SVSC NAMES INTERIM DEAN OF EDUCATION

Dr. Kenneth R. De Pree has been named interim dean of the School of Education. He will serve for a ten month period extending from August 1, 1986 through May 30, 1987.

Since 1971 De Pree has been superintendent of the Hyde Park school system in Hyde Park, New York. "During his tenure with the Hyde Park School District, Dr. De Pree has established a reputation as a dynamic, forceful leader who understands the elements of a sound educational program and can direct and support the delivery of that system," said Dr. Robert S. P. Yien, vice president for academic affairs. "We believe his guidance will be most helpful as the college adjusts to increased demand for enrollment in teacher education programs."

De Pree attended Hope College, Holland, MI. He earned a bachelor's degree in elementary education from Michigan State University. He holds a Master of Arts and a Ph.D. in education administration and supervision from MSU.

Except for a year of service as executive assistant to Michigan Senator Robert VanderLaan in 1970-71, De Pree's career has been in education. He was superintendent of Northview Public Schools and of Saugatuck Public Schools before he joined the Hyde Park system. He also served as elementary teacher and principal for the Cassopolis, MI, Public Schools from 1959 to 1962.

During that time, Dr. Jack M. Ryder was superintendent of Cassopolis Schools.

De Pree replaces Dr. Guy M. Lee, Jr., who resigned as dean to devote full time to teaching and to work on the "Effective Schools" project for the Middle Cities Association Task Force.

TEACHER EDUCATION ENROLLMENTS EXPANDING AT SVSC

SVSC officials are reporting a sharp increase in demand for their teacher education programs in recent months.

"Along with other Michigan colleges and universities, SVSC is experiencing tremendous demand for education programs, particularly the undergraduate program," said Dr. Robert S. P. Yien, vice president for academic affairs. He linked the trend to the teacher shortage that is expected to occur in the near future when many current teachers reach retirement age. At the same time, (See "Enrollments," page 2)
TEACHER EDUCATION ENROLLMENTS
(Continued from page 1)

Elementary school enrollments are beginning to climb.

Enrollment in the undergraduate teacher education program at SVSC grew by 125 percent since the summer of 1985, according to Dr. Elaine Stephens, chairperson of the department of curriculum in SVSC's School of Education. She said the number of applications for admission to education programs tripled in the past year.

The growing student body precipitated scheduling problems for SVSC's School of Education. Classes required for the major filled rapidly and often had waiting lists. In an effort to solve the problem, Yien scheduled meetings involving the education dean and faculty.

"We concluded that the College's first responsibility is to provide a quality education for the increased number of students who already have entered the program," Yien said. "Therefore, many extra sections are being added for the 1986-87 academic year."

He said the courses will be offered at a variety of times, including day, evening, and Saturday sessions whenever possible. "This will assist the large number of non-traditional (over age 25) students," he said, explaining that many older students have full or part time jobs.

The expanded class schedule includes added sections of Introduction to Teaching, Introduction to the Teaching of Reading in Elementary School, Science for Elementary Grades, Mathematics for Elementary Grades, Social Studies for Elementary Grades, and General Secondary Methods.

Yien views the addition of class sections as only a partial solution to the problem, however. "Rapidly increasing enrollments in the undergraduate teacher preparation program could soon outrun our available resources in both the School of Education and related departments that provide foundation courses for the program." He said SVSC will maintain its commitment to quality education by imposing additional requirements for admissions to the undergraduate teacher preparation program.

"Beginning with the winter semester of 1987, we will use a new selection procedure that seeks to identify the most qualified students who have the highest potential of becoming superior teachers," Yien said. He indicated that details of the selection process would be announced in late September of 1986.

SVSC already has special admission requirements for some other academic programs, such as nursing and social work. Students must meet all general college admission requirements, as well as completing additional requirements before full admission to those programs.

BERNYCE SMITH TO RETIRE

Dr. Bernyce S. Smith, professor of education and English, will be ending her 13 year tenure at SVSC on June 30. Her retirement was announced by Dr. Guy M. Lee, dean of the school of education.

Smith joined the SVSC faculty in 1973. She holds a Bachelor of Arts from Savannah State College and a Master of Arts from Teacher's College, Columbia University. She earned her Ph.D. from Michigan State University. Smith and her husband, James, are residents of Saginaw.

PHILIP BEAL ACCEPTS HOPE COLLEGE POSITION

Dr. Philip Beal has been named Dean for Student Development at Hope College in Holland, Michigan.

