

# FAQ's for Students & Instructors Regarding COVID-19 Vaccination's

## 1. Are students required to receive the COVID-19 vaccination to attend clinicals at Beaumont Health?

To participate in clinical activities at Beaumont Health, all students are required to receive the Covid-19 immunization unless a vaccine exemption (for medical or religious reasons) is approved.

## 2. How do students provide information to Beaumont Health that they have been vaccinated?

Through ACEMAPP, just as they currently provide existing requirements and vaccinations within ACEMAPP.

## 3. Will Beaumont Health accept any exemptions for the COVID-19 vaccinations?

Beaumont Health will not be managing COVID-19 vaccine exemption for students and instructors. These will be managed by our school partners, just as we do for other vaccine exemptions.

## 4. Who will be managing the exemption process related to the COVID-19 vaccine for students and instructors?

Our school partners will provide ACEMAPP with a COVID-19 exemptions form and the exemption process will be solely managed by the school within ACEMAPP. Beaumont Health will be adhering to all exemptions accepted by the school.

## 5. If a student or instructor receives an exemption from their school for not receiving the COVID-19 vaccine will they be able to attend clinicals at Beaumont Health?

This is a decision that will be managed by the student's school. If yes, these students will be required to adhere to the COVID-19 PPE protocols set by Beaumont Health.

## 6. If the school allows students to attend clinicals at Beaumont Health without receiving a COVID-19 vaccine will the student need to adhere to frequent COVID-19 testing?

Beaumont Health will not require COVID-19 testing at this time, but we do reserve the right to request periodic testing of any student or instructor as we see necessary.

## 7. Will Beaumont Health be notified of students or instructors who did not receive the COVID-19 vaccine?

No, but it is important that instructors be aware of their students who have not been vaccinated to ensure adherence of proper PPE. If an instructor has not been vaccinated, we require that they comply with the COVID-19 PPE protocols as well.

## 8. Will students and instructors be screened for COVID-19 before entering a Beaumont site?

Yes. Students and Instructors will be screened via the online assessment tool each day they are at a Beaumont site (<https://secure.beaumont.org/vendorclearforwork>)

- As you enter the building, please show your results on your phone to the assessor.
- If you are unable to complete the online assessment, you will be asked to fill out the assessment on paper and give it the assessor.
