LAKEHEAD PIPE LINE CONTRIBUTES SCHOLARSHIP

John E. McCamey, district 6 manager for Lakehead Pipe Line Company, Inc., was on campus August 16 to present a 2,000 check to SVSC's scholarship fund. The award is to be used for financial assistance to qualifying students during the 1982-83 academic year. Receiving the donation was SVSC President Jack M. Ryder. "We are appreciative of the support Lakehead Pipe Line has given our students for the past thirteen years," Ryder said. "As other sources of financial aid become more difficult to obtain, it is particularly gratifying to receive help from the private sector."

Lakehead Pipe Line, a Wisconsin-based firm specializing in transportation of crude oil and hydrocarbons by pipeline, has contributed scholarship money to SVSC since 1969 through its district office at 3751 Mackinaw Road, Bay City. The awards are made to students who have completed at least one year of college and are U.S. or Canadian residents. Preference is given to persons majoring in applied sciences.

President Ryder accepts a $2,000 scholarship check from John E. McCamey, district 6 manager for Lakehead Pipe Line Company.

SVSC UNIVERSITY CLUB INITIATED

A new club is being organized to foster opportunities for SVSC faculty and administrative personnel to meet in a social environment. The group has named a slate of officers to head activities during the 1982-83 academic year, and a tentative calendar has been set.

Officers for the coming year are:

President - Walter and Anita Rathkamp
Vice President - Richard and Sue Thompson
Secretary - Eugene and Mary Hamilton
Treasurer - Frederick and Joan Webster

Membership is open to all interested faculty, administrative staff and their spouses. Annual dues, which provide funds for stationery, postage, decorations and miscellaneous expenses, are $12 per year.
Thus far five activities are scheduled for the University Club's charter year. Kicking off the series will be an 11:30 a.m. lunch in Doan Center preceding the football game with Northern Michigan University on Saturday, September 18. Luncheon and game tickets are complimentary with dues payment.

At 6:30 p.m. Saturday, November 20, club members will meet in Doan Center for the popular International Dinner. Those attending should bring an ethnic dish to be shared. Beverages and table service will be provided.

On February 5, members and guests are invited to swing their partners at a square dance in Cardinal Gymnasium. Dancing begins at 8:00 p.m., with coffee and dessert scheduled at 11:00 p.m.

Those who enjoy good food and travel should mark the weekend of February 25 on their calendars. That's when SVSC University Club will join in a "Gourmet Chicago Weekend" via AmTrack.

Concluding the schedule is an "Afterglow" party following the winter production by SVSC's theatre department on March 19. After the performance, playgoers will move to the Art Workshop Gallery in the '68 building, where a collection of contemporary calligraphy and paintings from the Republic of China will be on display.

Club officers are also exploring the possibility of adding other events if there is sufficient interest.

President Walt Rathkamp notes, "Anita and I are willing to serve as officers because we feel this organization can help us build a better SVSC community. This is our college, and we can take great pride in it! Help us make SVSC a living community of friends, not just an institution."

Letters inviting membership will be mailed shortly. Persons with questions about SVSC's University Club may call any of the officers or Dr. A. Jefferson Sharp, vice president for development and college relations, ext. 4050.

SVSC RECEIVES GRANT FOR BIDI STUDY

National Science Foundation's division of industrial science and technological innovation has approved a grant of $87,112 for the Business and Industrial Development Institute (BIDI) at SVSC.

The award, titled "Management and Technical Assistance to Small Technology-Based Firms: An Empirical Assessment," provides for a study of the organization, development and effectiveness of BIDI's service to its clients. An independent evaluation will be conducted by the Center for Innovation Research at Michigan State University, with data to be collected through December 31, 1983.

BIDI, initiated just over a year ago, concentrates on the development of business, industry and entrepreneurship with a special focus on assisting and promoting small business enterprises. Help is individually tailored to the needs of each organization, and may involve research, technical advice, or assistance in such areas as management, marketing or accounting.

