

SE&T Colloquium Series-Winter 2018

Speaker	Ms. Monica LeValley Quality Manager, Thumb Plastics, Inc. Host: Dr. Andy Pandian
Title	<i>Six Sigma – A Global Project Portfolio</i>
Abstract	The presenter will review summary information from actual Six Sigma projects that were completed within different countries. The projects reviewed will show how the Six Sigma methodology has been applied successfully across the globe to improve transactional processes, transfer processes and product quality. Successful implementation of the Six Sigma methodology is having the right team, clarifying the scope, goal, metric of the project, and knowing how to select and apply appropriate tool.
Date	Tuesday, April 10
Time	4:10-5:00pm
Place	Pioneer 240
	Refreshments will be served at 4:00pm.
