CHRYSTALLIS HOSTS WOMEN'S STUDIES CONFERENCE

"Creative energy" will be the focus of the ninth annual conference of Michigan Women's Studies Association scheduled this Friday and Saturday, May 1 and 2, and hosted by the Chrysallis Center.

Registration begins at 5:00 p.m. Friday evening in SVSC's '68 Building, followed by an informal soup supper at Chrysallis Center. Highlight of the evening is a triad performance featuring weaver Roz Berlin, poet Liz Alberda and dancer Linda Z. Smith. Their presentation, titled "Weaving Poetry into Dance," is set for 7:30 p.m. in Pioneer lecture hall.

Saturday's events begin with coffee and registration at 8:30 a.m. in Pioneer Hall. A series of workshops ranging from creative stitchery through studies of labor laws affecting women to problems and prospects for older women in Michigan will be held throughout the morning.

Keynote speaker for the Saturday luncheon in SVSC's Doan Center is Gwen Frostic. She is a printer, publisher, artist, poet and philosopher whose studio in Benzonia houses a printing press, gift shop and wildlife sanctuary and annually attracts thousands of visitors. Ms. Frostic's address will outline the contributions women have made to society through creative use of energy.

Conference events will conclude with a business meeting, film and social hour. The Michigan Women's Studies Association is an academic/professional organization founded in 1972 to update what is taught about women in schools and colleges. It offers in-service programs to schools and has developed a network of information about women's achievements.

Registration is \$15 for current MWSA members and \$25 for non-members. Tickets for Friday evening programs only are \$6. For detailed information about conference events, accommodations and registration fees, contact the Chrysallis Center by phoning ext. 4267.

64 HONORED FOR VOLUNTEERISM

"When you give of yourself to others, you are rewarded by personal growth and understanding," noted student government president Micheal Kilpatrick during the second annual volunteer luncheon here Monday.

Sixty-four students received certificates honoring them for contributing over 20,000 hours of volunteer effort to 75 human service agencies this school year. Connie Spiker, St. Charles freshman, was named "super volunteer" for her activities at Saginaw Community Hospital. Royal Oak freshman Michael Lage earned an "outstanding volunteer" award for service to SVSC's health center.

Recipients of honorary awards were Ruth and Bob Froese, who work with the Saginaw Big Brothers organization, and Pam Thompson, secretary to SVSC's dean of students. Mrs. Thompson has contributed time and secretarial skills to SVSC volunteer services. Student government representatives also received an honorary award for financial assistance to volunteer projects.

SVSC's volunteer service bureau was formed in 1980 to place students with area agencies. The awards luncheon was co-sponsored by SVSC's volunteer services, dean of students and placement office.

COMMENCEMENT ALL SET: ARE YOU?

SVSC's 16th annual commencement exercises will take place next Saturday, May 9, at 1:30 p.m. in Cardinal gymnasium. If you have ordered guest tickets, they are available now at the office of campus activities in Doan Center and should be picked up as soon as possible.

Faculty and staff members planning to participate in commencement exercises are reminded that academic regalia ordered previously is now ready to be picked up at the bookstore. Please do so as soon as possible, and remember that it is to be returned no later than Monday, May 11.

Because this year's group of graduates will be the largest ever, please plan to arrive upstairs in the gymnasium by 12:30 p.m. to assist with getting everything (and everyone) lined up well ahead of the 1:30 p.m. march. Your helpfulness is appreciated!

FIVE TABBED FOR PRESIDENTIAL SCHOLARSHIPS

Five of the Valley area's top graduating high school seniors have been selected for Presidential Scholarships to SVSC. All rank first in their classes and will graduate in June. Their stipends pay full tuition, fees and book costs of \$4,800 each over four years.

Chosen for the awards are: Dana Lynn Dillon, 3979 W. Lang road, Beaverton. A senior at Beaverton high school, she is the daughter of Mr. & Mrs. Horace Dillon and plans a career in nursing.

Dorothy Ann Eisch, 1516 Vermont, Saginaw. Dorothy will graduate from Arthur Hill high school in June and is the daughter of Mr. & Mrs. Edward Eisch.

Karen Lynn Foulds, 7771 N. River road, Freeland. She is the daughter of Mr. & Mrs. Scott Foulds and will enroll in a pre-medicine curriculum after graduating from Freeland high school in June.

Karen Ann Harvey, 903 Evergreen Lane, Saginaw. A senior at Carrollton high school, Karen is the daughter of Mr. & Mrs. Gary Harvey and will study mathematics and science.

Diane Louise Ziegler, 2883 Ziegler road, Bay City. She will graduate from Western high school, Bay City, and plans a career in business administration. Her parents are Mr. & Mrs. Ronald Ziegler.

BEAUTIFUL MUSIC, SCENERY TEAM UP

Spectacular scenery of Mackinac Island will set the stage for beautiful music when the SVSC concert band travels there this week for a May 1 and 2 concert tour. Accompanying the group will be Royal Harris, tenor soloist with the New York Metropolitan Opera.

Harris is a native New Yorker who studied music at Colorado State University, the Manhattan School of Music and the Julliard School of Music. An exciting popular vocalist, he is equally at home singing oratorio, opera, popular music and gospel.

The spring concert series is a return appearance for Harris, who performed with the SVSC concert band in a previous guest series. Local audiences can hear Harris and the concert band at 3:00 p.m. next Sunday, May 3, in lower level Doan Center. A second concert will be given at the Temple Theater, Saginaw, at 8:00 p.m. next Monday, May 4.

A wide variety of selections is planned for both events, with a medley of American melodies as a finale. Tickets are \$2.50 general admission or \$1.50 for students and senior citizens. They are available at the door, or in advance by contacting the fine arts office at ext. 4159.

