## **SAGINAW VALLEY STATE UNIVERSITY MANAGEMENT'S DISCUSSION AND ANALYSIS**

The following provides a discussion and analysis of the financial performance of Saginaw Valley State University (SVSU or University). This discussion, the financial statements, and related footnotes have been prepared by and are the responsibility of management.

### **USING THE ANNUAL REPORT**

The annual report consists of a series of financial statements, which have been prepared in accordance with the Governmental Accounting Standards Board (GASB) for the University and the Financial Accounting Standards Board (FASB) for the Saginaw Valley State University Foundation (Foundation). These financial statements focus on the financial condition and results of the financial position of the University and its component unit, Saginaw Valley State University Foundation , and the cash flows of the University.

The fundamental objective of the University's financial statements is to provide an overview of the University's economic condition. The various statements and their primary purpose are discussed below.

- Statement of Net Position. This statement presents information on all University assets, deferred outflows, and liabilities. It is prepared on an accrual basis - revenues and expenses are recognized when earned or incurred, respectively.
- Statement of Revenues, Expenses, and Change in Net Position. This statement presents a summary of revenues and expenses classified as either operating or nonoperating. The University's operating loss results from the classification of State appropriations and Pell grants as nonoperating revenue. Also, this statement reflects a change in the University's net position based upon revenues in excess of expenses.
- Statement of Cash Flows. This statement classifies cash inflows and outflows into the following classifications: operating activities, noncapital financing activities, capital financing activities, and investing activities. This information is useful in assessing the University's ability to meet maturing financial obligations.

### **REPORTING ENTITY**

The University is considered a component unit of the State of Michigan because the Governor of the State of Michigan appoints its Board of Control. Accordingly, the University is included in the State's comprehensive annual financial report as a discretely presented component unit.

The financial statements report information about total University operations. In accordance with GASB standards, the Foundation is included in the financial statements of the University as a discretely presented component unit.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED**

**FINANCIAL HIGHLIGHTS**

The University experienced sound financial performance as indicated by the following:

- Net position increased by 2.3% from June 30, 2013 to June 30, 2014; 3.6% from June 30, 2012 to June 30, 2013; and 3.7% from June 30, 2011 to June 30, 2012.
- In fiscal 2014, there was a slight decrease in operating revenues, which is primarily due to a decrease in grants and contracts. Operating revenues increased in fiscal 2013 as a result of increased tuition rates and housing occupancy, and in 2012 due to increased enrollment.

Demand/economic factors underlying this level of performance were as follows:

- Applications decreased by 5.6% from Fall 2012 to Fall 2013; decreased 7.8% from Fall 2011 to Fall 2012; and increased 7.1% from Fall 2010 to Fall 2011.
- Headcount decreased from 10,790 in Fall 2011 to 10,552 in Fall 2012, and decreased to 10,245 in Fall 2013. Credit hours decreased from 269,810 in 2012 to 265,404 in 2013 and to 259,728 in 2014.

MANAGEMENT’S DISCUSSION AND ANALYSIS - CONTINUED**

The University’s largest asset is its investment in capital assets, including land, land improvements and infrastructure, buildings, equipment, library acquisitions, construction in progress, and works of fine art. Capital assets represent 78% of the University’s total assets. Notes and bonds payable totaled \$121.6 million at June 30, 2014. This represents 77% of the University’s total liabilities.

A graphic illustration of the University’s net position at June 30, 2014 by classification and restriction is as follows:

The University’s net position consists of the net investment in capital assets, restricted net position, and unrestricted net position. Restricted net position represents assets whose use is restricted by a party independent of the University. This includes restrictions related to gifts and grants.

Unrestricted net position represents net position of the University that has not been restricted by parties independent of the University. This includes funds that the Board of Control and management have designated for specific purposes as well as amounts that have been contractually committed for goods and services that have not been received as of June 30, 2014.

