RESEARCH GRANTS (Graduate Students and Postdoctoral Scholars)
TRUMAN (Harry S.) LIBRARY INSTITUTE FOR NATIONAL AND INTERNATIONAL AFFAIRS
Research Grants (Annual deadlines: 4/1 and 10/1) provide up to $2,500 to graduate students, postdoctoral scholars, and advanced researchers to enable travel to Truman Library and use of its collections over one to three weeks. Dissertation Year Fellowships (2/1 annually) provide $16,000 to graduate students and Scholar's Awards (due 12/15 in odd numbered years) provide up to $30,000 to postdoctoral scholars conducting research on Truman’s life or foreign policy from the Truman years. See http://www.trumanlibrary.org/grants/ for details.
Application Deadline: February 1, 2014

NEA FOUNDATION GRANTS • NATIONAL EDUCATION ASSOCIATION FOUNDATION
Provides grants to improve academic achievement of students in U.S. public schools and public higher education institutions in any subject areas. Student Achievement Grants (up to $5,000) support initiatives to improve academic achievement. Learning and Leadership Grants support high-quality professional development--$2,000 for individuals and $5,000 for groups. Higher education faculty and staff may apply. Annual deadlines: 2/1, 6/1 and 10/15. See http://www.neafoundation.org/pages/grants-to-educators/ for details.
Application Deadline: February 1, 2014

MARY BAKER EDDY LIBRARY FELLOWSHIPS • MARY BAKER EDDY LIBRARY
Awards fellowships to scholars and other researchers for research in its collections in the fields of women's history, spirituality and health, religious studies, 19th-century history, architecture, and journalism. Eligible applicants include doctoral and postdoctoral scholars, faculty members, independent researchers, and graduate students. Fellowships are available for up to eight weeks. Fellowship awards are based on "scholar weeks" and are offered in the amount of $700 per scholar week. See http://www.marybakereddylibrary.org/collections/fellowshipapplications.jhtml for details.
Application Deadline: February 3, 2014

RESEARCH GRANTS AND FELLOWSHIPS • AMERICAN HISTORICAL ASSOCIATION
Supports several small research grants (up to $1,000; deadline 2/15) in the following areas: history of the Western hemisphere; colonial American history, with particular reference to the intercultural aspects of American and European relations; U.S. legal history and the field of law and society; and history of Europe, Asia, and Africa. Only AHA members are eligible to apply for these grants. Also supports three fellowship programs (one award per fellowship/deadline 3/15 or 4/15) in the areas of American History and Aerospace History. See http://www.historians.org/prizes/Grants.htm for details.
Application Deadline: February 15, 2014

RESEARCH AND SCHOLAR PROGRAMS • RUSSELL SAGE FOUNDATION
Supports research exclusively in the social sciences. Project Awards of $35,000-$200,000 support basic social science research to improve social policies. Letters of intent are required by 2/15 and 7/1. Research Programs include: Social Inequality, Immigration, Future of Work, Behavioral Economics and Cultural Contact. Mainly supports analyzing existing data, not data collection. Also available: Visiting Scholar positions (9/30) and Small Grants Program in Behavioral Economics/Consumer Finance (applications accepted anytime). See http://www.russellsage.org/how-to-apply for details.
Application Deadline: February 15, 2014

ABILENE TRAVEL GRANTS PROGRAM • EISENHOWER FOUNDATION
Supports travel to Abilene, Kansas, not to exceed $1,000, where researchers may use the Dwight D. Eisenhower presidential library. Allows research of primary sources in history, government, economics, communications, and international affairs. Annual deadlines: 2/28 and 9/30. See http://www.eisenhower.archives.gov/research/travel_grants.html for details.
Application Deadline: February 28, 2014

College Support
Janet Rentsch, Director of Sponsored Programs is assisting the colleges of Business and Management, Education, and Health with grant information.
Pat Graves, Associate Director of Sponsored Programs is assisting the colleges of Arts and Behavioral Sciences and Science, Engineering & Technology with grant information, and will be assisting internal grant awardees.
RESEARCH INTO THE IMPACT OF ECONOMIC FLUCTUATIONS ON ALCOHOL CONSUMPTION, DRINKING PATTERNS, AND PREVENTION AND TREATMENT OF PROBLEM DRINKING AND RELATED PROBLEMS
NATIONAL INSTITUTES OF HEALTH

This opportunity encourages research that will significantly add to existing knowledge about the relationship between economic fluctuations and drinking rates and patterns and drinking-related problems, as well as the likely effectiveness of established and developing approaches to the prevention and treatment of problem drinking, alcohol use disorders, and drinking-related problems. Research efforts might target the specific ways in which major economic changes differentially impact drinking patterns among diverse sociodemographic and age groups and labor force sectors. See http://grants.nih.gov/grants/guide/pa-files/PA-11-061.html for details.