PLAN AHEAD BY SCHEDULING 1981-82 EVENTS NOW

A new campus-wide calendar of events is being formulated for events planned throughout fall semester and will be distributed far earlier than in the past. As a result, Elizabeth Kornacki of the scheduling office is requesting your assistance in making her aware of upcoming events planned for anytime during the 1981-82 fiscal year before it begins this July 1. This request is being made in

an attempt to coordinate events, so that conflicts will not occur in facilities/services or audiences.

Kornacki would appreciate having you take time now to think about the events your office or department will sponsor this next year. To reserve facilities and/or services you will need for each event, please fill out the standard scheduling forms. If specific information is not yet determined, simply write "date reservation only" across the top of the form.

A Tentative Information Form which simply lists a general idea of the types of events coming next year has also been prepared and distributed by Kornacki. The form will give persons involved with facilities scheduling a general idea of the types of events which may take place. Use this form only if details of your event are incomplete and the date is not confirmed. Call Kornacki at ext. 4093 if you have any questions.

MATH CONTEST "NO PROBLEM" FOR STUDENTS

The third annual Mathematics Pentathlon will be held Saturday, May 9, at Fashion Square Mall. Students from kindergarten through 7th grade will compete in four divisions geared to their grade level, with awards presented to top point-getters in each division.

The goal of the Pentathlon is to bring parents, teachers and learners together and promote the development of mathematical skills. Most of the games used were designed by Dr. John del Regato, assistant professor of education. They are strategy oriented and move from easy to complex.

For more information about the Pentathlon, contact Carey Chappel, director of this year's event, at 790-3464, or del Regato at ext. 4317.

BADMINTON CHAMPS HERE

Spectators and participants will be watching the birdie this Sunday, May 3, at the second annual tri-county badminton championship meet. The tourney is hosted by SVSC and begins with registration at 9:00 a.m. in Cardinal gymnasium.

Paul DeGuise, intramurals supervisor at SVSC, notes that the event is open to all

area badminton players, whether novice or skilled. Entry forms are available from the information desk in Doan Center and at recreation offices in Bay City, Midland and Saginaw.

Final round of tournament play is set for Sunday, May 10, at Cardinal gymnasium. For more information about the event, contact DeGuise at ext. 4067.

SHEARER, BARRYMORE FILMS CLOSE SERIES

The Valley Film Society will close its 1980-81 series with a pair of movies scheduled for 8:00 p.m., Friday, May 8, and Friday, May 22. Both will be shown in Wickes lecture hall.

Set for May 8 is "The Red Shoes," starring Moira Shearer. This 1948 film tells the story of a ballerina faced with a choice between her love and career. Lush photography works to support the story line and bring viewers into the world of ballet.

A John Barrymore-Carole Lombard classic is scheduled for May 22. "Twentieth Century" is a zany comedy about a producer and the girl he decides to elevate to stardom. Many consider this 1934 film to be Barrymore's finest role.

An organizational meeting will be held at 7:30 p.m. on Friday, May 15, in Wickes lecture hall to choose the slate of films for next year's season. All persons interested in joining the society for 1981-82 are invited to attend this planning session.

Memberships for those joining in May are \$15 per person for the upcoming season. A special rate of \$5 is available for students. For further information, please contact Dr. David Barker at ext. 4303 or Kay Harley at ext. 4354.

ACROSS CAMPUS--

--Dr. William S. Hoffman, professor of history, read his paper on "The Election of 1832: Andrew Jackson Gains the Image as the Champion of the People" to the Great Lakes history conference in Grand Rapids last Friday, April 24. He also participated in a Thursday seminar on "Michigan Leadership in War and Peace" at the same meeting.

--Jerry R. Hamling, Jr., 6100 Onyx Lane,

Bridgeport, has been elected president of SVSC's student body for the 1981-82 school year. His vice president will be Fred Harring of Spring Lake. Because there was no candidate for the treasurer position, one will be appointed later by the student senate. Student voters also decided to move future student senate elections from fall semester to winter. Thus in fall semester 1981, senate elections will be held for partial terms and a combined election of senators and executive officers will take place next April.

--Basic skills coordinator Chris Looney and wife, Christie, are the proud parents of a new son, Patrick, born on April 19. Patrick is both tall (21½ inches) and solid (8 lbs. 14 ozs.), so both football and basketball recruiters will probably be calling on him before too long. Chris expects both members of his family to be released from Midland Hospital Center sometime later this week. The Looney's extend their thanks to the SVSC community for your thoughts and cards during her long hospitalization and they appreciate the way everyone has been so nice.

--Associate professor of English Dr. Tom Hearron has been selected to participate in the National Endowment for the Humanities summer seminar on "Contrastive Analysis of Various Approaches to Teaching Composition" at the University of Washington, Seattle. The seminar will run from June 22 - August 14 and will be conducted by Dr. William F. Irmscher.

- - - - -

--Dr. John C. del Regato, assistant professor of education, attended the National Council of Teachers of Mathematics meeting in St. Louis, Missouri, April 22-25. He conducted an early elementary session entitled "The Mathematics Pentathlon, K-3" at the meeting.

--The battery jump service offered on campus jointly by the departments of plant services and public safety for the past two years will be discontinued beginning May 1, in an effort to prolong the life of the truck used for the program. According to Sgt. Craig T. Maxwell, the department of public safety hopes to have funds available to purchase a vehicle prior to fall semester so that the program can be continued. Over 100 battery jumps have been provided by plant service personnel over the past two years, and we're sure their presence will be missed.