The following summarizes the internal designations of the University unrestricted net position:

**CAPITAL ASSETS/LONG-TERM DEBT**

***Capital Plan and Related Debt Financing***

The University engaged consultants to update the master plan which was finalized in fiscal 2013. The University also engaged consulting engineers to review the condition of the University's roofs, roads, and parking lots. The University then prepared a detailed deferred maintenance analysis of all infrastructure incorporating the results of the external reviews.

The University Board of Control has reviewed a long-term capital development and related financing plan. Fiscal 2014 expenditures for capital projects approximated \$21.5 million and were funded with University general revenue bonds, capital gifts, and other available University resources. Fiscal 2013 expenditures for capital projects approximated \$11.4 million. These capital projects were funded by a combination of bonds issued by the Michigan State Building Authority (SBA), University general revenue bonds, capital gifts, and other available University resources.

***University Rating***

The University issued General Revenue & Refunding Bonds, Series 2013A, in the amount of \$19,250,000 in June 2013. Proceeds from the bonds were used to refund prior General Revenue bonds, to reduce debt service, and to finance, together with other resources, renovation and expansion of the Ryder Center. Moody's Investors Services, Inc. and Standard & Poor's Ratings Services rated the bonds "A1" and "A", respectively.

**SAGINAW VALLEY STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED**

**FACTORS OR CONDITIONS IMPACTING FUTURE PERIODS**

Financial and budget planning is directly related to and supportive of the University's mission and operational needs. The ability to plan effectively is influenced by an understanding of the following factors, which impact the University's finances:

- State Economy
- Inflationary Pressures
- Program Growth and Development
- New Initiatives
- Technology
- Productivity Improvements
- Enrollment

Since 2001, SVSU as well as its sister institutions in Michigan have experienced the impact of a poor economy and deficit-ridden State budget. State appropriations increased by approximately 1.3% in fiscal 2014. The State implemented performance funding for a portion of the State appropriations allocation beginning in fiscal 2013. The University received \$334,300 related to the performance funding criteria during fiscal 2014.

**SAGINAW VALLEY STATE UNIVERSITY FOUNDATION**

The Foundation is an independent corporation formed for the purpose of receiving funds for the sole benefit of the University. The University provided approximately \$877,000 of administrative support to the Foundation during fiscal 2014. This support is reflected as institutional support in the University's financial statements and as gift revenue and corresponding administrative expenses in the Foundation's financial statements. The Foundation transferred endowment distributions and unrestricted and restricted gifts to the University totaling \$3,087,825 in fiscal 2014.

As of June 30, 2014, the market values of two of the Foundation's 305 endowments were below the gift value compared to three of the 288 endowments below their gift value at June 30, 2013. The Foundation's spending policy is to distribute 4% annually, with distributions made quarterly. Distributions are based on the average market value of the endowment for the preceding twelve calendar quarters, with the calculation made September 30 of each year. The September 30 per unit market value is utilized for distributions for the four quarterly distributions of the next fiscal year. However, the policy does not allow distribution if the individual endowment value is below historical gift value at each quarter end. As a result, some of the endowments did not distribute for one or more of the quarters during fiscal 2014.

The net assets of the Foundation were as follows as of June 30:

	<b><u>2014</u></b>	<b><u>2013</u></b>	<b><u>2012</u></b>
Unrestricted	\$ 9,900,352	\$ 7,424,664	\$ 6,502,500
Temporarily Restricted	14,860,040	7,764,551	3,333,228
Permanently Restricted	50,325,284	44,925,257	42,734,285

## Report of Independent Auditors

Board of Control  
Saginaw Valley State University

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Saginaw Valley State University (University), a component unit of the State of Michigan, and Saginaw Valley State University Foundation (Foundation), a discretely presented component unit of the University, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the University's financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Saginaw Valley State University and its discretely presented component unit, Saginaw Valley State University Foundation, as of June 30, 2014 and 2013, and the respective changes in financial position and Saginaw Valley State University cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i through vii be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated August 29, 2014 on our consideration of Saginaw Valley State University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

SAGINAW VALLEY STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements have been prepared to incorporate all fund groups utilized internally by Saginaw Valley State University (University) and include Saginaw Valley State University Foundation (Foundation), a discretely presented component unit of the University. The University's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The Foundation's financial information has been prepared on the accrual basis following accounting policies established by the Financial Accounting Standards Board (FASB).

