SVSC PLANS HOMECOMING WEEK

Alumni will be treated to a variety of events for Homecoming this week.

"A Night at the Movies" will kick off the activities on Tuesday, October 9. Alums will be given free admission to see "The Big Chill" in Wickes Lecture Hall at 10:00 p.m.

The annual alumni reception will give guests an opportunity to meet with SVSC faculty and staff in the third floor Wickes faculty lounge between 4:00 and 6:00 p.m. on Friday, October 12.

Sports fans know the highlight of Homecoming weekend will be the annual Axe Bowl between the Cardinals and the Northmen of Northwood Institute. It promises to be a tough contest with exciting football action as the Northmen attempt to regain the coveted axe. At halftime the Homecoming King and Queen will be crowned.

An "Alumni Pre-game Warmup" will put Cardinal followers into the proper mood for the contest. Participants should meet at the tent in front of the Rausch House between 11:30 a.m. and 1:15 p.m. Celebrations after the game will take place at the "Alumni Afterglow" at 4:00 p.m. in the tent at the Rausch House.

Breakdancers can show off their moves at the Homecoming Video Dance in Doan Center between 9:00 p.m. and 1:00 a.m. Dress is casual and cost is $1.00 at the door.

SVSC alumni who seek more information about homecoming events or need identification cards should contact Jo Stanley in the alumni relations office, ext. 4050.

STILL TIME TO ENTER CARDINAL RUN

If you're looking for a way to have fun while earning money, make it over for the Cardinal Run.

Your efforts will be fun and profitable if you enter SVSC's fourth Cardinal Run. This year's run, set for Saturday, October 13, begins at 9:00 a.m. on Morley Field.

To date, nearly 300 persons have sent in runner participation cards. More runners are expected to sign up for the Run on the day of the race, said Run chairman Gene Hamilton.

The Cardinal Run is SVSC's biggest athletic fund-raising event. Over $90,000 has been raised in the three years the run has been held. Hamilton said he would like to see $50,000 raised this year.

Organizations participating in the Cardinal Run will split half of the profits with SVSC athletics. A tax deduction may be claimed by anyone who sponsors a runner in the race.

WSGW's Art Lewis will be on hand to urge the runners on. The "Trade Line" van also will be broadcasting from the Cardinal Run area.

If you prefer not to walk or run, there's still a way to assist with the Run. Volunteers are needed to help with registration check-in and check-out, plus other duties. Assignments will usually be for one hour periods between 8:30 and 11:30 a.m. on October 13.

For more information, or for registration forms, call Carol Fitzpatrick at ext. 4165.
SVSC SPONSORS TRIP TO SPAIN

SVSC is organizing a trip to Spain that will combine recreation with education. The tour is open to the campus community.

Travelers will spend nine days in six of Spain's best-known cities between March 2 and 10, 1985. Cost of the tour is approximately $989, including round trip air fare, continental breakfast and lunch or dinner each day, transportation in Spain, tour guides, and service charges.

A non-stop flight from New York will arrive in Madrid on Saturday, March 2. Two days are planned for touring various points of interest in Madrid. Included are stops at the Plaza Cibeles, Puerta del Sol and Plaza de España.

Next on the itinerary is an "Artistic City Tour" with visits to the Royal Palace, the Prado Museum and the main avenues of Madrid.

Later, tour participants travel to Toledo to observe characteristic examples of Spanish civilization and see Toledo's famous cathedral. Excursions to the 16th century monastery of El Escorial and to "Valley of the Fallen," a monument to those who died in the Spanish Civil War, also are scheduled. Next stop is Cordoba, birthplace of the philosopher Seneca.

A trip to Sevilla will include visits to the Cathedral, the Giralda, the Alcazar and its gardens, the Santa Cruz Quarters and Maria Luisa Park. The tour ends with a day of leisure on the Costa del Sol where swimming and sunbathing can be enjoyed.

Those who find the trip too short may extend their stay and return on a later flight with no added charge for air fare, according to Dr. Ricardo Pastor, trip organizer. "Approximate costs for lodging, breakfast and dinner would be $25 per day for those staying on," Pastor said.

