RIBBON CUTTING OPENS ROAD

Noting that many good things have happened at Saginaw Valley State College recently, SVSC Board of Control Chairman John W. Kendall assisted President Jack M. Ryder with a ribbon cutting ceremony Monday to open a new campus road. The road connects East and West College Drive to form a loop across campus.

"This road, constructed under the direction of Michigan Department of Transportation, is another important step toward completion of SVSC's Campus Master Plan," Kendall said. "Its use is dedicated to improvement in access to services at the college."

Funding for the road came from the state gasoline tax, and it is part of a system of roadways on state properties. Work began on May 23.

FALL ENROLLMENT ANOTHER RECORD AT SVSC

SVSC's fall semester enrollment was up again this year, marking the 11th consecutive fall with an increase in students. The official count this year totaled 4,650, up five percent from 4,426 in 1982.

Credit hours were also up, totaling 44,263 -- a 6.3 percent increase from last year's 41,647.

This year's enrollment exceeded projections by 98 students, according to Dr. Ann K. Dickey, director of institutional research and planning. "The number of both new and

Participating in the ribbon cutting ceremony, which was open to the campus community, were representatives from the SVSC Board of Control, college administration, the Michigan Department of Transportation, and Rohde Brothers Excavating, Inc. (contractors for construction). First vehicle to cross the new span was a bus carrying Board members and college personnel to a meeting at Cass City. (See Board Report for coverage of the Cass City meeting.)

returning students was slightly higher than expected," Dr. Dickey said.

SVSC has continued to buck the trend of declining enrollments that has caused problems for many of the nation's colleges and universities. College officials look forward to the construction of Instructional Facility No. 2, slated to begin in early 1984. Completion of the \$28 million, 208,399 gross square foot complex will allow SVSC to better serve its growing student population.

GOVERNOR SENDS THANKS TO SVSC COMMUNITY

President Jack M. Ryder has received a letter of thanks from Governor James J. Blanchard for the cooperation and assistance of many SVSC faculty and staff in making his September 23 visit to campus move smoothly. "We were pleased to host the Governor's appearance at the Michigan Youth Corp graduation in the morning, and at the Leadership Conference in the afternoon," Ryder said. "This is the first time in my presidency that a Michigan governor has come to SVSC and had the opportunity to take a first-hand look at our needs. The conference brought many people to our campus for the first time, and we've received positive comments about the day."
