SVSC TO GRADUATE 543

Dr. Maurice Harari, vice president for international programs for the American Association of State Colleges and Universities, will address SVSC graduates and receive an honorary degree during commencement exercises scheduled for 1:30 p.m., Saturday, May 7 in Cardinal gymnasium.

Dr. Harari, a pioneer in the advancement of international education programs in several nations, will outline the critical role of higher education in contributing to global understanding and world peace. He will recognize SVSC's positive contributions to international programs and student exchange with sister institutions in Japan, Korea, Taiwan, Peoples Republic of China, Poland and Argentina.

Harari's current responsibilities include assisting colleges and universities to internationalize their curriculum and develop intercultural programs on campus and overseas. In 1982 he was project director of the National Endowment for the Humanities-supported faculty development institute on "Islam, the Middle East and World Politics."

A former college academic administrator and political science professor, Harari taught courses in international affairs and Third World problems. He has handled negotiations and administration of contracts with U.S. and foreign governmental agencies, universities and other institutions, and has served as a consultant on development, funding and implementation of international/intercultural education programs for both government and private-sector agencies, including the Ford Foundation and Carnegie Corporation.

Among Harari's publications are "Government and Politics of the Middle East," "Global Dimensions in U.S. Education: the University," and "Internationalizing the Curriculum and the Campus." He served as a trustee of the Global Development Studies Institute, and has participated in educational missions in Africa, Latin America, Western Europe, U.S.S.R., Republic of China, Egypt, Iran, Pakistan, Turkey, Hong Kong, Indonesia, Malaysia and Singapore.

SVSC will be awarding an honorary doctor of humanities degree to Dr. Harari. "We have been expanding opportunities for international and intercultural contacts at SVSC for
the past seven years," said College president Jack M. Ryder, "and Dr. Harari has been on the leading edge of such activity in higher education. Our graduates will find his views and experiences in this area very stimulating."

Honorary degrees also will be awarded to two Midland residents. Herbert H. Lyon, senior consultant for The Dow Chemical Company, and Ned S. Arbury, president of A. S. Arbury & Sons, Inc., will receive doctor of laws degrees.

Arbury, a native of Midland, earned his B.A. and M.S. degrees from the University of Michigan. Besides his business affiliations with Panax Corporation and Ultra Carbon Corporation of Michigan and Texas, Arbury has long been active in community affairs. He is past director and president of the Midland Chamber of Commerce and a member of Michigan and U.S. Chambers of Commerce.

Currently Arbury chairs the Business Industry Scan Committe of the Midland County Economic Development Corporation, established to assist business, industry and agriculture with financing and management for development. He also chairs the Anti-Drunk Driving Alliance of Midland (ADAM) and heads an informal group which encourages area youth possessing leadership qualities to enter politics with the goal of shaping the country's future.

He is among the founders of the Midland County Cancer Society, chairman of the Pardee Cancer Treatment Committee, past treasurer and director of the United Cancer Council, and president of Health Resources, Inc. In addition, Arbury has served on the Presidential Task Force, a congressional leadership committee, the National Right to Work Legal Defense Council, and is a member of Capitol Hill Club. Arbury also holds memberships in the Midland Rotary Club and the Saginaw Valley Torch Club. He and his wife, Dorothy (Honey), are among SVSC's benefactors, and Mrs. Arbury is a member of the Board of Control.

Lyon is a former member of the board of directors of The Dow Chemical Company and is active with its compensation and audit committees. He is a native of Midland. His B.A. degree was earned from Wayne State University, and he is a graduate of the Advanced Management Program of the Harvard Business School.

A veteran of World War II, Lyon joined Dow in 1947, became controller of the former Madison (Illinois) Division in 1951, and served as plant manager at Madison until 1962 when he returned to Midland as controller. Lyon has served as a member of Dow's executive, finance, audit, compensation and investment policy committees. He was formerly a vice president of Dow, and for several years was director of corporate administration.

Lyon is a director of Wolohan Lumber Company, Chemical Financial Corporation and several of its subsidiaries. In 1981 he was named director emeritus of Midland Hospital Center after 14 years service on the hospital's board of directors. He holds memberships in the Midland Rotary Club and Saginaw Valley Torch Club.

Also listed on SVSC's commencement program are presentation of the Distinguished Alumni Award, the Landee Award for excellence in Teaching, and conferring of degrees earned by 1982/83 graduates. Eligible to receive diplomas are 543 graduates including 99 who earned master of arts in teaching and 21 receiving master of business administration degrees. In addition 176 students qualified for bachelor of arts degrees, 94 earned bachelor of science degrees, 109 completed bachelor of business administration requirements, and 44 received bachelor's degrees in nursing.

