

SE&T Colloquium Series-Fall 2019

Speaker	Juan Sancen, SVSU alum Capital Modeling Actuarial Analyst Host: Prof. Curtis Grosse
Title	<i>How to Prepare for an Actuarial Career: Math, Communication & Failure</i>
Abstract	I will be discussing the consistent demand for actuaries, particularly those working within the Property and Casualty insurance side of the business. I will discuss particular skills most employers seek. There will be some focus on the actuarial exam track, work experience in the insurance industry, and the importance of good communication to succeed in this industry. My personal experience at Ally Insurance will be highlighted. Finally, I will discuss how SVSU prepared me for my current actuarial career and future steps to prepare the next generation of actuaries.
Date	Tuesday, October 8
Time	4:10-5:00pm
Place	Pioneer 240
	Pizza and pop will be provided.