While the concept of a college-based business and industrial development institute is not new, it appears that BIDI is unique in linking the resources of a small college with small businesses needing aid. National Science Foundation personnel will examine evaluation results to assess potential contributions in addressing public policy issues. An outcome of the project could be the replication of BIDI's methodology at other institutions, both large and small, across the country.

AUDITIONS SET FOR SVSC PRODUCTION

Actors in search of a stage are invited to read for a part in SVSC's fall production of "Butterflies Are Free." The Leonard Gershe comedy, which details the adventures of a young blind man struggling for independence, will be staged October 15-17.

Director William Gourd is seeking people to fill two male and two female roles. Gourd notes that no previous acting experience is necessary, and roles are open to the community as well as SVSC students. Scripts are available on reserve at the library.

Tryouts are scheduled at the SVSC theatre from 4:00 to 6:00 p.m. and 7:00 to 9:00 p.m. on Wednesday, September 8 and from 4:00 to 6:00 p.m. on Thursday, September 9. People who want to work on technical crews or in
capacities other than performers are also urged to attend the audition sessions to indicate what type of involvement they'd like. Gourd points out that academic credit may be available for production work.

For more information about the play or auditions, please call Gourd at ext. 4306.

SLIDE INTO SVSC'S CARDINAL RUN

The SVSC Foundation is seeking clubs and organizations interested in learning more about an easy and pleasant way to earn funds.

Plans are in progress for the second annual Cardinal Run, and Foundation staffers are eager to tell groups how they can participate for fun and profit. To do that, they've prepared a slide/tape presentation explaining the concept of the Run.

Last year's Run earned over $27,000 which was shared by SVSC and participating organizations. Half the profits were used to update locker facilities and add a washer and dryer for use by SVSC athletic programs. The remaining half was returned to some 20 community groups and 16 student organizations.

Ted Morley, chairman of the 1982 Run, explained that the event will again offer a unique way for clubs to earn funds. "The SVSC Foundation handles all pledge collections," said Morley, "and splits the proceeds with the groups."

To request a showing of the slide presentation and an explanation of the way the Run works to raise money for SVSC and the community, please call ext. 4165.

SVSC RECEIVES SOC DESIGNATION

SVSC has been named to membership in the Servicemembers Opportunity Colleges. The designation allows SVSC to join more than 400 other institutions of higher education who provide academic opportunities for military personnel.

Through SOC flexible programs are offered to adapt to special needs of persons on full-time armed services duty. SOC institutions meet specified educational criteria and comply with Department of Defense directives regarding voluntary education programs for military personnel. Counseling is provided for students presently serving in the military and for veterans. SOC educational programs may be delivered on military installations or on the home campus of the institution. Participating schools can confer associate, baccalaureate and graduate degrees available through their traditional programs.

In related action, SVSC has elected to participate in a cooperative enrollment program through the Army College Fund. Enlistees who choose this plan pre-enroll at SVSC before going on active duty. They meet with an academic advisor to set up a plan of study, and a contact person at SVSC provides long distance academic advising while the student is on active duty.

Through the Army College Fund, military personnel may save from $25 to $100 per month, up to $2,700. The government will match every dollar saved with two, and will add a special education incentive if certain requirements are met. This can mean a total savings of $15,200 for education with a two-year enlistment, or $20,100 for three or four years service.

According to Richard P. Thompson, director of admissions at SVSC, participation in SOC and the Army College Fund allows the college to offer needed services to military personnel. "We feel these plans provide additional ways for us to assist persons who seek advanced education," Thompson said. "Also, we believe it will strengthen our program for both military and civilian personnel at SVSC's Wurthsmith/Oscoda Education Center," he added.

NEW COURSES ON SVSC FALL SCHEDULE

Two new courses on SVSC's fall schedule are "Social Work with the Aging" (SOWK 451) and "Real Estate Finance (L & F 451).