Beal was dean of men and vice president for student life at Pacific Lutheran University in Tacoma (WA) from 1968-73 and 1973-78, respectively. In 1978 he was a visiting scholar to the National Center for Higher Education Management Systems in Boulder (CO). He was appointed as SVSC's dean of students in 1979.

"I've enjoyed these seven years, and I appreciate the support from so many at the College," Beal said, "especially from all members of the Student Life staff.

"At Hope College, I will report to the president and will head a broad student development program, with several offices similar to those at SVSC."

The campus community is invited to a farewell reception set for Monday, July 7 from 3:00 to 5:00 p.m. in lower level Doan Center. Refreshments will be served.
BUILDING UPDATE

Item - Move to I.F. 2: Delivery of classroom and office furniture is tenta-
tively scheduled to begin Monday, August 11, and will require about 15 days to complete. Classrooms and labs will be set up during the month of August. Materials from current office locations cannot be moved until new furniture is in place; therefore, faculty office moves will begin the last week of August. The following priorities have been established for the move:

1. Classrooms and labs.
2. Offices for faculty who lost space to the construction of the 2nd floor connector.
3. Offices of faculty with science laboratories in I.F. 2.
4. Other faculty offices.

Because of total time requirements, some of the office moves will be completed after classes begin in September.

Also, a decision has been made to delay placing the Melvin J. Zahnow Library into use until winter semester, according to Vice President for Administration and Business Affairs Jerry A. Woodcock. In addition, dedication ceremonies initially scheduled for October have been postponed. Woodcock said a decision will be made later to reschedule dedication of I.F. 2 in the spring or fall of 1987.

Item - Temporary Employees for Move to I.F. 2: While professional movers will perform many of the tasks associated with moving into I.F. 2, temporary part-time help at $3.35 per hour also will be employed. The following priority system has been established for identifying potential employees:

1. SVSC students studying in the discipline of the department to be moved.
2. Other SVSC students.
3. Dependents of SVSC faculty and staff members.
4. Delta College and other students.

Those who wish to be considered for employment should be available during August for short term employment on short notice. Individuals interested in working are asked to contact the Personnel Office at extension 4108. Openings will be filled in the order that names are received. Persons must be 17 or older to qualify.

Item - H. & P. E. Complex: On June 19 the State Joint Capital Outlay Committee gave its approval to schematic drawings for the complex and released funds to proceed with preliminary drawings.

Item - Capital Outlay Forum: Concensus of the small group attending the first forum to discuss future building needs for SVSC was that a "campus center" should receive top priority. Jerry Woodcock opened the meeting with an outline of the methods used to finance construction, noting that all building, whether from State funding, private sources, or self-liquidating in nature, requires State approval. Depending upon the nature of the project, the State may be asked to pay operating costs of the building when construction is completed.

Bob Hanes, director of engineering services, detailed the campus master plans of 1967 and 1979, pointing out that the construction of the health and physical education complex will complete most of the work scheduled in phase 3 of a six-phase plan proposed in the master plans. He indicated that money is available through the State's "Lump Sum Fund" to complete a retention pond north of College Drive.

Facilities suggested for incorporation in the campus center ranged from a chapel to conference and continuing education facilities, a bookstore, a "campus lounge" and a banquet hall/ball room with kitchen facilities.

Other needs identified included a computer center, an auditorium (suggestions were to make this part of the campus center or of the Fine Arts Center), storage facilities, an additional instructional facility, and a "flexible, multi-purpose facility" that could be easily adapted to changing needs.

The second capital outlay forum will be held Wednesday, September 17 at 4:25 pm. in Lower Level Doan Center. Capital outlay requests are to be submitted to the State in November.

LEE NAMED ALUMNI COORDINATOR

Alberta G. Lee has been named SVSC's Coordinator of Alumni Relations. Her appointment, effective immediately, was announced by Dr. Albert Beutler, executive director of development.

Lee will be responsible for planning and implementing alumni activities both on and off campus. She will act as liaison between SVSC and its alumni body. Her duties include production and distribution of SVSC Alumni Association board minutes and of the "Alumni Announcer" newsletter. She also will coordinate the computer updating of alumni records.

For the past five years Lee has been employed by the J. C. Penney Company in merchandise management, progressing from an intern in the management program to Senior Merchandise Manager. She earned a Bachelor of Business Administration degree with a major in marketing from SVSC. While attending SVSC, she served as secretary in the school of nursing and allied health sciences. She was a member of the SVSC Business Club. Lee and her husband, Cecil, reside in Saginaw. They are the parents of a son.

