February 24, 1987

LIBRARY MOVE UNDER WAY

What began with seven books in 1964 and grew to more than 42,000 books in 1969 is now a collection of 145,000 volumes.

And all those volumes of information now are being moved from first floor Wickes to the newly-completed Zahnow Library. In the meantime, the library will be closed.

A similar move occurred in 1969 when the 42,000-book collection was moved to Wickes Hall. Now, the 145,000-plus accumulation is being moved once again, this time to the spacious, open architecture of the Melvin J. Zahnow Library, two buildings away.

In 1969, the move was accomplished through a "book brigade" of students, faculty, staff and community members.

With the advent of modern technology however, the sophisticated equipment cannot be entrusted to novices.

Rather, library director Clifton Jones will call upon the services of a professional mover to transfer the tomes to their new home via dollies and trucks.

Jones said the Zahnow Library is one of the largest academic libraries in the area. In addition, the library is part of the Valley Library Consortium with Delta College and the Public Libraries of Saginaw. It also offers inter-library services with more than 2,000 libraries nationwide.

The move, which began February 18, is scheduled to be completed by the time students return from spring break Monday, March 9.

Etceteras...

... In 1969, when the library was moved to Wickes Hall, Saginaw Valley College had 1,317 students. Melvin J. Zahnow, for whom the new SVSC library is named, was secretary to the SVC Board of Control. Dr. Samuel D. Marble was president.

... In 1964, there were seven books owned by the SVC library kept in the basement of Delta College. In 1966, that figure grew to 1,362 and the staff size increased from two to seven.

... Between 1966 and 1969, 2,000 books a month were ordered, according to a North Central suggestion that a library of SVC's size contain 50,000 volumes.

... The Zahnow Library is 68,000 square feet, compared to the 18,000 square feet the library occupied in Wickes Hall.

... In 1969, the library subscribed to 270 magazines and eight major newspapers. Today, the library subscribes to 900 journals and 21 newspapers.

... There are 11,435 rolls of 35-millimeter microfilm and 14,000 sheets of microfiche.
ENROLLMENT CONTROL
COMMITTEE FILES REPORT

The Enrollment Control Study Committee, appointed by
President Ryder on Oct. 30, 1985, has summarized results
of its work and recommenda-
tions in a report being
printed for campus distribu-
tion. Supporting documents
used by the committee also
will be available for review
in the office of the Dean of
Student Affairs.

The committee was established to study issues related to
rapid growth in Saginaw Valley
State College's student body
while state funding was not
keeping pace. The group was
asked to develop recommen-
dations regarding admissions
policies, study the impact of
the current tuition and fee
structure on enrollments and
determine whether recruiting
at the community college level
should be emphasized over
seeking first-time-in-college
students.

Committee members included Mr.
Richard Thompson, chairman; Dr.
Robert Braddock, Dr. Robert
Cheek, Dr. Ann Dickey, Mrs.
Mary Graiver, Dr. James
Mitchell and Mr. Dan Strasz.
Andy Merchan also served on
the committee during the current
academic year.

A series of open forums was
conducted to secure input from
all campus constituencies, and
a number of complex issues
surfaced during the meetings
and the committee's deliber-
ations. They include faculty
needs, facility needs, basic
skills, the SVSC mission, ways
of achieving cost effective-
ness and minority enrollment.

Various data were studied and
admissions standards of
Michigan's 15 public colleges
and universities were com-
pared.

Based on its study, the
committee recommends that
SVSC support a plan of growth
management that will slow the
rate of enrollment increase
so that resources will be
adequate to provide quality
instruction. A goal is to
cover a higher proportion of
instruction with full-time
faculty, within the normal
12-hour teaching load, and
fund essential support
services.

Specifically, the committee
recommended that the fall
freshman classes be limited
to 650 to 700 students and
that total new student
enrollment be limited to
1,700 or fewer students.
Other recommendations deal
with the Basic Skills
Program, non-traditional
FITC's, transfer students and
admission requirement for
various types of students.

The report has been reviewed
by the President and appro-
priate campus groups. Copies
will be distributed soon.

CAMPUS DEVELOPMENT UPDATE

The next step in a long-range
effort to control water
accumulation on campus is in
progress with the awarding of
a contract to construct a
retention pond near the
intersection of Davis Road
and College Drive East. The
pond is particularly needed
to handle runoff from the
roofs of I.F.-2 buildings and
adjacent buildings and
parking lots, according to
Vice President for Adminis-
tration and Business Affairs
Jerry A. Woodcock.