"Social Work with the Aging" will meet from 7:00 to 10:00 p.m. at Midland High School for 15 Wednesday evenings beginning September 8. The class is designed for persons who work with the elderly in a social services or community organizational setting. Lectures will focus on the historical background, development and current status of social welfare policy that relates to older citizens. Programs
and services available for the aging will also be examined.

A 3-credit course in "Real Estate Finance" (L & F 451) will meet on campus Tuesday and Thursday evenings from 5:00 to 6:30 p.m. beginning September 7. Topics to be discussed include an analysis of various types of real estate investments, the institutions involved in real estate finance, and financial options which can be utilized. There will be emphasis on current trade and techniques.

For more information about "Social Work with the Aging," please call Ann Rae at ext. 4077. Wayne Mackie, ext. 4311, can provide details about "Real Estate Finance."

SETTING THE RECORD STRAIGHT

The August 17 issue of the "Interior" incorrectly stated that three professors studying in SVSC's physics department were from the Republic of China. Instead, the Chinese professors' homeland is People's Republic of China (mainland China). Our staff apologizes for this temporary relocation.

Also, Hunter George Maxwell was 8 pounds and 20 inches at birth. (There are still only 16 ounces per pound.)

HANSEN'S HARRIERS SET TO RUN

With the cross country season set to open September 11, Coach Doug Hansen is hoping to shed his bridesmaid role and bring home the NAIA title. Hansen says he is feeling "comfortable" about the approaching 1982 cross country season. "This is the most relaxed I've felt going into a season," he stated.

With 12 returning lettermen and a strong recruiting season, Hansen has reason to be optimistic. He cites four ingredients which could key the Cardinals' success this fall. "We have a strong senior class and more front-runners than we've ever had. We have talented depth and outstanding newcomers. The fourth ingredient is the tradition we have at SVSC. We tried to build a strong tradition, and now that we have it, the kids want to maintain it."

The Cardinals have always been the team to beat in the Great Lakes Conference, according to Hansen, who is shooting for his sixth straight title. The combination of talent, depth, experience, tradition and optimism seems to indicate that this will be Hansen's best squad ever.

SPORTS PASSES AVAILABLE

All full-time SVSC faculty, administrative and staff personnel are entitled to receive a complimentary pass to all home athletic events during the 1982-83 sports season. These passes are now available and may be picked up in person at the Athletic Center weekdays between 8:00 a.m. and 4:30 p.m. beginning Wednesday, September 1.

CAMPUS DEPARTMENTS ANNOUNCE FALL HOURS

Food Service manager John Curry reminds SVSC employees and students that the snack bar will resume regular hours the afternoon of September 6.

According to bookstore manager Betty Wineland, the bookstore will be open from 9:00 a.m. to 7:00 p.m. today through Thursday, September 2. From Friday, September 3 through Monday, September 6, hours will be 10:00 a.m. to 4:00 p.m. Hours on Tuesday, September 7 through Thursday, September 9 are 8:00 a.m. to 7:30 p.m., with 8:00 a.m. to 5:00 p.m. set for Friday, September 10. Regular bookstore hours for fall semester are 9:00 a.m. to 7:00 p.m. Monday through Thursday and 9:00 a.m. to 4:00 p.m. on Fridays.

Library hours announced by interim director Dorothy Horwath are 8:00 a.m. to 7:00 p.m. today through Thursday, September 2. The library will then close for Labor Day holiday and reopen Tuesday, September 7.

Regular hours during fall semester will be 8:30 a.m. to 10:30 p.m. Monday through Thursday; 8:00 a.m. to 4:30 p.m. on Friday; 10:00 a.m. to 6:00 p.m. on Saturday; and 1:00 p.m. to 9:00 p.m. Sundays. For additional information, please call the circulation desk at ext. 4240.

ACROSS CAMPUS--

--Professor of marketing Shiv Arora and his wife Shirley are the proud parents of a new daughter. Anjali Shivani Arora was born August 18 at Saginaw General Hospital. She weighed 7 pounds, 3 ounces, and was 19 1/2 inches long.
