

SE&T Colloquium Series-Fall 2017

Speakers	Dr. Anne Ruggles Gere Dow Visiting Scholar, University of Michigan Host: Dr. Natalia Knoblock
Title	<i>Writing to Enhance Learning in STEM</i>
Abstract	The research on using writing-to-learn (WTL) pedagogies has been mixed, but recent investigations have identified factors that make WTL a highly effective means of helping students develop deeper understanding of key concepts in STEM. This talk will describe M-Write, an NSF-funded project at the University of Michigan, that is implementing and conducting research on a comprehensive WTL program in STEM.
Date	Tuesday, October 3
Time	4:10-5:00pm
Place	Pioneer 240
	Refreshments will be served at 4:00pm.