Reporting Entity

The University's financial statements are presented discretely in the State of Michigan Comprehensive Annual Financial Report. Public universities with governing boards appointed by the Governor are considered component units of the State. Transactions with the State relate primarily to appropriations for operations and capital projects and grants from various state agencies.

The Foundation, a component unit of the University, is a not-for-profit corporation, which provides support predominately for the objectives and purposes of the University.

Basis of Accounting

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been incurred.

The Foundation has applied the recognition principles of all applicable FASB codification sections. Certain disclosures conform more to the GASB presentation than what may be required by FASB.

Revenue Recognition

Operating revenues of the University consist of tuition and fees, grants and contracts, sales and services, and auxiliary enterprises revenue. These revenues represent revenue earned from exchange transactions and are reported net of discounts. The University's nonoperating revenues include State appropriations, Federal PELL Grant Program, gifts, investment income, capital appropriations and capital grants and gifts. When both restricted and unrestricted resources are available for expenses, the University applies the restricted and unrestricted resources at its discretion.

NOTES TO FINANCIAL STATEMENTS  
(continued)

NOTE A - SIGNIFICANT ACCOUNTING POLICIES  
(continued)

Revenue Recognition - Continued

Funds are appropriated to the University for operations by the State of Michigan covering the State's fiscal year, October 1 through September 30. The sums appropriated are for the University's fiscal year ending June 30 and are generally paid in eleven monthly installments from October through August.

The Foundation recognizes a gift when the donor makes a pledge that is, in substance, unconditional. The Foundation uses the allowance method to determine uncollectible, unconditional pledges receivable. The allowance is based on prior years' experience and management's analysis of specific promises.

Accounts Receivable

Accounts receivable are stated at the outstanding principal balance adjusted for any charge-offs and the allowance for doubtful accounts.

The University determines the allowance for doubtful accounts based on an evaluation of accounts receivable, past and recent experience, current economic conditions, and other pertinent factors. The allowance for doubtful accounts is increased by the provision charged to expense and reduced by charge-offs. The University considers receivables past due when they have not been paid within their contractual terms. The University charges off receivables when the receivable is deemed uncollectible.

Investments

Investments are reported at fair value. Investment income includes realized and unrealized gains and losses on investments, interest, and dividends.

Inventories

Inventories are stated at lower of average cost or market.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES  
(continued)

Institutional Physical Properties

Physical properties are stated at cost or, when donated, at fair market value at date of gift. The University uses a \$5,000 threshold for capitalizing assets. Depreciation is computed using the straight-line method over the useful life of the property as follows:

<b>Classification</b>	<b>Life</b>
Land improvements and infrastructure	15 years
Buildings	20 - 50 years
Equipment	4 - 15 years
Library acquisitions	7 years

When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts. The cost of maintenance and repairs are expensed as incurred; significant renewals and improvements are capitalized.

Reclassifications

Certain fiscal 2013 balances within the Statements of Revenues, Expenses, and Change in Net Position have been reclassified to conform to the current year presentation. Specifically, the University reclassified the following functional classifications of operating expenses to more fully comply with industry classifications. The table below shows the reclassifications:

Functional Classifications	As Previously Reported	As Reclassified
Public Service	2,026,590	3,391,938
Institutional Support	14,710,669	12,684,998
Operations and Maintenance of Plant	12,735,930	13,482,253
Auxiliary Enterprises	14,695,703	14,609,703

NOTE B - CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY

The University utilizes the "pooled cash" method of accounting for substantially all of its cash and cash equivalents in order to maximize investment return. The investment policy for pooled cash, approved by the Board of Control, divides cash for purposes of investment into three asset groups: short-term pool, intermediate-term pool, and long-term pool. The University did not have funds in the long-term pool during the fiscal year or as of June 30, 2014 or 2013.