Bids on the project were
opened Feb. 5, Woodcock said,
but for technical reasons, a
portion of the contract was
rebid. Contract for the
project, which is funded by
the state of Michigan, was
awarded to Champagne and Marx
Excavating of Saginaw.
Woodcock said the project is
expected to be completed by
the end of the current winter
semester.

AREA HIGH SCHOOLS TO
COMPETE IN COMPUTER CONTEST

Students from nearly 20 tri-
cities area high schools will
attempt to solve a series of
computer problems in just a
few hours during SVSC's 1987
High School Computer Program-
ing contest Friday, Feb. 27.

Computer wizards from 75 area
high schools were invited to
participate in the two-hour
long competition. Teams, each
consisting of a trio of
students, will be given
programming problems solvable
in any of the contest
languages -- Basic, Turbo
Pascal and Microsoft Fortran
77.

The contest is sponsored by
SVSC's chapter of the
Association for Computing
Machinery and will take place
in the Doan Center. Inacomp
Computer Center and Computer-
land, both of Saginaw, and
Midland Computer Shop
provided equipment for the
contest.

Randall Hock, chairman of the
computer science department,
said the program is unique
because it allows high school
students to pit their
programming skills against
those of their peers.

Maureen Galsterer, a computer
science student, is the
contest's director. In May,
she will be the first
computer science major to
graduate from SVSC. Galsterer
said among her reasons for
becoming the contest's
director was because she felt
the contest is a unique
(Please turn to page 3)
opportunity afforded high school students. She also plans to enter graduate school in the fall to obtain a teaching certificate in computer science.

"It gives them an opportunity to see what computer science is all about," she said. The students will actually program computers.

**SUMMER CLASS REGISTRATION SET**

Advance registration for the five summer class terms begins Monday, March 9.

Registration by class standing will take place March 9 and 10 between 9:00 a.m. and 1:00 p.m. and 3:00 and 7:00 p.m. Open registration will take place weekdays between 9:00 a.m. and 4:00 p.m. March 11 through 18. All registration is in the Registrar's Office.

Payment is due by 4:00 p.m., March 25 in the cashier's office. Mailed payments must be postmarked by March 21.

The first of the sessions gets under way May 4.

Advance registration for the fall semester is tentatively set for April 6 through 15 with classes beginning Aug. 31.

**LANDEE NOMINATIONS SOUGHT**

Nominations are now being sought for the Franc A. Landee Award for Excellence in Teaching. A five-member committee will select the recipient based upon information provided in nominations forms received.

Landee was a research chemist at Dow Chemical Co. who also taught part time at SVSC. After his death in 1968, a memorial fund was established to annually recognize an outstanding educator at SVSC.

Each ballot is considered for reasons of the particular choice, regardless of the quantity of ballots an instructor receives. Ballots are available in Room 208, Pioneer Hall. Ballots must be returned by March 1 to be considered.

The 1987 committee is chaired by Dr. Thomas Kullgren, dean of the school of science, engineering and technology. Other members of the committee are Pamela Hensley, alumna; Andrew Merchak, president of student senate; Gerald Blumenau, Board of Fellows; Dr. Sam Sarkar, past Landee Award recipient and professor of economics; and Dr. Crystal Lange, chairperson-elect and dean of the school of nursing and allied health sciences.

For more information, call Kullgren at extension 4144.

**CALLIGRAPHY, WRITING WILLS**

**SPRING COURSE OFFERINGS**

The Conference Bureau is scheduled to offer two new non-credit courses during March and April.

The courses, Advanced Calligraphy and Understanding Wills and Writing Your Own, will take place during two-hour time blocks.

Advanced Calligraphy will take place Mondays, March 9 through April 27, from 7:30 to 9:30 p.m. The class costs $45.

Students will work and learn different forms of italic used throughout history. A finished piece ready for framing will be made.

Joan Schroeder will teach the course. She has a degree in art from Whitworth College in Spokane, Wash.

The wills writing course will take place Wednesdays, March 11 through April 8, from 7:00 to 9:00 p.m. Cost of the class is $28.

The course is designed to help individuals determine whether a will is needed and offer guidance to those with existing wills.

The course instructor will be Dr. William G. Elliott, SVSC professor of business law. Non-credit courses do not involve grades and cannot be counted toward college credit.

The registration form and fee may be submitted prior to the first class at the '68 Building, Room 115. Registration may also be made at the first class meeting and the tuition fee paid at that time.

For further information, contact the Conference Bureau at extension 4162.

**GRADUATION APPLICATIONS DUE**

Students that wish to participate in 1987 commencement exercises must have their applications into the Registrar's Office by Friday, March 13.

