "southern hospitality" accorded by Presbyterian College, except for that which came during the game.

NEW CENTER TO TRAIN AND DEVELOP MANAGERS

A new Management Center just established at Saginaw Valley State College will conduct programs for area supervisors, managers and senior executives from both white and blue collar environments.

"We plan to serve the management community in both the private and public sectors," says SVSC dean of business and management Dr. James L. Mitchell.

"Our staff will provide expertise in the areas of management and supervision, labor relations, personnel practices, organization development and needs analysis, including interviews, surveys and assessment centers."

Potential clients for the management center include individuals, organizations and consortiums. In the public sector, open registration programs will be made available to individuals in management and supervision. Representatives of management at any level will be included and announcements for these programs will normally be mailed six weeks in advance to a mailing list now being developed.

In-house programs, tailored to the unique needs of individual organizations will be offered to members of client groups. These programs will generally be conducted on the premises of area businesses and industry or at nearby locations.

Cooperative programs will be offered for consortiums, which are groups of organizations with mutual needs. By working together, smaller organizations will be able to obtain cost

efficiencies and opportunities to share experiences.

Management center director will be Dr. William J. Doll, who is also chairman of the management department at SVSC. Doll came to SVSC in fall 1976 after receiving his Doctor of Business Administration degree from Kent State University in 1975.

His earlier experience includes four years on the corporate systems staff of Burroughs Corporation, Detroit. He has also conducted numerous workshops, has been a consultant to several local organizations and has established management development programs for numerous area groups.

According to Doll, the center will draw on full time instructional staff members at SVSC, as well as consultants from business and government who are successful specialists in their fields. He indicated that these authorities will contribute their expertise to separate elements of single projects.

Information on programs which will be offered by the management center can be obtained by contacting Doll at Saginaw Valley State College, University Center, MI 48710. He can be reached by telephone at 790-4319 (695-5325, ext. 4319 from the Midland area).