NOTES TO FINANCIAL STATEMENTS

NOTE B - CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY  
(continued)

Credit Risk

The University's investment policy requires that investments shall be in marketable securities of the following types and with the noted credit ratings:

Short-term Pool

1. All investments must be convertible into cash at anytime without any significant loss of principal.
2. Any instrument issued, guaranteed, or insured by the U.S. Government, agencies, or other full faith instruments of investment grade are permitted.
3. Commercial paper issued by domestic corporations rated both "P-1" and "A-1" by Moody's Investors Service, Inc. and by Standard & Poor's, respectively, may be included.
4. Also permitted are certificates of deposit, bankers acceptances, or other such irrevocable primary obligations from a list of approved banks.
5. Commingled funds and short-term cash reserve mutual funds may be used if they are in compliance with the above guidelines.

Intermediate-term Pool

1. Fixed-income investments may include U.S. and non-U.S. issues of Government and Agency obligations, marketable corporate bonds, mortgage or asset-backed bonds, and preferred stocks with sinking funds as deemed prudent by the investment managers.
2. Fixed-income investments shall be made primarily in those rated "BAA" (investment grade) or better by Moody's and BBB (investment grade) or better by Standard & Poor's with emphasis toward "A" or better issues. However, up to 20% of the fixed income investments can be made in below investment grade debt (high yield).
3. Fixed income investments may include U.S. and non-U.S. issues, including high yield, global fixed income, and emerging market debt instruments.
4. Diversification must be maintained and, with the exception of securities guaranteed by the U.S. Government, the securities of a single issuer should not exceed 10% of the market value of the manager's portfolio responsibility.
5. No equity exposure is permitted within the intermediate term pool.
6. The Investment Committee may also implement a laddered bond portfolio that is diversified by holdings and maturities that emphasizes higher quality. The intent of this structure would be to alleviate duration risk as the bonds would be held to maturity and then reinvested. If the Investment Committee implements this structure, the duration guideline above would not apply.

SAGINAW VALLEY STATE UNIVERSITY  
 NOTES TO FINANCIAL STATEMENTS  
 (continued)

NOTE B - CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY  
 (continued)

Interest Rate Risk

As a means of managing its exposure to fair value losses arising from increasing interest rates, the University's investment policy limits the average weighted maturity for a short-term portfolio to between one day and one year and the average weighted maturity for the intermediate-term portfolio to between one year and five years.

Concentration of Credit Risk

Cash and cash equivalents consist primarily of funds invested with either a bank short-term investment pool or Treasury Money Market Funds. The yield was 0.01% for 2014 and 2013. The Investment Policy requires that for the intermediate-term pool, diversification must be maintained and, with the exception of securities guaranteed by the U.S. Government, the securities of a single issuer should not exceed 10% of the market value of the manager's portfolio responsibility. No more than 10% of the fixed income investments, at market, shall be invested in securities of any one issuer, except Government and Agency obligations.

During fiscal 2014, the University redeemed its various intermediate-term pool investments which were reported during fiscal 2013, and purchased the Chemical Bank Intermediate Fund. This fund is comprised of 27 separate holdings including investments in: US Government Obligations, US Federal Agencies, Corporate Bonds, Foreign Bonds and Notes, Private Placements and cash. The chart below lists the percentage of the investments by credit rating:

Rating	% of Pool
AAA	63 %

Foreign Currency Risk

As of June 30, 2014, the University had approximately \$509,000 in foreign investments included in its Chemical Bank Intermediate Fund mutual funds. The University did not have holdings in foreign investments as of June 30, 2013.

