

SVSU PRE-HEALTH PROFESSIONS STUDENTS SUPPORT CHILDREN'S MIRACLE NETWORK

SVSU's pre-medical fraternity, Phi Delta Epsilon, includes pre-health students who annually raise over \$1,000 for the Children's Miracle Network. Here, the students met with Ryder, the 2025 Children's Miracle Network Champion for Hurley Medical Center — whose dream is to pursue police work. To make his day special, PhiDE arranged a surprise ride-along with SVSU Police. Ryder, joined by his dad and sister, is pictured here standing beside the officer who made the experience unforgettable.

SVSU PRE-HEALTH PROFESSIONS STUDENTS TRAVEL TO SUPPORT A HEALTH CLINIC IN APPALACHIA

"The partnership with Saginaw Valley State University is absolutely vital to the success of our medical mission. Every year, SVSU students bring unmatched energy, compassion and professionalism that truly helps us meet the tremendous demand for care in Appalachia. Their willingness to serve, learn and go above and beyond makes it possible for us to reach thousands of patients who otherwise would go without. Quite simply, we could not run this event without them, and their presence leaves a lasting impact not only on our patients, but on our entire team. I can truly say this partnership is vital for us to reach patients who otherwise would go without care."

— Dr. Paula Hill-Collins,
Vice President/Chief Clinical Director of the Health Wagon

Guided by pre-health professions advisor Heidi Lang, every year SVSU pre-health professions students spend five days in the summer in rural Central Appalachia, gaining hands-on clinical experience with the St. Mary's Health Wagon, at one of the nation's largest free clinics. They assist with triage, dental and vision care, and patient support for the underserved population in Wise, Virginia. In 2025, a pre-veterinary student assisted at the new drive-through veterinary clinic.

SVSU will provide reasonable accommodations for persons with disabilities. Individuals who choose to make accommodations should contact The Conference Center at (989) 964-4348 at least three days prior to the need. SVSU does not discriminate based on race, religion, color, gender, sexual orientation, national origin, age, physical impairment, disability or veteran status in the provision of education, employment and other services.

EXPERIENTIAL LEARNING

SVSU pre-dental students benefit from the Dr. Jessica Bentoski Pre-Dental Scholarship, helping cover application costs and opening doors to top dental schools.

SVSU pre-veterinary students gain hands-on experience at Great Lakes Pet Emergencies, assisting with patient care and learning alongside local veterinary professionals.

A PATHWAY FROM SVSU TO MEDICAL SCHOOL WITH OUR EARLY ASSURANCE

SVSU has Early Assurance Program partnerships with medical schools at Central Michigan University, Michigan State University and Wayne State University. These partnerships allow SVSU students to apply and receive acceptance to medical school earlier than others applying across the U.S. As a pre-medical student, you benefit from MCAT study preparation, internship opportunities around the country and faculty research relationships to develop your skills for the medical field.

Left to right: Aiden Van Loo (CMU), Bayley Pfau (MSUCHM), Emily Beardsley (MSUCHM), Kathleen Murphy (CMU), Darby Richards (WSU), Tyler Sadilek (MSUCHM), Garrett Richardson (CMU), Katelyn Hartuppee-Malett (MSUCHM), Caitlin Coulter (CMU) and Anh (Wendy) Pham (CMU).

EMPLOYERS AND WORK-STUDY PARTNERSHIPS:

CONTACT YOUR PRE-HEALTH ADVISOR

Heidi Lang, Pre-Health Professions Advisor
hblang@svsu.edu

Heidi brings years of experience and leadership as a former president of the Central Association of Advisors for the Health Professions. Her experience allows her to connect students with graduate programs nationwide. She advises on course requirements, necessary clinical and community service experiences and helps students decide between medical fields. Heidi also coordinates mock interviews with SVSU staff and faculty to prepare students for their professional school interviews.
