LEE TO SERVE ON 'EFFECTIVE SCHOOLS' PROJECT

Dr. Guy M. Lee, Jr., Dean of the School of Education and Professor of Education, will be serving as a trainer and resource person for a three year project aimed at development of better secondary schools in the state of Michigan.

The "Effective Schools" project, which begins this month, is an effort of the Middle Cities Association Task Force. It is funded by the Fund for the Improvement of Secondary Education (FIPSE). "The intent of this three year project is to improve the quality of teaching and the educational climate of secondary schools. The concepts of effective schools and effective teaching are the prime goals to be achieved in each school's achievement plan," Lee said.

In order to devote time to the Effective Schools project, Lee will be resigning from his duties as education dean at SVSC, effective June 30, 1986. He will return to fulltime classroom teaching at the college, in addition to his role with the task force project.

Lee joined SVSC in 1970 as director of student teaching. He has held various positions at the college since then, including service as acting director of personnel in 1975-76. He was Associate Dean in the School of Education from 1974-76 and served as Administrative Assistant and Special Assistant to the President from 1976-80. He also served as Director of Affirmative Action before being named Dean of the School of Education in 1982.

Prior to coming to SVSC, Lee spent 14 years in public education with the Gary, Indiana, Community School Corporation, where he served as teacher and administrator.

In 1979 Lee received the Key Man Award for community service from the United Way of Saginaw County, and in 1981-82 United Way presented its outstanding campaign worker award to him. He is still active with this community agency, serving on the Allocation and Budget committee. He also is listed in "Who's Who Among Black Americans," a prestigious volume identifying professional Blacks in the United States.

Lee earned a B.A. degree from Roosevelt University, an M.S. from Indiana University, and an Ed.D. from Ball State University. He is a member of numerous professional organizations. He and his wife, Trevor, and daughter, Kim, are residents of Saginaw.

MULADORE, SAFT RECEIVE ASSIGNMENTS

Controller James G. Muladore has been named to monitor SVSC's compliance with the Freedom of Information Act. Registrar Paul H. Saft will be responsible for compliance with the Family Rights and Privacy Act (FRPA). The Freedom of Information Act is a Michigan law insuring citizen access to meetings and records of public bodies. FRPA is federal legislation that guarantees students access to their personal records and protects them against unauthorized release to others. Persons with questions about these acts and how they apply to SVSC may call Muladore at ext. 4218 (Freedom of Information) or Saft at ext. 4085 (FRPA).