Custodial Credit Risk

Deposits: Custodial credit risk is present if the deposits are not covered by depository insurance and are 1) uncollateralized; 2) collateralized with securities held by the pledging financial institution; or 3) collateralized with securities held by the pledging financial institution's trust department or agent in the University's name. Cash and cash equivalents as reflected in the accounts of the investment institutions at June 30, 2014 were \$46,943,008. Of that balance, \$46,438,360 was uninsured and uncollateralized. Cash and cash equivalents as reflected in the accounts of the investment institutions at June 30, 2013 were \$51,692,355. Of that balance, \$51,180,715 was uninsured and uncollateralized.

Investments: The University has engaged Comerica Bank to serve as custodian for the short-term and intermediate-term pools, other than the accounts with Bank of America and Chemical Bank included in the short-term pool. The custodian maintains physical possession of securities owned by the University, collects dividend and interest payments, redeems maturing securities, and affects receipt and delivery following purchases and sales. The custodian also performs regular accounting of all assets owned, purchased, or sold.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the University will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. The University has no custodial credit risk in its investments as of June 30, 2014 or 2013.

NOTE C - INVESTMENTS-FOUNDATION

The primary objective of the Foundation's investment policy, approved by the Foundation Board, is to increase the purchasing power of the Foundation's assets after inflation while maintaining a distribution policy as established by the Foundation Board. The secondary objective is to consistently earn a high, long-term, total rate of return without undue risk exposure or volatility.

SAGINAW VALLEY STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
(continued)

NOTE C - INVESTMENTS-FOUNDATION  
(continued)

Credit Risk

The Foundation's investment policy requires that fixed income investments emphasize high-quality and that on average, the portfolio should have a rating of "A" or better as defined by a majority of the major credit rating agencies.

Interest Rate Risk

As a means of managing its exposure to fair value losses arising from increasing interest rates, the Foundation's investment policy limits the maximum maturity for any single security to 40 years; mortgage bonds will be on an average maturity basis with the weighted average maturity not to exceed ten years.

The following table summarizes the components of the Foundation's investments at June 30, 2014 and 2013:

NOTE C - INVESTMENTS-FOUNDATION  
(continued)

Investments in the mutual fund – debt have the following quality of investments at June 30, 2014:

- PIMCO Total Return Fd Instl – 64.0% AAA, 9.0% AA, 13.0% A, 8.0% BBB, 3.0% BB, 2.0% B, 1.0% below investment grade;

- Vanguard Short-term Bond Index Signal – 72.6% AAA, 4.8% AA, 12.5% A, 10.1% BBB.

Concentration of Credit Risk

The Foundation recognizes that, over the long term, equity investments provide the best opportunity to achieve the objectives and goals of the Endowment Fund. However, a degree of diversification in other forms of investments is prudent. To accomplish the endowment investment objectives, investment managers are authorized to utilize portfolios of equity securities, fixed-income securities, alternative investments, and short-term investments (cash and cash equivalents). The total portfolio shall be maintained within the following ranges:

	<u>Minimum</u>	<u>Maximum</u>
Domestic Equities	30%	50%
International Equities	15%	25%
Fixed Income	20%	40%
Alternative Investments	N/A	20%
Cash/Short-term Investments	N/A	10%

The investments shall be reviewed quarterly to ensure the endowment assets are within these ranges.

To ensure diversification in the investment equity portfolio, the Foundation's investment policy limits investment in an individual common stock to 10% of a given investment manager's portfolio based on market value. Additionally, within each separately managed account, economic sector allocations must be less than twice that of the same economic sector as defined by the market benchmark. For the fixed income portfolio, with the exception of securities guaranteed by the U.S. Government, the securities of single issuers should not exceed 5% of the market value of the investment manager's portfolio.