WRITER/SPEAKER HONORED BY ALUMNI

A successful writer and speaker who considers himself a "positive workaholic" has been selected as SVSC's Distinguished Alumnus for 1983. Dr. Dennis E. Hensley of Fort Wayne, Indiana, will be honored by the alumni association during commencement exercises May 7. The Bay City native was chosen by a ballot distributed earlier this year to all SVSC graduates.

Since earning his bachelor of arts degree in English at SVSC in 1969, Hensley has added two advanced degrees in English, sold over 1,300 articles and several books, and has worked as a lecturer, university instructor and public relations director.

After leaving SVSC, Hensley served two years in Viet Nam as an army sergeant, then enrolled at Central Michigan University and received his master of arts degree in 1973. While working as an English instructor and
later as director of publications at Manchester College in Indiana, he found time to complete his doctorate from Ball State University in 1981. He has worked as a free-lance writer and speaker since 1982.

Hensley feels one of his strengths is the ability to make time for his career and family. His best selling book, "Staying Ahead of Time," deals with that subject. Now in its third printing, excerpts have been published in several national magazines. The book is often used as a guide by Hensley during his many lectures and seminars on time management and writing.

Other books authored by Hensley include "Become Famous, Then Rich," and "Positive Workaholism," plus two volumes on his favorite writer, Jack London.

Through his techniques for a busy but well-balanced career, Hensley has built a strong reputation as a versatile writer and speaker. He is the only reporter to gain in-depth interviews with the mother of Reverend Jim Jones after the Guyana tragedy and Dr. Ralph Honzik, M.D., the campus physician at Kent State during the 1970 National Guard shootings.

Hensley's freelance articles have appeared in over 25 major papers, including "The Detroit Free Press" and "Christian Science Monitor." His work has also been published in more than 50 major magazines, including "People," "The Writer," "Stereo," "Essence," and "Downbeat."

The award from SVSC's alumni adds to a growing list of kudos for Hensley. In a poll of editors, publishers and writer's conference directors taken by "The Christian Writer" he was chosen the most dynamic speaker and teacher of the '81-'82 writer's conference season. He was named the outstanding doctoral graduate in English at Ball State in 1982 and cited as outstanding alumus of Bay City's T.L. Handy High School the same year. Hensley also earned six medals in Viet Nam, including the Bronze Star.

A speaking engagement at the University of Toledo will prevent Hensley from accepting his Distinguished Alumni Award in person. His wife Rose, a 1970 SVSC graduate, will represent him in the ceremony.

FOUR SVSC PROFessORS RECEIVE NEH GRANTS

Four SVSC professors were recently awarded summer fellowships from the National Endowment for the Humanities to attend seminars and symposiums in their fields of expertise. They will participate in programs lasting six weeks to two months, supported by stipends ranging from $2,250 to $2,700.

"This is fantastic, simply unbelievable," said Dr. William Barnett, dean of the school of arts and behavioral sciences. "There are 1,800 institutions eligible for these grants and only about 2,000 awards available. We expected one or two fellowships, but we've been awarded more than many large schools. It says a lot about the quality of our faculty."

Dr. Charles Brown, professor of music, will spend two months at the University of Michigan attending a seminar on Japanese music. The program focuses on theatre music and is led by Dr. William Malm of U of M.

Dr. Drew Hinderer, assistant professor of philosophy and English, will participate in a symposium at Mount Holyoke College in Massachusetts. The six-week program will examine teaching of medieval civilization, including philosophy of the era and philosophy in literature.

Dr. Dasha Culic Nisula, an adjunct member of SVSC's English department, will attend a two month literary seminar at the University of Chicago. She will study Russian formalism and techniques for critiquing contemporary French and American literature.

Dr. Eric Peterson, professor of history, will be working on a paper during a two month seminar at the University of Connecticut. For the workshop on American Foreign Policy from 1945 to 1975, he will research the 1970 negotiations between Henry Kissinger and Le Duc Pho of North Viet Nam at the Paris peace talks to end the Viet Nam war.

This brings to five the number of SVSC faculty to receive summer stipends from the NEH. Last month Dr. John Jezierski, professor of history, received a $2,700 NEH independent study award to complete his research project on the Goodridge brothers, Saginaw's pioneer photographers.
TRISKELIONS PRESENT ANNUAL SCHOLARSHIP CHECK

A check for $15,000 to be used for scholarships was presented to the college by Triskelion members last week. The group, now in its second decade as an independent, non-profit organization, lists nearly 200 tri-city women on its membership roster. They operate a consignment shop in downtown Midland and have contributed more than $230,000 from its profits to SVSC since 1970.