Persons interested in earning academic credit have the option of paying tuition and enrolling for one to three credits in Humanities 355. Registrations are currently being accepted for the trip. For more information on the tour or obtaining college credit, please contact Dr. Pastor in SVSC's department of modern foreign languages by phoning ext. 4486.

THIRD LANGUAGE PANEL SCHEDULED

"Objectivity begins to disappear as soon as notes are taken."

"Language has the power to create an alternative reality."

If you didn't attend the last language panel, you missed thought-provoking comments like these by John Palen and Ken Stroebel. However, you'll soon have another opportunity to examine the intricacies of language.

The third in the fall series of panel presentations on language and reality will be held in the Wickes faculty lounge from 12:30 to 1:30 p.m. Wednesday, October 10. Dr. Thomas Kullgren, dean of the School of Science, Engineering and Technology, will be joined by Steve Wilkowski, vice president of Student Government.

Dr. Kullgren will speak on "A Systems Approach to Communication in Science and Engineering: Where We Go Wrong and What We Can Do About It." Wilkowski will present a paper titled "Keeping It in the Zeitgeist." They will be introduced by Dr. Kay Harley, chair of the English department. Dr. Rosalie Troester, assistant professor of English, will moderate a question and answer period, and will give a synopsis of the three panels in the series. Papers will be available for distribution.

Kullgren earned a Ph.D. in mechanical engineering from Colorado State University and came to SVSC on July 16 from the United States Air Force Academy, where he served as chair of engineering mechanics. Wilkowski is a senior majoring in biology at SVSC.

The campus community is invited to hear the presentation.

SECOND SCIENCE COLLOQUIUM SET

Paul B. Kelter, aerospace specialist representing the National Aeronautics and Space Administration (NASA), will be at SVSC Wednesday, October 10 to present the second Science Colloquium of 1984. The lecture, set to start at 4:30 p.m. in 224 Pioneer Hall, is titled "Future Missions of the Space Shuttle." Kelter also will present "The Voyager Missions" in Wickes Hall lecture theatre at 5:00 p.m. on Thursday, October 11, with the public invited.
Originally from Brooklyn, Kelter's teaching career includes four years at the University of Nebraska–Lincoln and one year at the University of Wisconsin–Eau Claire. In 1982 he taught at Manhattan College in the Bronx, New York. He came to the NASA Aerospace Education Services project in June of 1984.

For more information about the program, call Dr. Plaush at ext. 4361.

**HIGHER EDUCATION WEEK COMING**

Colleges and universities across the nation will be calling attention to their programs during National Higher Education Week, October 13 through 20. The event presents an opportunity to consider the contributions that higher education, through its faculty and staff, make to the community, state and nation.

**UNITED WAY CAMPAIGN UNDERWAY**

College employees have each received a mailing asking for support of the United Way campaign during the month of October. SVSC's goal for 1984 is $10,490, and campus chairpeople stress that participation is more important than the size of the gift. Those with questions about the campaign should contact Gary Davis at ext. 4034, George Eastland at ext. 4321, or Nellie Monroe at ext. 4076.

**BRIEFLY SPEAKING**

--Betty Wineland, bookstore manager, is sending textbook adoption forms to all faculty. The deadline for ordering textbooks for winter semester 1984 is October 15. To obtain additional forms, call Betty at ext. 4277 or 4262.

--Health Services reports a successful blood drive with 68 persons signing up. This exceeded the sign up goal by 18 persons. Health Services extends thanks to all who participated in the drive.

--Works by contemporary Mexican masters will remain on display at the SVSC art gallery to the end of October. "Reality and Fantasy," on tour in the United States, features the talents of four gifted artists from Mexico. Admission to the exhibit is free. For gallery hours, call ext. 4159.

--The Saginaw Valley Entrepreneurs Club will host a dinner and speaker on Wednesday, October 10 in Doan Center. "Neuropsychology of the Effective Entrepreneur" will be the evening's topic. A social hour begins at 6:00 p.m., with dinner at 6:45. Cost for the dinner is $7. For reservation information, call BIDI at ext. 4048.