At June 30, 2014, the Foundation's investments that exceeded 5% of the investment portfolio included the PIMCO Total Return Fd Instl (\$6,664,596), Vanguard 500 Index Fund (\$9,610,287), DFA US Large Cap Value Portfolio (\$4,318,297), Vanguard Mid Cap Index Fund (\$3,508,880), Harbor International Fund (\$5,821,501), William Blair Funds International Growth Fund Class I (\$5,085,667), Wells Fargo Fds Tr Advantage Absolute Return Fund (\$3,377,018), and Harbor Capital Appreciation Fund (\$4,038,748).

Foreign Currency Risk

The Foundation investment policy states that foreign denominated investments should not exceed 25% of the portfolio. The Foundation's holdings in foreign investments were made in mutual funds as noted above.

Custodial Credit Risk

The Foundation has engaged Comerica Bank to serve as custodian of the endowment investments. The custodian maintains physical possession of securities owned by the Foundation, collects dividend and interest payments, redeems maturing securities, and affects receipt and delivery following purchases and sales. The custodian also performs regular accounting of all assets owned, purchased or sold. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE D - ACCOUNTS RECEIVABLE

The University's accounts receivable relate to several transactions including State appropriations, student tuition and fee billings, and auxiliary enterprise sales, such as food service and residence halls. In addition, receivables arise from grant awards, financial aid, and billings related to capital assets. The details of accounts receivable, excluding State appropriations, as of June 30, 2014 and 2013 are listed below in the table:

	<u>June 30,</u>	
	<u>2014</u>	<u>2013</u>

Total accounts receivable	<u>\$ 3,978,718</u>	<u>\$ 4,097,316</u>

Based on Senate Bill 905, PA 273 of 1998, State appropriations are recorded principally on the accrual basis, when earned. As a result, the University recorded State appropriations receivable of \$4,725,640 at June 30, 2014 and \$4,664,856 at June 30, 2013. Charter schools appropriations receivable were recorded at June 30, 2014 of \$12,229,239 and at June 30, 2013 of \$12,604,244. The University has recorded a corresponding amount due to the charter schools which is recorded in deposits. The University received direct State appropriations and other funds in the amount of \$70,526,224 to be forwarded to 21 charter schools for fiscal 2014 and \$70,304,671 for fiscal 2013.

The detail of the Foundation's contributions and accounts receivable for June 30, 2014 and 2013 are listed below in the table:

NOTE G - NOTES AND BONDS PAYABLE

The University issued General Revenue and Refunding Bonds, Series 2013A, in the amount of \$19,250,000, in June 2013. A portion of the proceeds from the bonds were used to establish an irrevocable escrow fund that refunded a portion of the remaining Series 2004 Bonds and the Series 2004B Bonds. The refunded bonds were called for redemption on July 1, 2014. The bonds were refunded in order to reduce the University's debt service. The refunding resulted in a deferred amount on refunding of \$434,768. The deferred amount on refunding is being amortized over the remaining life of the old bonds and is reported as a deferred outflow. The remaining proceeds from the Series 2013A bonds were used, together with other available resources, to renovate and expand the Ryder Center. The bonds were issued at a premium of \$2,618,113.

The University issued General Revenue Bonds, Series 2010A, in the amount of \$29,590,000, in May 2010. Proceeds from the bonds were used to refund all of the remaining Series 1998 and 2001A Bonds and to fund various capital projects. The refunded bonds were called for redemption on their respective first call date, July 1, 2010, for both refunded bond series. The bonds were refunded in order to reduce the University's debt service. The Series 2010A bonds were issued at a premium of \$1,471,071.

The University issued General Revenue Bonds, Series 2008B, in the amount of \$12,555,000, in August 2008. Proceeds from the bonds were used to finance construction of new student housing.

The University issued General Revenue Refunding Bonds, Series 2008, in the amount of \$26,845,000 in March 2008 to refund all of the Series 2001B General Revenue Bonds and to pay the related 2001B Bonds swap termination fee of \$1,486,000.

The University issued General Revenue Bonds, Series 2007, in the amount of \$24,435,000 in March 2007 to fund various capital projects.