In receiving the check, President Jack M. Ryder noted that rising tuition and related college costs make scholarship aid particularly important. "Until our economy improves and the state provides greater funding for higher education, we must find other ways to assist students with their expenses," he said. Triskelion awards provide $200 per semester to be used toward textbooks and other educational costs.

Presenting the check was Mrs. Pat Sanders, president of Triskelions. "We are pleased to be able to help deserving students," she said, "and hope to contribute an additional $5,000 to the scholarship fund after the consignment shop has been closed for the summer." The shop, operated by Triskelion members who volunteer their time, sells quality used clothing and household goods on consignment.

Other Triskelion projects include financial assistance to the SVSC Children's Center and distribution of scholarship information to junior high and high school students throughout the tri-county area.
BLANCHARD ANNOUNCES PROPOSED BUDGET

Governor James L. Blanchard announced his proposed 1983/84 budget figures last week, and higher education appears to be receiving a higher priority than in recent years. His proposals call for increases of 7.5 percent over the 1982/83 base for all Michigan four-year public colleges and universities except Michigan State University, University of Michigan and Wayne State University. They are to receive 9 percent increases under Blanchard’s plan.

However, the projected increases are calculated on the 1982/83 base after reductions through executive order. For SVSC, this results in a proposed state appropriation of $7,759,334, an increase of $541,349 over the reduced 82/83 base of $7,217,985. Full details of the Governor’s budget are not known at this time, and it is unclear whether the most recent deferral of $277,615 will be partially restored during the 83/84 fiscal year.

Commenting on the proposed appropriation, SVSC President Jack M. Ryder said, “The increase listed for SVSC, while welcome, falls far short of the needs of the institution. Our projected needs in 83/84 were $1.6 million, so the proposed increase of $541,349 is only about one third of that.

"Even with this increase, because of commitments we have for 83/84, it would appear that adjustments to anticipated salary increases must still be sought, and that tuition will have to be increased. We are awaiting the deliberations of the legislature relative to the Governor’s proposal, and are hopeful that some additional funds could be made available."

Ryder has been informed the senate subcommittee on higher education will be meeting with representatives from state colleges this Thursday, April 28. The agenda calls for review of Blanchard’s budget recommendations, plus announcement of a schedule for senate hearings on the budget. "We will have an opportunity to identify our needs and ask for additional support," Ryder said. "However, if the state simply doesn’t have the resources, obviously we can’t receive added support."

The SVSC Faculty Association voted last Friday to open negotiations on economic and other issues facing the College community.

MARCHING TO HONORS

It had been a long road for many of them, but seventy-two seniors from Saginaw Valley State College gladly marched in procession with faculty and administrators on their way to an Honors Convocation last Thursday. The program was held to recognize seniors for their academic achievements and to impress upon all students the importance the SVSC community places on scholarship. As friends and relatives watched, outstanding students from each college department were introduced, along with those graduating with honors. Students, parents and faculty were praised by SVSC President Dr. Jack M. Ryder for their efforts and accomplishments. A reception followed.
The 1982/83 fiscal year salary adjustments for SVSC faculty, administrative/professional staff, and secretarial/clerical employees were announced last summer and implemented January 1, 1983. The same arrangement was made for an adjustment to President Ryder's compensation for 1982/83 under his current contract ending June 30, 1983.

The impression left by news articles was that President Ryder was accepting a six percent salary increase for 1983/84 while asking other SVSC employees to "consider a one-year increase in productivity at no percentage increase in pay." This is not the case. In fact, neither President Ryder nor other administrative/professional personnel have received any assurance of any upward salary adjustment for 1983/84.

In fact, by executive decision the six-month increase received by Ryder, all vice presidents, the deans, and the directors of Institutional Research and Personnel will be reduced by one-third beginning July 1, 1983 going into the 1983/84 fiscal year. The action results in an average increase of 5.6 percent over their 1981/82 base salaries being carried forward into the future. This compares to an average 8 percent increase plus promotions carried forward to the 1983/84 fiscal year by faculty and A/P employee groups. Executive administrators were informed about the 1983/84 reduction in their percentage increase at the same time they were informed of their salary adjustments for 1983/84.

The highest award will go for acquisition of new books and materials for the library. $50,000 is specified for this purpose. Next, $35,000 has been approved for the purchase of a second Prime 550-II computer to serve students and faculty. The new computer could network with the existing Prime to expand capabilities.

