SECTION II.**SAGINAW VALLEY STATE UNIVERSITY
PROGRAM INFORMATION****A. Number of students in the regular teacher preparation program at your institution:**

Please specify the number of students in your teacher preparation program during academic year 2002-03, including all areas of specialization.

1. Total number of students enrolled during 2002-03: 1,086

B. Information about supervised student teaching:

2. How many students (in the regular program and any alternative route programs) were in programs of supervised student teaching during academic year 2002-03? 655

3. Please provide the numbers of supervising faculty who were:

0 Appointed full-time faculty in professional education: an individual who works full time in a school, college, or department of education, and spends at least part of the time in supervision of teacher preparation students.

0 Appointed part-time faculty in professional education and full-time in the institution: any full time faculty member in the institution who also may be supervising or teaching in the teacher preparation program.

32 Appointed part-time faculty in professional education, not otherwise employed by the institution: may be part time university faculty or pre-K-12 teachers who supervise prospective teachers. The numbers do not include K-12 teachers who simply receive a stipend for supervising student teachers. Rather, this third category is intended to reflect the growing trend among institutions of higher education to appoint K-12 teachers as clinical faculty, with the rights and responsibilities of the institution's regular faculty.

Supervising faculty for purposes of this data collection includes all persons who the institution regards as having faculty status and who were assigned by the teacher preparation program to provide supervision and evaluation of student teaching, with an administrative link or relationship to the teacher preparation program.

Total number of supervising faculty for the teacher preparation program during 2002-03: 1

4. The student/faculty ratio was (divide the total given in B2. by the number given in B3.): **10:1**

5. The average number of hours per week required of student participation in supervised student teaching in these programs was: 36 hours. The total number of weeks of supervised student teaching required is 14. The total number of hours required is 504 hours.

C. Information about state approval or accreditation of teacher preparation programs:

6. Is your teacher preparation program currently approved or accredited by the state? **Yes**

7. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 208 (a) of the HEA of 1998)? **No**

NOTE: See appendix A of the guide for the legislative language referring to "low-performing" programs.

Section III.

Contextual information (optional).

SVSU MISSION STATEMENT

MISSION: The University produces value for the Region, State, and Society by preparing highly qualified graduates who contribute to the betterment of a culturally diverse world and by providing intellectual and cultural opportunities that enrich the lives of people.

VISION: Saginaw Valley State University will provide academic and professional programs and services for its students at the highest levels of quality and value, and be recognized as among the finest teaching universities in the United States. Our graduates will rise to key positions in economic, political, cultural and civic leadership and will distinguish themselves and our University through their accomplishments and service. Our University will also be the premier cultural and intellectual center and resource for the schools, governments, businesses and people of the East-Central Region of Michigan.

COLLEGE OF EDUCATION MISSION STATEMENT

The Saginaw Valley State University College of Education is committed to preparing exemplary educators who model core democratic values, effectively address diversity, and possess vision and strategies for educating citizens of our nation and world.

Collaboratively, we strive to develop compassionate, humane educators who are open to learning and committed to enriching the lives of all learners. Our central values incorporate freedom of inquiry, openness to innovation, and willingness to embrace change.

The College of Education wholeheartedly embraces the responsibility to develop and maintain a center of scholars and life-long learners in partnership with other educational communities.

TEACHER PREPARATION PROGRAMS

Saginaw Valley State University is authorized by the state of Michigan to recommend students for initial certification at the elementary level, grades Kindergarten through eighth and at the secondary level, grades 7-12. As such, the elementary education degree plan includes course work in the following areas: General Education, specialty studies and professional education. In keeping with state requirements, Saginaw Valley State University requires that all elementary education majors complete a minimum of 35 credit hours in ten areas of General Education. The specialty studies component is a planned sequence of courses and experiences consisting of academic knowledge essential for professional competence in teaching and other professional education assignments. The academic knowledge of the subject matter is acquired through course work in the minor areas of academic study. The professional studies component prepares elementary education majors to work effectively in a variety of educational settings. This component is a planned sequence of courses and experiences consisting of both knowledge about education and clinical experience derived from professional practice in schools. Throughout the sequence of courses and experiences, prospective teachers are required to integrate cognitive knowledge of education with practical experiences with children and youth in schools.

Students seeking secondary teaching certification must fulfill the general requirements for a bachelor's degree.

Additionally, they must complete an approved teaching major and minor. The approved majors are as follows: art, biology, chemistry, communication and theatre, English, French, general science, history, mathematics, music, physical and health education, physics, and Spanish. A 20-credit minor must be chosen from: biology, chemistry, economics, Spanish, French, German, history, mathematics, physics, political science, psychology, sociology; or a 24-credit minor in art, communication and theatre, English, music, general science, physical and health education.

STUDENT CHARACTERISTICS

As of Fall Semester 2003, 9,168 students from Michigan, various other states and nations enrolled in courses at Saginaw Valley State University. Of that total, 4,207 (45.9%) of those students were College of Education majors. More than half of the student population are under the age of 25 and the average class size is 22.8.