The University issued General Revenue and Refunding Bonds, Series 2005, in the amount of \$28,010,000 in April 2005 to fund various capital projects and to advance refund and defease a portion of the outstanding General Revenue Bonds, Series 1998, 1999, and 2001A. The University deposited noncallable, U.S. Government securities in an irrevocable trust with an escrow agent to advance refund and defease the bonds. The refunded bonds were called for redemption on their respective first call date (done on July 1, 2008 for the 1998 bonds; on July 1, 2009 for the 1999 bonds, and July 1, 2010 for the 2001A bonds). The bonds were refunded in order to reduce the University's debt service.

NOTE G - NOTES AND BONDS PAYABLE  
(continued)

The refunding resulted in a deferred amount on refunding of \$1,472,228. The deferred amount on refunding is being amortized over the remaining life of the old bonds and is reported as a deferred outflow. Subsequent to June 30, 2014, the University entered into a Private Placement Financing Arrangement with Chemical Bank. Under the arrangement Chemical Bank will loan the University up to \$20,140,000 for the retirement of the General Revenue Series 2005 Bonds. The arrangement also includes a forward rate lock at 2.79% through April 1, 2015 when the bonds become callable.

The University issued General Revenue Bonds, Series 2004B, in the amount of \$3,165,000 in October 2004 to fund various capital projects.

The University issued General Revenue and Refunding Bonds, Series 2004A, in the amount of \$11,825,000 in July 2004 to fund various capital projects and to refund and defease \$3,385,000 of the General Revenue Bonds, Series 1993. The refunded bonds were called for redemption on August 17, 2004. The bonds were refunded to reduce the University's debt service.

Notes and bonds payable outstanding as of June 30 consist of the following:

	<u>\$121,635,000</u>	<u>\$ 65,058,191</u>	<u>\$186,693,191</u>

The net deferred amount on refunding from the Series 2013A and Series 2005 bonds is reported on the Statements of Net Position as a deferred outflow. The deferred outflow was \$1,276,699 at June 30, 2014 and \$1,356,291 at June 30, 2013.

The University has a \$260,000 letter of credit for the Wolverine Power Marketing Cooperative electricity contract at a per annum fee of 1.5%. In addition, amounts drawn against the letter of credit include interest at the bank prime rate plus one half percent per annum. No amounts were drawn against the letter of credit at June 30, 2014 or 2013. The letter of credit is secured by general revenues.

On July 15, 2009 the University entered into a \$10.0 million line of credit with Chemical Bank. The University can select the interest rate to be either prime minus one-half percent (however, the rate payable shall never be less than 3.25% per annum) or the London Interbank Offer Rate as most recently published by Thomson Reuters plus 225 basis points. The line's revolving loan agreement requires the University and Foundation to maintain aggregate deposits with the lender of not less than \$2,500,000. No amounts have been drawn against this line of credit.

NOTE J – COMMITMENTS AND CONTINGENCIES

The amount of funding required to complete construction in progress will come from the General Revenue Bond proceeds, institutional resources, and gifts. The costs to complete significant construction in progress at June 30, 2014 approximate \$11,895,000.

In the normal course of its activities, the University is party to various legal actions. After taking into consideration legal counsel's evaluation of pending actions, the University is of the opinion that the outcome thereof will not have a material effect on the financial condition of the University.

The University has entered into lease agreements with the State Building Authority (SBA) and the State of Michigan during prior fiscal years for Science East and West Buildings, Zahnow Library, West Complex, the Regional Education Center, Pioneer Hall renovations, and the Health and Human Services building. The projects were financed with SBA Revenue Bonds, State appropriations and University resources. The SBA bond issues are secured by a pledge of rentals to be received from the State of Michigan pursuant to the lease agreements between the SBA, the State of Michigan, and the University. During the lease terms, the SBA will hold title to each of the facilities; the State of Michigan will make all annual lease payments to the SBA from general fund appropriations; and the University will pay all operating and maintenance costs of the facilities. At the expiration of each lease, the SBA has agreed to sell the facilities to the University for the sum of one dollar each. The cost and accumulated depreciation for these facilities is reflected in the accompanying Statements of Net Position.