Applications for audits to be performed before May 5 are due to the Registrar's Office by March 27.

Students that wish to be considered for an August degree should have their applications into the Registrar's Office by June 25.

For more information, call the Registrar's Office, at extension 4087.
February 23, 1987

The SVSC Board of Control met in special session today to consider a proposal for prepayment of Housing and Auxiliary Facilities Revenue Bonds (Series A) and to set President Jack M. Ryder's 1987 salary. There is a Feb. 27 deadline for filing the application to prepay the Series A bonds, and President Ryder's contract calls for annual review of his compensation.

Board member Jo Saltzman moved to set President Ryder's 1987 base salary at $75,000, with an additional $6,000 in deferred compensation for an annual total of $81,000. The salary adjustment is retroactive to Jan. 1 and amounts to a 6.2 percent increase over Dr. Ryder's 1986 salary of $70,275 plus $6,000 deferred compensation.

In approving the new salary, Board members noted that it is very consistent with presidential/chancellor salaries at other Michigan public colleges of similar size. Dr. Ryder expressed his appreciation for "the confidence (the Board exhibits) in my administration." He pledged a continuation of efforts to provide leadership to the College. "There has been progress in many areas," he said, crediting the success to the efforts of many people. "It (progress) takes a lot of people, and we have an outstanding faculty and excellent administrators."

Ryder noted he has served as SVSC president for more than 12 years, and is second only to President Lubbers of Grand Valley State College in length of tenure at a Michigan public college or university.

In accord with a recommendation by State auditors, the salaries of SVSC's two vice presidents were announced. They also will appear on the listing of all SVSC personnel salaries that is available for public review in the library. (Current figures are being compiled and will be available in March.)

Vice President for Administration and Business Affairs Jerry A. Woodcock will receive a salary of $71,550 in 1987, a 6 percent increase over his 1986 salary of $67,500. Vice President for Academic Affairs Robert S. P. Yien will receive a 7 percent increase from $62,000 to $66,340 in 1987. "Both have done fine jobs," commented Dr. Ryder. He added that both are "overworked, especially with all the new construction." He reminded Board members that the NCA report, due at the end of the month, typically includes recommendations for further improvement of the institution, and "I know these men will assist to implement any recommended changes."

On a roll call vote, Board members unanimously approved the resolution to apply for prepayment of Series A bonds. Vice President Woodcock explained the College is working with a legal firm, Miller-Canfield, to examine implications of the proposal and develop a prepayment plan. While the College must file its application for prepayment by Feb. 27, a final decision confirming the application and presenting a payment plan does not have to be made until May 31. The Board will consider its final action on the matter when full details are available in April or early May.

Board members moved to executive session to discuss collective bargaining, reconvening as a Committee of the Whole at 1:30 to continue a discussion of Board operating policies. A complete review of Board operating policies began in August, 1986, with a second review session occurring on Nov. 17. Today's discussion began with Operating Guide 3.0-18, "Agenda for Special Meetings."

An ad hoc committee comprised of Board members Mr. Charles Curtiss, Dr. Richard Gilmore (Board chairman), Mrs. Joyce Woods, and Vice President Yien had prepared suggested changes to Operating Guide 3.0-7, "Standing Committees." Concensus was to hold their report until all sections of the operating policies had been reviewed. The review will continue at future meetings.
CONSTITUTIONAL DEBATE

Zolton Ferency, attorney and professor of criminal justice at Michigan State University, addresses an audience of more than 50 people during a debate on "The Meaning of the Constitution." Participants on Feb. 11 also included, from left, John Castillo, director of the Michigan Department of Civil Rights; moderator Dr. Raymond Pfeiffer, associate professor of philosophy at Delta College; and Philip Van Dam, a private attorney in Midland. A panel discussion on the amendments and interpretations that have changed the U.S. Constitution is the next scheduled event celebrating the Constitution's 200th birthday, at 7 p.m., Wednesday, Feb. 25, in the Delta College Theatre. The discussion, "What Has Happened to the Constitution?," features three Delta College professors as panelists and Jeremy Kilar, Delta professor of history as moderator. Scheduled to be part of the panel are Dr. E. Paul Lee, professor of law enforcement; Dr. Santiago Peregrino, assistant professor of political science; and Dr. John Wilhelm, professor of political science.

individual with the highest test scores.

Emmendorfer scored 95 percent, 96 percent, 97 percent and 98 percent on each of the exam's four parts, given simultaneously in all 50 states, the Virgin Islands and Puerto Rico.

According to Dr. James Mitchell, dean of the school of business and management, in his 28 years of education, "I have never heard of scores like these."