An instructional computer lab in Wickes Hall will receive $25,000. Funds will cover the purchase of 11 student tables and 33 chairs, a demonstration table and stool, 20 dual receptacles for computer hardware, and six Apple IIe computers with accessories and software.

Some $20,700 has been approved for purchase of equipment for various campus offices. Included on the list are four typewriters; $4,300 for recorders, projectors, screens, and filing cabinets; $1,000 for audio-visual equipment; $2,500 for lighting and $1,000 for shop tools to be used in the theatre; $1,000 for filing cabinets, table and chairs for Criminal Justice department; and $6,900 for musical instruments.

Faculty research and scholarly activities will be supported by $20,466 in Foundation funds. Receiving the grants ranging from $40 to $2,000 are Dr. Basil Clark, Ms. Sally Decker, Mrs. Lois Deleruyelle, Robert Thaler, David Weaver, Ms. Mary Graiver, Dr. Eric Nisula, Mrs. Pat Pelletier, Dr. Kay Harley, Mr. Wayne Mackie, Dr. Altaf-ur Rahman, Dr. Frank Chen, Dr. Suk Koo Yun, Dr. Charles Brown, Dr. Robert Braddock, Dr. John Willertz, Dr. Joy Hargrove, Dr. Harriet Tillock, Dr. Jean Brown, Dr. Susie Emond, Dr. Thomas Renna, Dr. Ricardo Pastor, Dr. Berner Gorden, Dr. Richard Trdan, Dr. Hong Park, Dr. Charles Pelzer, and Dr. Peter Moehs.

The Foundation will also spend up to $6,000 to provide automated record keeping and word processing equipment to meet its own needs for maintaining information and contacts related to contributions.

Also, profits from the Cardinal Run have been divided with participating groups according to guidelines established for the event, and $8,765 remaining as SVSC's share will be put to its intended use in renovating athletic facilities at Cardinal Gym.
SVSC HOSTING SECOND BUSINESS FORUM

Over 60 business professionals from throughout the region will be on hand to share their knowledge and successful techniques with current and future small business operators during the Saginaw Valley Entrepreneurship Forum II on May 13 and 14.

Hosted by SVSC, the forum faculty will consist of experts who have started successful businesses, as well as venture capitalists, bankers, attorneys, and marketing and advertising professionals. They will advise and offer insights on starting a business, or expanding an existing one.

Interactive workshops, seminars and one-on-one discussions will give participants financial, legal and professional resources, plus information needed to develop private enterprise ventures successfully.

Among forum speakers are: John and Joan Bintz, owners, Bintz Apple Mountain and Farm, Freeland; Wallace J. Bronner, owner and president of Bronner's CHRISTmas Wonderland, Frankenmuth; Herbert Doan, chairman of Doan Resources Corp., Midland; and Warren P. Abbs, assistant vice president, Peoples National Bank and Trust, Bay City.

Also: Kenneth H. MacDonald, Sr., chairman, MacDonald Broadcasting, Saginaw; Meade Gougeon, chairman, Gougeon Brothers, Inc., Bay City; James B. VanderKelen, president, Snow Machines Inc., Midland; and Charles B. Curtiss, vice president, Thomson, McKinnon Securities Inc., Saginaw.

Selection of topics and speakers has been directed by a local steering committee, including business, industry and community leaders from the area. Principal financial sponsors of the project are Mr. and Mrs. Ned Arbury, Consumers Power Co., Dow Chemical Co., Forward Bay County Inc., Saginaw County/Midland County CETA Consortium, Private Industry Council of Midland and Saginaw Counties, Midland County Economic Development Corporation and the Saginaw County Economic Development Commission.

The registration fee is $165 through May 3. After May 3 the fee is $195. A fee of $135 is available for Alumni Club members. The registration price covers all program materials and three meals. For forum and registration details, call 752-8350 in Saginaw, or dial toll free, 1-800-848-3952.

The forum is a combined effort of the Entrepreneurship Institute, a private non-profit corporation based in Columbus, Ohio, and the SVSC Business and Industrial Development Institute.

POLISH INSTITUTE PRESENTS SLIDE PROGRAM

"The Polish Phoenix," a program examining a thousand years of Polish history and culture, will be presented on Wednesday, May 4 at 6:30 p.m. at St. Thomas Aquinas Church in Saginaw. The 75-minute, three screen multi-image slide show is sponsored by the Institute of Polish Studies at SVSC. It was created by a project team from the University of Pittsburgh.