Application Deadline: January 8, 2014

GRADUATE FELLOWSHIPS AND GRANTS • ECONOMIC HISTORY ASSOCIATION

The EHA supports research in economic history. Graduate Dissertation Fellowships (annual deadline: 1/15) are open to graduate students who are currently enrolled in a graduate program in a social science discipline or in history. No requirements as to topic area. Expected to fund several awards of $10,000 for a year of support and one Sokoloff Fellowship for $15,000. Applicants must be current members of the association. Exploratory Travel and Data Grants (annual deadline: 1/15), and Annual Meetings Travel and Hotel Subsidies (annual deadline: 5/21) also available. See http://eh.net/eha/grants-and-fellowships for details.

Application Deadline: January 15, 2014

AERA GRANTS PROGRAM • AMERICAN EDUCATIONAL RESEARCH ASSOCIATION

Supports the development of U.S. education researchers using NCES and NSF data sets for basic, policy and applied research. Programs include: Research Grants (up to $20,000 for one-year projects, or up to $35,000 for two-year projects) and Dissertation Grants (up to $20,000 for one-year projects). Education Research Conference Program (9/16/13) and Undergraduate Student Education Research Training Workshop (12/6/13) also may be available. See http://tinyurl.com/7u2aelq for updates.

Application Deadline: January 24, 2014

OPEN SOCIETY FELLOWSHIPS • OPEN SOCIETY INSTITUTE

Residential fellowships support individuals pursuing innovative and unconventional approaches to fundamental open society challenges. Projects should cut across at least two areas of interest to the Open Society Foundations: human rights, government transparency, access to information and justice, and the promotion of civil society and social inclusion. The diverse pool of applicants includes journalists, activists, academics, and practitioners in a variety of fields. Stipends are either $80,000 or $100,000. See http://www.soros.org/grants/open-society-fellowship for details.

Application Deadline: February 1, 2014

ECONOMICS OF RETIREMENT • NATIONAL INSTITUTES OF HEALTH

Supports research (R01; R03; R21) on the economic and health-related factors that influence older persons’ choices on labor force participation as they near typical retirement age and throughout the later stages of life. Calls for analysis of secondary datasets, development of new datasets, observational and experimental analysis, cross-national comparisons; and quasi-experiments enabled by changes in public policy. Research that identifies disparities between population segments or emphasizes at-risk groups is encouraged. See http://grants.nih.gov/grants/guide/pa-files/PA-11-138.html for details.

Application Deadline: February 5, 2014

ECONOMIC LITERACY GRANTS PROGRAM • CALVIN K. KAZANJIAN ECONOMICS FOUNDATION, INC.

Supports a wide range of projects aimed at increasing economic literacy, especially the best way to teach the subject (research, curriculum development); the impact of economic education (policy studies, measurement of economic understanding); and encouragement of youth/young adults to participate in the economic system after finishing school (research, conferences, outreach programs). New strategies for teaching economics including on-line and web-based instruction is of interest. See http://www.kazanjian.org/grants/apply for details.

Application Deadline: February 15, 2014
COMMUNITY ACTION GRANTS • AAUW
The AAUW Community Action Grants Program annually provides funds to individuals, AAUW branches, and AAUW state organizations as well as local community-based nonprofit organizations for innovative programs and non-degree research projects that promote education and equity for women and girls. The program's one-year grants ($2,000 to $7,000) provide funding for community-based projects. Two-year grants ($5,000 to $10,000) provide start-up funds for new projects that address the particular needs of the community and develop girls' sense of efficacy through leadership or advocacy opportunities. Project topic areas are unrestricted but should include a clearly defined activity that promotes education and equity for women and girls. Special consideration will be given to projects focused on the achievements of K-12 girls and community college men in science, technology, engineering, or math. Applicants must be women.
Application Deadline: January 15, 2014