ENTREPRENEURS BENEFIT FROM TAX AWARENESS

Improper record keeping is probably the chief reason why many businesses overpay their taxes. Mary Ann Sutton-Badour claims her book, the "Business Expense Recorder," could aid small business owners in their tax preparations and possibly save them money.

Sutton-Badour will discuss her record keeping system and highlight major points of the new tax reform bill during the Wednesday, March 11 meeting of the Saginaw Valley Entrepreneurs Club.

The meeting will begin with a social/networking hour at 6:00 p.m., followed by dinner at 6:45 and Sutton-Badour's address at 7:45 in the lower level of the Doan Center.

According to Amy Ferguson, assistant director of the Business and Industrial Development Institute, Sutton-Badour will describe tax strategies she uses in her own business to increase earnings.

Reservations for the meeting are due to the BIDI office by Friday, March 6. To register, or for more information, contact BIDI at ext. 4047.

SVSC STUDENT RECEIVES STATE CPA EXAM HONOR

Marie Emmendorfer of Freeland, recently received the William A. Paton Award for having the highest scores in Michigan on the November 1986 Uniform CPA Examination.

The Paton Award is given annually by the Michigan Association of Certified Public Accountants to the
6 The Valley Film Society will show "Dersu Azala," beginning at 8 p.m. in Wickes Lecture Hall. A Russian expedition to map Siberia is assigned a crafty peasant as guide.

10 Candace Anderson, a singing storyteller, will weave her magic during the Salad Bar Concert beginning at 11:30 a.m. in lower level Doan. For more information, call ext. 4170.

11 The Saginaw Valley Entrepreneurs Club will meet beginning at 6 p.m. for dinner and a lecture in lower level Doan. Mary Ann Sutton-Badour, owner of Marshall Realty, will discuss business tax awareness. For more information, contact the Business and Industrial Development Institute at ext. 4047.

Dr. Eric F. Petersen, professor of history, will address "Crisis and the Constitution," beginning at 7 p.m. in the Theatre. For more information, call ext. 4337.

13 SVSC will host area high school students for Science and Engineering Day beginning with a 9 a.m. opening address in the Theatre. Demonstrations and presentations will follow. For information, call Dr. Thomas E. Kullgren at ext. 4144.

17-18 A St. Patrick's Day special features a caricature artist from 4 to 7 p.m. each day in an IF-2 lounge. For more information, call ext. 4170.

20 A sad and poignant tale of a concert pianist who tries to forget his past in a Paris dive, but becomes entangled in the underworld, is told in "Shoot the Piano Player." The Valley Film Society selection will be shown beginning at 8 p.m. in Wickes Lecture Hall.

21 A Bank Administration Institute Seminar will take place in the lower level of Doan Center and Wickes Lecture Hall from 8 a.m. to 3 p.m. For further information, call ext. 4162.

23-29 The theatre department will present "J.G., Specs and Angie" Wednesday through Friday at 9:30 a.m. and 1 p.m. for elementary school children. Adult performances are scheduled for 8 p.m. Friday and Saturday and matinee performances on Saturday and Sunday at 2 p.m. All performances are in the Theatre. For more information, call ext. 4306.

24 "Science in Technology: Plans and Policies of Selected Developing Countries," will be discussed by Dr. Mahendra S. Kanthi, associate professor of economics, in the faculty lounge of Wickes Hall beginning at 4 p.m.

-- MORE --
"The Constitutions Compared" is the topic of a panel discussion featuring Dr. Francis J. Conte, professor of law at Detroit College of Law; and Dr. Rodolfo Martinez, associate professor of education at Wayne State University. The discussion, with moderator Dr. David Weaver, SVSC professor of political science, will begin at 7 p.m. in Delta College's Theater. For further information, call ext. 4337.

Students in middle and senior high schools will present individual and group projects on historical topics during History Day, from 9 a.m. to 3 p.m. at SVSC. For further information, contact either Thomas Renna at ext. 4363 or Thomas Trombley at 799-5125.

Dr. Hope Palmer, a speaker with the Detroit Institute of Arts, will present her second slide show on modern Latin American Art beginning at 6:30 p.m. in Doan Center. The topic of her lecture is "The Images Realized: Recent Directions in Latin American Art."

Three country and bluegrass bands will perform during the Country Spectacular from 7 to 9 p.m., in Cardinal Gymnasium. For more information, call ext. 4162.

A Children's Health Fair will take place in Doan Mall from 9 a.m. to 3:30 p.m. each day.

SVSC's Concert Band will perform from 7:30 to 10:30 p.m. in the Theatre. For more information, call ext. 4389.