Utilizing images, music and narration, the program looks at the sweep and diversity of Polish history and culture. It's based on a collection of 16,000 slides of the country's art, architecture, historical sites, industries and rural communities. The visuals are accompanied by liturgical, classical, contemporary and folk music, along with a historical narrative. Admission is $1 for adults, $.50 for senior citizens, students and children. For more information, call the Polish Institute at ext. 4315.

COMING EVENTS AT SVSC

Apr. 27 ... Entrepr. Forum II Reception
Apr. 29 ... Independent Filmmaker - Kerr
Apr. 30 ... H.S. Invitational Track Meet
May 1 ... Baseball; SVSC vs. Mott
May 1 ... Mid-Michigan Soccer Tournament
May 3 ... Softball; SVSC vs. U. of D.
May 3 ... Small Business Adv. Seminar

See monthly calendar or call Information Services for times and details.
COMMENCEMENT NOTES

Bookstore manager Betty Wineland asks that faculty and administrators pick up their regalia this week. The bookstore will be open until 7:00 p.m. Monday through Thursday and until 4:00 p.m. on Friday. Regalia should be returned promptly after commencement.

ACROSS CAMPUS

--An article titled "Campus Situation Is Unique; Student Unrest Challenging" by Sergeant Craig T. Maxwell of Public Safety appeared in the March/April issue of "Campus Law Enforcement Journal."

--Dr. William F. Smith, professor of English, published an article in the Spring issue of "The Midwest Quarterly." "A Modern Masterpiece: Seven Arrows," demonstrates the aesthetic complexity of this historical American Indian novel through an analysis of its author's literary techniques.

--Gary Apsey, director of placement and continuing education, presented "Word Processing Uses for Placement" at the Michigan College/University Placement Association Spring meeting in Dearborn. Apsey is also serving his second term as treasurer of the association. SVSC will host the association's Spring meeting in 1984.

--Dr. Phyllis Hastings, instructor of English, will present a paper at the Bright Ideas Conference hosted by the Michigan Council of Teachers of English. Her topic for the April 30 meeting at MSU deals with publishing student writing.

--Dr. Rosalie Troester, instructor of English, will travel to Central Methodist College in Missouri to present a paper on "Evaluating the Long-Term Effects of a Writing Program" to the Midwest Writing Centers Association Conference.

--Effective Monday, April 25, Michigan Trailways discontinued its noon bus between Saginaw, SVSC and Delta. Two weekday round trips will continue to operate Monday through Friday, with buses leaving Saginaw at 7:20 a.m. and 3:20 p.m. Departure times from SVSC are 10:25 a.m. and 4:25 p.m.

SNACK BAR CLOSED BETWEEN SEMESTERS

Food Service Manager John Curry has announced summer hours for the Doan Center snack bar. After being closed from Saturday, April 30 until Sunday, May 8, it will reopen from 9:00 a.m. to 2:00 p.m., Monday through Friday during summer semester.

SPORTS REPORT

The SVSC golf team won the 18-team Tri-State University Invitational in Angola, Indiana, Saturday. The Cards finished ahead of conference rivals Ferris, Northwood, and Wayne State with a two-day, five-man total of 770. Sophomore Mike Erickson was third low medalist at the tournament with a 148 total.

Former SVSC golfer Steve Yockey is driving a new Buick Skyhawk this week after winning the hole-in-one contest at the 7th annual Swing Against Multiple Sclerosis. Yockey aced the 219-yard makeshift hole at Treasure Island Restaurant to claim the car donated by Garber Buick.

Both the men's and women's track teams ran well at the Red Simmons Invitational at the University of Michigan Saturday. Cathy Schmidt set a school record in the 1,500 meters (4:32.26) to pace the women, while Eddie Brown won the 110 high hurdles (14.4) and the 400 intermediate hurdles (52.16) for the men. His brother, Ricky, won the 800 (1:50.75). The 4 X 400 relay team also finished first while a host of other runners placed for the Cardinals. Several runners qualified for the NAIA national meet.

The Cardinal softball team raised their record to 11-6 with a doubleheader sweep at Hillsdale, Friday 6-1 and 19-0. Freshman Kelly Hughes tossed a two-hit shutdown in the nightcap while Karen Kubczak knocked in four runs. The wins pushed SVSC's record to 3-3 in the Great Lakes Conference.

Despite a dismal 7-21 overall record, the SVSC baseball team is showing signs of improvement. After sweeping two games from Calvin, the Cards dropped double headers at Grand Valley and Wayne State Friday and Saturday. Three of the four losses were by one run.