GRANTS PROGRAM (Youth, Prenatal—21) • AMERICAN HONDA FOUNDATION
Supports projects that meet the needs of youth, especially minority students. Projects have included job training and math, science, technology, and environmental education improvement, including curriculum development. Emphasis is on broad, innovative, and forward-thinking projects with national scope. Annual deadlines: 2/1, 5/1, 8/1, and 11/1. Grants range between $20,000 to $75,000. Limited submission: one application permitted per 12 month period. See http://corporate.honda.com/america/philanthropy.aspx?id=ahf for details.
Application Deadline: February 1, 2014

NEA FOUNDATION GRANTS • NATIONAL EDUCATION ASSOCIATION FOUNDATION
Provides grants to improve academic achievement of students in U.S. public schools and public higher education institutions in any subject areas. Student Achievement Grants (up to $5,000) support initiatives to improve academic achievement. Learning and Leadership Grants support high-quality professional development--$2,000 for individuals and $5,000 for groups. Higher education faculty and staff may apply. Annual deadlines: 2/1, 6/1 and 10/15. See http://www.neafoundation.org/pages/grants-to-educators/ for details.
Application Deadline: February 1, 2014

RESEARCH GRANT PROGRAM • SPENCER FOUNDATION
Foundation focuses on four areas: Education and Social Opportunity; Organizational Learning in Schools, School Systems, and Higher Education Institutions; Teaching, Learning, and Instructional Resources; and Purposes and Values of Education. Also accepts field-initiated proposals outside these areas. Small Research Grants (2/6) offer up to $50,000 for pilot research and the initial phases of larger investigations. Major Research Grants (3/14 is last deadline before program is restructured) support projects up to $500,000. Deadlines refer to required preliminary proposals. See http://www.spencer.org/content.cfm/how-to-apply for details.
Application Deadline: February 6, 2014

RESEARCH AND SCHOLAR PROGRAMS • RUSSELL SAGE FOUNDATION
Supports research exclusively in the social sciences. Project Awards of $35,000-$200,000 support basic social science research to improve social policies. Letters of intent are required by 2/15 and 7/1. Research Programs include: Social Inequality, Immigration, Future of Work, Behavioral Economics and Cultural Contact. Mainly supports analyzing existing data, not data collection. Also available: Visiting Scholar positions (9/30) and Small Grants Program in Behavioral Economics/Consumer Finance (applications accepted anytime). See http://www.russellsage.org/how-to-apply for details.
Application Deadline: February 6, 2014

GRANTS FOR EDUCATION, COMMUNITY, AND MEDICINE/HEALTH • RGK FOUNDATION
RGK Foundation awards grants in the broad areas of Education, Community, and Medicine/Health. The Foundation's primary interests within Education include programs that focus on formal K-12 education (particularly mathematics, science and reading), teacher development, literacy, and higher education. All applicants must complete an electronic Letter of Inquiry from the Web site as the first step. RGK Foundation will entertain one electronic Letter of Inquiry (LOI) per organization in a twelve-month period. Multiyear grants are rare; most grants are awarded for a one-year period. The average Foundation grant is $25,000. See http://www.rgkfoundation.org/public/guidelines for details.
Next Grant Committee Meeting: March 7, 2014
RESEARCH ON THE HEALTH OF LGBTI POPULATIONS • NATIONAL INSTITUTES OF HEALTH
NICH and many NIH institutes support research (R01; R03; R21) to highlight lesbian, gay, bisexual, transgender, intersex (LGBTI), and related populations. Of special interest is research on how sexual orientation and gender identity influence health, perceptions and expectations about health, health behaviors, and barriers and access to health-related services. Also of interest, is how the household and family structures of LGBTI individuals influence the health, development, and well-being of children in these households and families. R01 annual deadlines: 2/5, 6/5, 10/5. Expires 5/8/15. See http://grants.nih.gov/grants/guide/pa-files/PA-12-113.html for R01 details.

Application Deadline: February 5, 2014

BEHAVIORAL AND SOCIAL RESEARCH ON AGING • NATIONAL INSTITUTES OF HEALTH
BSR's research program supports investigator initiated research on social, behavioral, and economic research and research training on the processes of aging at both the individual and societal level. BSR fosters cross-disciplinary research, at multiple levels from genetics to cross-national comparative research, and at stages from basic through translational. Unsolicited applications accepted on any relevant topic. R01 annual deadlines: 2/5, 6/5, 10/5. See http://www.nia.nih.gov/research/dbsr for more details.