--A slide/lecture titled "Impressions from Japan" will be presented on Tuesday, October 16 at 4:00 p.m. in the Wickes Hall faculty lounge. History professor John Jezierski will focus on the paradox and mystery of Japan and share information from his year as an exchange professor in Tokushima. Admission is free. For more information, call ext. 4486.

--Make this Thanksgiving special by sharing the holiday with an international student studying at SVSC. Persons who are interested may call Ricardo Pastor at ext. 4486.

--Barb Meany, a nurse from the Bay City PMS clinic, will lecture on the symptoms and treatment of Pre Menstrual Syndrome in Lower Level Doan on Monday, October 29 from noon to 1:00 p.m. Refreshments will be served. For more information, call Gloria at ext. 4272.

--The Directors of Volunteers in Agencies (DOVIA) will be hosting an all-day "Learning to Communicate" workshop at the Great Hall, Valley Plaza, Midland on October 23 between 8:30 a.m. and 3:00 p.m. Cost, which includes lunch, is $18 for members and $23 for non-members. The workshop is open to volunteers and volunteer administrators. For ticket information, call the Bay County YWCA at 686-4800.

**ACROSS CAMPUS**

--Dr. Enayat Mahajerin, assistant professor of mechanical engineering, presented a paper at the 9th Army Solid Mechanics Symposium held in Newport, RI, September 30 through October 2. His topic was titled "Application of Boundary Element Method to Problems in Composite Fastening." Dr. Mahajerin also attended the Second Annual Advanced Materials Workshop titled "Recent Advances in the Nondestructive Evaluation of Materials." The workshop was held in Traverse City on September 9-11.
THE CARDINAL FOOTBALL SQUAD IS HOPING TO KEEP THE AXE AT SVSC WITH A WIN IN SATURDAY'S AXE BOWL CONTEST.

--Ann Rae, associate professor of social work, has been invited to speak at "The Woman Researcher" conference on November 9 at Western Michigan University. Her topic is "Devaluation of the Older Woman in Social Welfare Policy and Implications for Service Delivery."

--Dr. Thomas Kullgren, dean of the School of Science, Engineering and Technology, received an Award of Excellence for "Leadership in Promoting Wind Energy Use by Federal Facilities." The award was presented during the American Wind Energy Association National Conference in Pasadena, California September 23-26. The recognition was a result of Dr. Kullgren's organization and management of a program of worldwide wind resource assessment for the United States Air Force.

--Dr. Peter Jau-Shyong Shive, associate professor of mathematics and computer science, is a regular reviewer for the Mathematical Review, a monthly publication of the American Mathematical Society. He recently reviewed a paper submitted by Kenji Nagasaka and a supplemental paper by Sadao Saito and Takanori Hayasaka.

HIGH FIVE

The Cardinal football team won its ninth straight GLIAC game under George Ihler, Saturday, with a 27-19 come-from-behind win over Ferris State. SVSC is now 3-2 overall and leads the GLIAC with a 3-0 record. Bryon Krukowski gained 174 yards on 19 carries to earn NAIA District 23 "Offensive Player of the Week." SVSC set a new school record with 375 yards rushing. Joe Rice was the "Defensive Player of the Week" leading SVSC with seven solo tackles, four assists, and three sacks. Ferris was held to minus 21 yards rushing.

The Cards host local rival Northwood Institute (2-2, 1-0) this Saturday for Homecoming and the annual Axe Bowl. SVSC will have its hands full since the visiting team has won the last eight games in the series, and the Northmen are coming off a 29-28 loss to powerful Northern Michigan.

Four of the top five SVSC finishers at the Notre Dame Invitational ran personal best times for the Cardinal cross country team. SVSC finished 14th out of 18 major colleges at the event. The Cards host the GLIAC championships on October 20 at Swan Valley Country Club.

The SVSC tennis team is off to another fine start this season, as the Lady Cards currently sport a 4-2 record. Last week Saginaw Valley defeated Wayne State at home by an 8-1 score. SVSC travels to Northwood Tuesday for a 2:00 p.m. match against the Northwomen.