NOTE K - SUPPORT ORGANIZATIONS

The Foundation is an independent corporation formed for the purpose of receiving funds for the sole benefit of the University. The Internal Revenue Service has ruled that the Foundation is qualified under Section 501(c)(3) of the Internal Revenue Code (Code) and is, therefore, not subject to tax under present federal income tax laws, and also is not a private foundation within the meaning of Section 509(a)(3) of the Code. Foundation Board of Director membership includes the following individuals: members of the Saginaw Valley State University Board of Control as appointed by the Board of Control, certain officers of the University as set forth in the Foundation bylaws, and other community representatives elected by the Foundation Board.

The University provided approximately \$877,000 of administrative support to the Foundation during fiscal 2014 and \$959,000 of support during fiscal 2013. The Foundation recorded these amounts as gifts and expenses in the Statements of Activities and Change in Net Assets. The Foundation transferred \$3,087,825 to the University during fiscal 2014 and \$2,766,999 during fiscal 2013. These amounts include endowment distributions and restricted and unrestricted gifts. Under the spending policy established by the Board, 4.0% of the moving average market value of endowment investments for the twelve quarters through September prior to the beginning of the fiscal year has been authorized for expenditure. During 2009, the State of Michigan adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). According to UPMIFA, the Foundation may appropriate for spending as much of the endowment

SAGINAW VALLEY STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
(continued)

NOTE K - SUPPORT ORGANIZATIONS  
(continued)

as the institution deems prudent for the uses, benefits, purposes, and duration for which the particular endowment fund was established, subject to the evaluation of several specific factors including general economic conditions and the fund's purpose. Although UPMIFA allows spending of the original gift, the Foundation's board policy does not allow for distribution if the individual endowment fund value is below historical gift value at the end of a quarter.

As of June 30, 2014, the market values of two of the Foundation's 305 endowments were below the gift value compared to three of the 288 endowments below their gift value at June 30, 2013. Therefore, some of the endowments did not distribute for one or more of the quarters during fiscal 2014 and 2013.

The Foundation classifies the original value of any gifts donated to a permanent endowment as permanently restricted net assets and any subsequent investment returns, realized or unrealized, as temporarily restricted or unrestricted net assets.

In accordance with GASB standards, the Foundation is included in the financial statements of the University as a discretely presented component unit.

The Saginaw Valley Research and Development Corporation (SVRDC), a not-for-profit taxable entity, exists to foster economic development. The operations and net assets of SVRDC are not significant and are not included in these financial statements as a component unit of the University.

NOTE L - RETIREMENT PLAN

The University has a defined contribution retirement program for all qualified employees. Qualified employees include nearly all full-time employees. University contributions are made to the Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) and are based on a percentage of qualified employee payroll. Employees maintain individual annuity contracts with TIAA-CREF and are fully vested. University contributions for the years ended June 30, 2014 and 2013 approximated \$6,095,000 and \$5,950,000, respectively, with annual covered payroll for participants of the plan approximating \$50,794,000 in 2014 and \$49,581,000 in 2013. The University has no liability for past service or post-employment benefit costs.

SAGINAW VALLEY STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
(continued)

NOTE M - LIABILITY AND PROPERTY INSURANCE

The University participates with ten other Michigan public universities in the Michigan Universities Self-Insurance Corporation (MUSIC). This corporation's purpose is to provide insurance coverage for errors and omissions liability, comprehensive general liability, and property loss. The University has a retention amount from which it would pay losses related to errors and omissions, comprehensive general liability claims, and property claims. The second layer of coverage for losses exceeding the retention level is the responsibility of MUSIC. MUSIC has purchased excess insurance coverage for comprehensive general liability and property loss claims that exceed its level of responsibility. The payments made to MUSIC and premiums to excess carriers reflect the claims experience of each university.