Application Deadline: February 5, 2014

MODELING SOCIAL BEHAVIOR • NATIONAL INSTITUTES OF HEALTH
Many NIH institutes support research (R01) to develop and test theories and computational, mathematical, or engineering approaches to deepen understanding of complex social behavior. Of interest are applications that build transdisciplinary teams of scientists spanning a broad range of expertise. Teams should include investigators with expertise in the behavioral or social sciences as well as in computational and systems modeling. (computer science, mathematics, engineering, or other systems sciences). Expires 1/8/17.

Application Deadline: February 5, 2014

DIVISION OF NEUROSCIENCE AND BASIC BEHAVIORAL SCIENCE RESEARCH • NATIONAL INSTITUTES OF HEALTH
Supports unsolicited investigator-initiated research in basic neuroscience, genetics, basic behavioral science, resource development, technology development, drug discovery and research dissemination. High priority areas: biological functions of genes; cognitive, affect, stress and motivational processes and their interaction and role in mental disorders; and mechanisms (genetic, biological, behavioral, environmental) of social behavior. Accepts applications on any relevant topic. R01 annual deadlines: 2/5, 6/5, 10/5.

Application Deadline: February 5, 2014

RESEARCH FELLOWSHIPS AND GRANTS • AMERICAN BRAIN TUMOR ASSOCIATION
Provides critical funding to researchers working toward breakthroughs in brain tumor diagnosis, treatment and care. Offers: Basic Research Fellowships (1/8/14 per ABT) provide $100,000 for postdocs with the potential to conduct basic brain tumor research; and Discovery Grants (LOI due 10/9/13) provide $50,000 for for high-risk, high-impact projects. Also supports a Medical Student Research Fellowship (3/7/13). See http://www.abta.org/advancing-research/research-grants/ for details.

Application Deadline: February 8, 2014

PSYCHOSOCIAL/BEHAVIORAL RESEARCH IN AUTISM SPECTRUM DISORDERS • NATIONAL INSTITUTES OF HEALTH
NIMH, NICHD and NIDCD support exploratory research (R34) on psychosocial/behavioral treatments and innovative services research for autism spectrum disorders (ASD), including development of instruments to evaluate the impact of interventions, and comorbid symptomatology. ASD share a cluster of impairments in reciprocal social interaction, communication and the presence of stereotyped behavior or activities. Program is designed to support the initial development of a clinical trial. Annual deadlines: 2/16, 6/16, 10/16.

Application Deadline: February 16, 2014
NATIONAL ROBOTICS INITIATIVE (NRI) • NATIONAL SCIENCE FOUNDATION
Supports innovative robotics research and applications emphasizing the realization of co-robots acting in direct support of and in a symbiotic relationship with human partners. Also focuses on understanding long term social, behavioral and economic implications of co-robots across all areas of human activity. Collaboration between academic, industry, non-profit and other organizations is strongly encouraged. Topics may be related to NASA, USDA, NIH and NSF. Deadlines are second Thursday in November, annually after 11/13/14.

FELLOWSHIP AND GRANT OPPORTUNITIES • AMERICAN MUSEUM OF NATURAL HISTORY
Provides fellowships and research grants across several disciplines: comparative biology, anthropology, invertebrate zoology, paleontology, physical sciences (astrophysics and earth and planetary sciences), and vertebrate zoology. Programs available for undergraduate, graduate, and postdoctoral researchers with varying award amounts and deadlines.

SENSORS AND SENSING SYSTEMS (SSS) • NATIONAL SCIENCE FOUNDATION
Supports fundamental research on sensors and sensing systems, including methods to acquire and use sensor data on civil, mechanical, and manufacturing systems; advanced actuators, sensors, wireless sensor networks; new materials and concepts for sensing applications; power generation; and energy supply for sensors and sensing systems. Also funds research on incorporation of sensors into natural and engineered systems to achieve effective data acquisition and on processing and transmitting sensor data. Annual deadlines: proposal windows 1/15-2/15 and 9/1-10/1.

DYNAMICAL SYSTEMS (DS) • NATIONAL SCIENCE FOUNDATION
Supports research on the theories of dynamical systems, new analytical and computational tools, and novel application of dynamical systems to engineered systems. Special interest in transformative research on complex systems, uncertain or stochastic nonlinear dynamical systems, model order reduction of nonlinear or infinite dimensional dynamical systems, discrete nonlinear dynamical systems, and work with multi-scale multi-physics dynamical systems. Annual deadlines: proposal windows 1/15-2/15 and 9/1-10/1.

