GOVERNOR NAMES NEW MEMBERS TO BOARD OF CONTROL

Dr. Gumecindo (Gumie) Salas and Mr. Ernest Lofton have been appointed by Governor James J. Blanchard to the SVSC Board of Control.

Salas is director of the Division of Minority Programs at Michigan State University. In that capacity he assists and provides counsel in the administration of programs relating to minority issues for both academic and non-academic areas. An East Lansing resident, Salas holds bachelor's and master's degrees from Wayne State University and earned a Ph.D. from the University of Michigan.

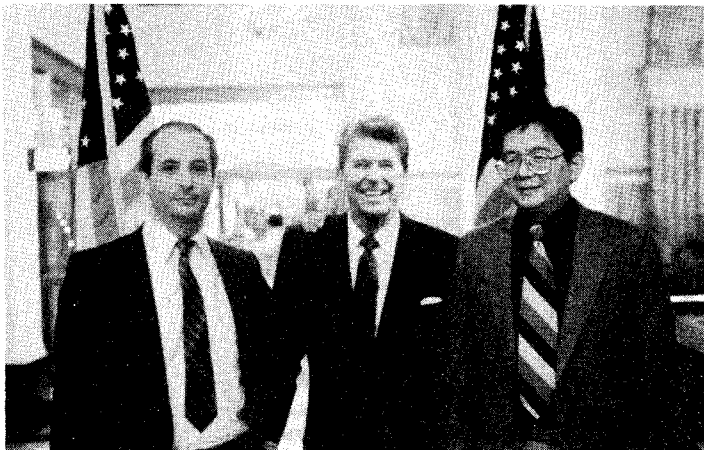

Salas has served as president of the State Board of Education from 1983-85 and holds numerous professional memberships. He is the author of several publications on minority issues and has frequently served as a consultant on educational matters. Among the awards and recognition he has received is the Cass City High School "Outstanding Graduate" award in 1983.

Lofton was elected to the U.A.W. International Executive Board as director of Region 1A in 1983. A native of Detroit, he joined U.A.W. in 1950 when he hired in at the Ford Dearborn Iron Foundry.

He returned to Ford after a two-year stint with the Army, where he achieved the rank of Staff Sergeant. He has held various union posts and served on the 1979 and 1982 Ford National Negotiating Committee. He has served, or is serving, on the Advisory Councils of Oakbrook Hospital in Dearborn, the Detroit Election Committee and the Detroit Environmental Protection and Maintenance Department. He also served on the NAACP Detroit Chapter Executive Board.

The new Board members will replace Mr. John W. Kendall and Mrs. Dorothy D. (Honey) Arbury, whose terms expired July 8, 1985. Kendall served on SVSC's governing board from 1969 to 1986. Mrs. Arbury was a member of the first Board organized when the institution was founded as Saginaw Valley College in 1963. She has served continuously since then.

MEETING THE PRESIDENT--Dr. Ralph Coppola [left] and Dr. Mason Wang [right] pose next to a facsimile of President Reagan.

SVSC RESEARCHERS MEET WITH FEDERAL OFFICIALS

In November an SVSC delegation including seven faculty and three administrators traveled to Washington, D.C., for exploratory meetings with program officers of federal funding agencies. Activities were coordinated by Dr. Ralph Coppola, director of Sponsored Programs, who said the trip was evidence of Vice President for Academic Affairs Robert Yien's commitment to supporting academic excellence at SVSC.

College personnel traveling to Washington were Coppola, Dr. William Barnett, dean of Arts and Behavioral Sciences; Ms. Sachiko Claus, assistant professor of nursing; Dr. Thomas Kullgren, dean of Science, Engineering

and Technology; Dr. Hong Park, professor of economics; Dr. Charles Pelzer, professor of biology; Dr. Eric Petersen, professor of history; Dr. Diane Sautter, assistant professor of English; Dr. Mason Wang, professor of English; and Dr. John Willertz, professor of history. Their appointments with program officers in the various agencies were correlated with faculty research interests, Coppola said. Included were meetings with personnel in the National Endowment for the Humanities (NEH) and the National Science Foundation (NSF). In addition, members of the delegation explored research funding possibilities from the National Institute of General Medical Science; Nursing Research Program, Bureau of Health Professions, National Institute of Health; Department of Commerce; and Fund for the Improvement of Postsecondary Education, Department of Education.

Coppola said that all SVSC participants found the trip to be valuable, and indicated they were well received by federal officials. "While at NEH, one of the program officers commented that they were 'impressed with the college commitment and support of research'," he said. Dr. Blanche Premo, deputy director of the Division of Research Programs at NEH, stated "I was especially impressed with the quality of the research project each person had planned," Coppola reported.

"The experiences at other agencies were similar," Coppola said. Included in the contacts were Pelzer's meeting with the staff at National Institute of Health, which he said provided valuable insights into what agencies expected in proposals. Other faculty were equally positive about their experiences with federal agencies.

While all members of the delegation met with agency personnel, Willertz also met Congressman J. Bob Traxler to explore possibilities of support for a history of Congress. Traxler and his staff were very enthusiastic, and Willertz reported that he and Traxler were treated to lunch by Governor James Blanchard, who also was visiting the congressman's office.

NEWS FROM FINANCIAL AID

A Student Financial Aid newsletter, sent to all financial aid and scholarship recipients, announces that Financial Aid Forms (FAF) now are available in the Financial Aid office. The newsletter also outlines procedures and

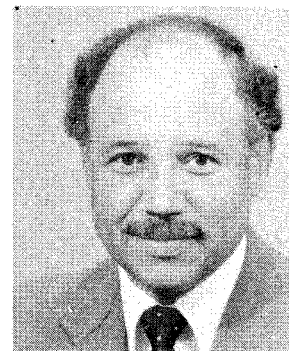

application deadline dates for Pell Grants, Merit Scholarships, Guaranteed Student Loans, and more.

Display tables will be set up around campus for "Financial Aid Awareness Week," February 3 through 7. Faculty and students are invited to stop at the display tables to ask questions, discuss problems and pick up literature.

A financial aid counselor is available throughout the year in the Office of Scholarships and Financial Aid. Instruct students to make an appointment by calling ext. 4103.

PUBLIC SAFETY DIRECTOR CELEBRATES ANNIVERSARY

Director of Public Safety Zane L. Rybkowski was honored by department staff for ten years of service to SVSC at a surprise dinner held at the Linden-Hof Restaurant, Bay City, on January 5. Rybkowski, selected by President Ryder as SVSC's first Public Safety director in 1976, formerly was a veteran of the Bay City Police Department and had several years of experience as a state probation officer. Initially Rybkowski directed the 'Safety and Security Office,' later reorganizing it into a Public Safety Department with a distinct police division and parking bureau. In 1980 the Motorist Assist program was added to the department.

Rybkowski is credited with working with local legislators in 1980-82 on a bill that allowed SVSC to create a public safety department with sworn officers, wholly accountable to the College. The bill became law as Public Act 21, March 4, 1982.

According to Lt. Craig Maxwell, the College's "legal ability to create its own public safety department is a distinction enjoyed by SVSC alone among Michigan's institutions of higher education."