SVSC EVENTWATCH

Oct. 8-31 ... "Reality & Fantasy" Art Show
Oct. 9 ... Tennis; SVSC vs. Northwood
Oct. 9 ... Saginaw Humanities Series
Oct. 10 ... Entrepreneurs Club Meeting
Oct. 10 ... Language Panel Series
Oct. 11 ... IRRA Dinner Meeting
Oct. 12 ... Alumni Reception
Oct. 13 ... Homecoming; Axe Bowl Game
Oct. 13 ... CARDINAL RUN
Oct. 13 ... Tennis; SVSC vs. LSSC
Oct. 14 ... Tennis; SVSC vs. MTU
Oct. 16 ... "Impressions from Japan"

See monthly calendar or call Information Services for times and details.
October 9, 1984

The Saginaw Valley State College Board of Control has gone on record as opposing Proposal C, the fall ballot question that seeks to roll Michigan taxes back to 1981 levels and require voter approval of increases in the rate or base of state taxes. The action was taken at the Board's Monday meeting, held at Bay City Handy High School.

The resolution expressing opposition to Proposal C noted that analysts believe there would be an 8 percent reduction in state general fund revenues if the measure were enacted. This could result in a $600,000 annual loss in state appropriations to SVSC.

College officials estimate it would require a tuition increase of 13 percent to replace those lost revenues, and feel this would reduce access to college for many students. Undergraduate tuition for Michigan residents at SVSC is currently $49.50 per credit hour, and a 13 percent increase would raise the annual tuition bill for a full time student by $200.

Student Government President Dallas Mossman commended the Board for taking a stand in opposition to Proposal C. "This proposal directly affects what happens with the Board of Control," he said. He told the Board that SVSC's Student Government is working with the Michigan Collegiate Coalition to draft a "similar type of resolution."

In other action, the Board approved a resolution establishing a student loan program to be funded by contributions from the Claire and Toivo Myllykangas estate. The loan program will be used to provide assistance to students from Saginaw County who have achieved sophomore class standing and who have demonstrated financial need.

The Board also authorized establishment of the Patsy Hill Schwartz Endowed Music Scholarship Fund. Grants of $1,000 per year will be available to students majoring in music at SVSC, with recipients to be selected on the basis of scholastic achievement or desirable qualities of character and leadership.

The Board also:

-- accepted for review the annual financial audit conducted by Yeo & Yeo Certified Public Accountants.

-- reelected Charles B. Curtiss to serve on the board of the SVSC Foundation.

-- adopted the name "North Drive" for the spur that connects Fox Drive and College Drive.

-- approved the nomination of Mark R. McCabe to the SVSC Board of Fellows, and Mr. B. J. Tally, Mr. T. J. Walker, and Mrs. Peg Rowley to emeritus status on the Board of Fellows. McCabe, general manager of Saginaw Steering Gear Division of General Motors, replaces Blair Thompson.

-- authorized the rental of a safe deposit box for College use at Michigan National Bank.

-- heard details of the fall semester enrollment report, showing a 4.5 percent increase in student count and a rise of .9 percent in credit hours. It was noted that 56 percent of fall students are women, up from 54 percent in fall 1983. Enrollments are evenly split between those under 25 and students 25 and over.

-- received a personnel report listing nine administrative/professional personnel hired to fill vacancies. The report also listed
new faculty members, and Vice President for Academic Affairs Robert S. P. Yien told the Board that people had been hired to fill one temporary and 17 permanent faculty positions. The total included four new positions. Three faculty positions are still unfilled, Yien said.

... heard a report on the activities of the Office of Sponsored Programs. Director Ralph Coppola detailed plans for increasing faculty involvement in seeking grants to support scholarly activity and research projects. He highlighted efforts to obtain funding for equipment through the National Science Foundation's "Instrumentation Program" and to secure approval of a proposal to begin a project under the NSF Pre-College Science and Math Program. The project involves a joint effort by SVSC's science and education faculty, area schools, and industry to pool specialized human, physical and fiscal resources to modernize the educational system. The goal would be high school preparation in science and math that will meet the high technology demands of higher education and industry.

Following the formal agenda, the Board met informally with area legislators and administrators from the Bay City Public School District to discuss areas of mutual concern. The group also toured Jennison Nature Center.