ENERGY FOR SUSTAINABILITY • NATIONAL SCIENCE FOUNDATION
Supports fundamental research and education in energy production, conversion, and storage. Processes for sustainable energy production must be environmentally benign, reduce greenhouse gas production, and utilize renewable resources. Current interest areas are Biomass Conversion, Biofuels, Bioenergy; Photovoltaic Solar Energy; Wind Energy; and Advanced Batteries for Transportation. Fuel cell proposals should be submitted to other CBET programs. See [http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501026](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501026) for details.

PROCESS AND REACTION ENGINEERING • NATIONAL SCIENCE FOUNDATION
Supports research on chemical reactions; chemical and biochemical phenomena occurring at or near solid surfaces; chemical processes with engineering significance or commercial potential; design and optimization of complex chemical and biochemical processes; dynamic modeling and control of process systems and individual process units; reactive processing of polymers, ceramics, and thin films; and interactions between chemical reactions and transport processes. Annual deadline: 1/15-2/20. See [http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=13361](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=13361) for details.
Greenhouse Service Learning Project • FY 11
David Karpovich, H.H. Dow Endowed Chair, was awarded $10,000 from the National Center for Science & Civic Engagement and $24,997 from the Michigan Campus Compact for a project allowing students to gain hands-on experience in the sampling and study of a wetland area and applying classroom lessons to locally grown food. This project employed practical ways for students to learn about nutrition, food production, and food security. Included in these were vermicomposting for recycling food waste into plant nutrients and space-saving food growing techniques, such as hydroponics, for small urban spaces. The vermicomposting and hydroponics technologies were then transferred to Delta College and Saginaw High School to initiate service learning in their STEM courses.

Analysis of fuel oil and crude glycerin emulsions for heating applications • FY 11
David Karpovich, H.H. Dow Endowed Chair, received $34,300 from the Michigan Soybean Promotion Committee for the project “Analysis of fuel oil and crude glycerin emulsions for heating applications.” The goals of this project were to develop simple procedures for preparing emulsions and provide further information on the emulsion properties. Over the course of this project, emulsion formulations were fundamentally changed to glycerin-in-oil emulsions resulting in improved pumping for furnace fuel systems, better spark-ignition performance, and easier cleaning and switching between emulsions and fuel oil.
Arts & Behavioral Sciences

- Jeffrey Koperski, Professor of Philosophy, received $82,191 from the John Templeton Foundation to support his research, *Divine Action and 21st Century Physics: Chaos, Quantum Mechanics, and the Effacement of the Small.*

Business and Management

- Joseph Ofori-Dankwa, The Harvey Randall Wickes Chair in International Studies, received $35,000 from Saginaw Public School District and $10,000 from the Saginaw Community Foundation to support the Summer Mathematics Camp with Ruben Daniels Middle School. This professional development opportunity was important for the mentors and middle school students to increase proficiency and interest in STEM related fields.

Health & Human Services

- Sally Decker, Professor of Nursing, received $6,145 from the Michigan Bureau of Health Professions for the Nurse Scholarship Program 2013-2014. These scholarships benefit our nursing students.
- Joshua Ode, Associate Professor of Kinesiology, received $2,000 from the Michigan CardioVascular Institute Foundation to develop the Great Lakes Bay Region (GLBR) Center for Worksite Health and Wellness. His mission to research and educate the region on the importance of health and wellness will greatly benefit those in the community.

Science, Engineering & Technology

- Garry Johns, Professor of Mathematics, received a continuing appointment as the Michigan Space Grant Consortium Affiliate Representative for SVSU. The guidance he provides to students and faculty in the preparation of their proposals is beneficial.
- Amy Hlavacek, Associate Professor of Mathematics, received a $5,000 Precollege Education grant from the Michigan Space Grant Consortium for her project, *Under-represented Minorities Augmentation Program and Teacher Training Program*; along with $1,000 in private donations to support math outreach to our local youth. Her work to increase interest in the STEM fields in the Saginaw area will benefit the University and our surrounding communities.
- David Karpovich, H.H Dow Endowed Chair, received $413,234 from the University of Michigan Water Center to support the Saginaw Bay Watershed Ecological Sustainability Strategy. His project to develop tools to educate those involved in watershed restoration is very beneficial to those in the Saginaw Bay area and surrounding communities.
- Robert Tuttle, Associate Professor of Mechanical Engineering, received $5,000 from the American Iron and Steel Institute Foundation for his project, *Development of Video Tutorials for Steel Topics*. These tutorials will be beneficial to increase our students’ understanding of physical metallurgy and a valuable resource for many years to come.