ADMISSION REQUIREMENTS

Students must apply and be accepted into the Teacher Education Program prior to enrollment in 300-level professional studies courses. The requirements listed below must be completed or in progress for application to the Teacher Education Program.

The following must be successfully completed prior to filing an application with the College of Education:

8. All University Basic Skills requirements.
9. Minimum 2.75 grade point average based on the most recent 60 semester hours.
10. Passing scores on the Michigan Test for Teacher Certification (M.T.T.C.) Basic Skills Test, as established by the Michigan Department of Education.
11. Minimum 61 credits with a grade of "C" or better.

The following may be in progress when filing an application with the College of Education, but must successfully be completed by the end of Winter Semester for Fall admission, or the end of Fall Semester for Winter admission:

1. Psychology 100 with a grade of "C" or better.
2. Teacher Education 100 with a grade "C" or better.
3. 15 credits in the major and 9 credits in minor (Secondary majors only).

ACCREDITATION

Saginaw Valley State University was accredited by the North Central Association as a baccalaureate degree-granting institution in 1970. In 1980, the Association continued this accreditation and granted accreditation at the master's degree level. Both accreditations were renewed in 1986 and 1994. The Chemistry Department is accredited by the American Chemical Society, the Engineering Programs by the Accreditation Board for Engineering and Technology, the College of Education by the National Council for Accreditation of Teacher Education (1991, 1996, and 2002), the Medical Technology Program by the American Society of Clinical Pathologists and American Medical Association, the Nursing Program by the National League for Nursing, the Occupational Therapy Program by the American Occupational Therapy Association, and the Social Work Program by the Council on Social Work Education.

TEACHER EDUCATION VISION

- ▶ SVSU has expanded its new teacher induction and mentoring program to include nearly 50 K-12 districts since the fall of 2002. The **Partnership for Regional Induction and Mentoring Education (PRIME)**, in partnership with the K-12 districts, organizes and shares training responsibilities, offers professional development, and supports the districts' planning and implementation of their mentoring program. PRIME attempts to provide a "seamless" transition into the profession for novice teachers and allow partner districts to focus their new teacher resources in an effective and efficient manner. The COE, with several partnership K-12 districts, will be piloting an online teacher evaluation system built upon PRIME's foundation.
- ▶ The College of Education is revisiting its **Strategic Plan** in response to recent dramatic growth. Members of the faculty and staff will create an environment necessary to accommodate its growth and establish the unit's goals in response to its new regional and state role.
- ▶ The COE is now housed in the state-of-the-art Regional Education Center (REC), home for the entire College and its courses, hosting professional development, education summits, and state-wide conferences. The REC features the Regional Education Resource Center, which offers materials, services, technology in support of the region's K-16 educational mission. The REC will provide a center for reform and renewal as the education community moves forward in providing quality opportunities to all students in the region.

BEST PRACTICES

- ▶ Off-Campus programs (graduate and undergraduate) at our Macomb County and Port Huron sites are provided by full-time faculty, not long-term adjunct faculty. This provides our students at these sites with instruction consistent with the conceptual models of the programs and access to advising outside of the formal counseling structure. Students feel a part of the College of Education's program through this, "One program, three sites" model.

NOTABLE FEATURES AND ACCOMPLISHMENTS

- ▶ SVSU dedicated, in August of 2003, the \$30 million dollar College of Education Building, the Saginaw Valley State University Regional Education Center.
- ▶ Saginaw Valley State University opened the Regional Education Center in Macomb County's Chesterfield Township in 2003. Off-campus graduate programs in classroom teaching, Early Childhood Education, Special Education, Educational Leadership, accelerated programs in Elementary and Secondary Education are offered at this state-of-the-art facility.
- ▶ SVSU's College of Education offers the Accelerated Certification Education (ACE) program for individuals who have a college degree outside the field of education. In partnership with several K-12 districts, ACE offers certification in an intensive, one year internship + methods courses + substitute teaching process. Over 200 individuals have been certified since its inception in 2000. An additional 100+ students are enrolled for next year's ACE program.
- ▶ In October 2002, the SVSU College of Education received reaccreditation from the National Council for Accreditation of Teacher Education (NCATE). The College of Education met all six standards, at both the initial and advanced levels, and was described a "exemplary" by NCATE's governing board.

2002-2003

TITLE II INSTITUTIONAL QUESTIONNAIRE

Section IV.

Certification

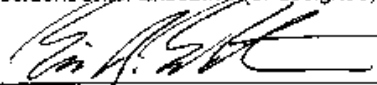

I certify that, to the best of my knowledge, the information in this report is accurate and complete and conforms to the definitions and instructions used in the *Reference and Reporting Guide for Preparing State and Institutional Reports on the Quality of Teacher Preparation*.

Name of responsible institutional representative for the teacher preparation program

Signature: 
Dr. Stephen P. Barbus, Dean, SVSU College of Education

Certification of review of submission

Name of President/Chief Executive (or designee)

Signature: 
Dr. Eric R. Gilbertson, President, Saginaw Valley State University