BRIEFLY SPEAKING

"You Are The Game: Sexual Harassment on Campus" is the title of a new video available in Learning Resources. According to Ed Nordine, media/systems librarian, the program will serve the educational needs of three groups within the academic community:

...to help students learn they have a right to be free of intrusive, discriminatory behavior, and encourage them to seek help when needed.

...to help faculty understand the disruptive effect of certain behaviors on students and the educational environment, and to assume responsibility for preventing it.

...to help administrators appreciate the seriousness of student requests for assistance and accept responsibility for fashioning fair and effective remedies.

Contact Ed Nordine at ext. 4244 to view this video cassette.

Central Stores is closed through June 27 for inventory. No orders will be filled until June 30.

The SVSC Bookstore will be closed for annual inventory Thursday and Friday, June 26-27. In addition, the Bookstore will be staying open from 9:00 a.m. to 7:00 p.m. for a student "Used Book Buy Back" on June 24 and 25.

Winter 1986 marked the graduation of 252 students from SVSC. Degrees earned included 29 M.A.T.s, 8 M.B.A.s, 1 M.A., 80 B.A.s, 44 B.S.s, 54 B.B.A.s, 23 B.S.N.S., and 13 B.S.W.s. A total of 24 students graduated cum laude, with 19 finishing magna cum laude and 31 summa cum laude.

PEDAL POWER--Persons from Saginaw and Bay Counties pedalled a course around SVSC's campus as part of a Cystic Fibrosis Bike-A-Thon Saturday. Pledges from the bike-a-thon will be donated to cystic fibrosis research.
PROFESSIONAL PROFILE

--Dr. Charles B. Fields, assistant professor of criminal justice, is one of ten academicians selected by the Bureau of Justice Statistics (BJS) to attend a workshop, titled "Quantitative Analysis of Crime and Criminal Justice," June 30 - July 25. The sessions will be held at the Inter-University Consortium for Political and Social Research in Ann Arbor. The BJS awarded each of the ten participants a stipend of $2000 to attend the workshop.

--Mr. Michael Dozier, assistant director of physical plant, will present "Sports Field Maintenance" at the first annual Midwest Sports Turf Institute, June 26. The conference will be held at the College of Dupage, Glen Ellyn, Illinois.

PERSONNEL

ASSISTANT PROFESSOR OF EDUCATION: Full time, permanent (new). Requires an earned doctorate with a minimum of three years of successful elementary classroom teaching. Salary negotiable. Deadline for internal applications is June 30, 1986.

The campus will be closed Friday, July 4 in observation of Independence Day. The holiday will not affect the July 11 payroll, with time cards collected Monday, July 7, 10:00 a.m. at the usual locations.

CALENDAR PRODUCTION STARTED

The 1986 Fall Calendar of Events currently is in production. Deadline for information is Thursday, July 10. Submit details to Tim Inman, Administrative Services Building; or call ext. 4054.

HIGH FIVE

A total of 25 athletes were honored for their efforts for the 1986 SVSC baseball team.

Heading the list was junior shortstop Greg Chapie who took "Most Valuable Player" honors. The 1986 team "Batting Champion" was senior first-baseman Chris Coulter, who hit .364 and tied the school record with nine homers. The "Outstanding Defensive Player" award went to sophomore third baseman Ray Stover. Taking "Outstanding Pitcher" honors was sophomore Jeff Shembarger. Three freshmen also were recognized by fourth-year coach Walt Head. Pitcher Mike Hill was named "Most Improved Player," second baseman Tolly Noe took "Rookie of the Year" honors, and catcher Dave Albee claimed the "Coaches Award." The "Coaches Award" recognizes the player that demonstrates superior characteristics on and off the field, including attitude, citizenship, leadership, and scholarship.

Four-year letterwinners centerfielder Bryan Kuehne and designated hitter-first baseman Doug Schobert were among five key seniors who will be missed next year. In addition to Coulter, seniors Garth Brittenham, a pitcher-outfielder, and pitcher-utility man Mike Lemonds will be lost. A total of 20 letterwinners are expected to return next fall.

Head, the NAIA District 23 "Coach of the Year," led his team to its finest season ever, posting a 38-18-1 record on the way to the school's first district championship. The Cards also finished second in the NAIA Area VI tournament.