Staff

- Melissa Ford, Archivist, Marshall M. Fredericks Sculpture Museum, received $25,296 from the Institute of Museum and Library Services for the Digitizing Drawings by Marshall M. Fredericks Project. This project to digitally photograph 315 large drawings and scan 500 other drawings of the Museum’s archival collection will be very beneficial to SVSU and the surrounding community.
- Stephanie Siegreen, Director of the Office of International Programs, received funding from the International Research and Exchanges Board (IREX) to bring three students from Pakistan to participate in an Undergraduate Exchange Program at SVSU. This opportunity contributes to SVSU’s diverse international community.
- Mamie Thorns, Special Assistant to the President for Diversity Programs, received $11,700 from the Saginaw Community Foundation – Dow Corning Donor Advised Fund for the Youth Leadership Institute. This program is an important investment in our Great Lakes Bay Region youth as it provides them with an opportunity to learn how to become future leaders.
- Marilyn Wheaton, Director, Marshall M. Fredericks Sculpture Museum, received $10,000 from the Saginaw Community Foundation for the *Richard Hunt, The Art of This Century Exhibition*. Her efforts to provide exhibitions help to increase interest in the arts in the Great Lakes Bay Region and benefit the Museum.
UPCOMING FUNDING

SVSU COLLEGE OF BUSINESS AND MANAGEMENT FAMILY BUSINESS RESEARCH GRANT
Application Deadline: January 19, 2014—Because the deadline falls on the weekend, due date is Tuesday, January 21, 2014
Given the significance of family business to the region, the College of Business and Management seeks to increase the breadth and depth of our collective knowledge on family business issues and strengthen the SVSU brand within the larger family business community and the broader academic community. Grants will be awarded to research teams. Team members must be either faculty, endowed chairs, or staff within the College of Business and Management and outside collaborations as determined by project need. The team must have at least one faculty member. Preference is given to teams that help faculty achieve and maintain academic qualification status. Anticipated awards will range from $8,000-$15,000/team for up to two years.

THE ALLEN FOUNDATION STUDENT/FACULTY RESEARCH GRANT
Application Deadline: March 15, 2014—Because the deadline falls on the weekend, due date is Monday, March 17, 2014
The purpose of the grant is to support student/faculty research that addresses various health and nutritional issues facing the region. The project dates should fall within May 1, 2014 - April 30, 2015.

COLLEGE OF EDUCATION RESEARCH AWARD
Application Deadline: March 15, 2014—Because the deadline falls on the weekend, due date is Monday, March 17, 2014
This grant is considered to be SEED MONEY designed to support research and stimulate the submission of proposals to other agencies for external funding. This award will support 2-4 projects yearly; each award will be no more than $3,000. Proposals are accepted from full-time faculty members on continuing appointment in the COE. The project dates should fall within July 1, 2014 - June 30, 2015.

UPCOMING WORKSHOPS

Call SP at extension 4295, or register, http://www.svsu.edu/workshops

IRB Research Compliance Audit
So now that you have IRB approval, learn about the IRB federally mandated compliance visit coming soon to your project. You'll learn how to prepare for the visit, common errors made, and how to pass your audit.
  Tuesday, January 21, 10:00-11:00 a.m.; SE-213
  Thursday, January 23, 1:00-2:00 p.m.; SE-213

Using IRBnet and the Basics of Submitting IRB and IACUC Applications
The workshop will examine the basics of preparing IRB & IACUC submissions as well as how to use IRBNet to submit, modify, renew and close-out human subjects and animal care and use protocols.
  Wednesday, February 5, 1:00-2:00 p.m.; SE 213
  Thursday, February 6, 1:00-2:00 p.m.; SE 213

SPSS Training
Interested in learning about SPSS, attend this workshop.
  Thursday, February 6, 4:00-5:00 p.m.; Z-111

Fundamentals of Intellectual Property at SVSU
What you need to know to protect IP, manage IP, and benefit from IP.
  Tuesday, February 18, 2:00-3:00 p.m.; SE 213
  Thursday, February 20, 1:00-2:00 p.m.; SE 213

Finding Funding: Using Grants.gov, Grant Forward, Foundationsearch
Discover how to search for grant funding using several databases which cover federal and private funding opportunities in all disciplines.
  Monday, March 17, 2:00-3:00 p.m.; SE-213
  Wednesday, March 19, 1:00-2:00 p.m.; SE-213

Budgeting 101
How to put together a budget that supports my project.
  Monday, April 7; 10:00-11:00 a.m.; SE-213
