

Project ECHO® Saginaw Valley State University is a program with a focus on **Substance Use Disorders** including treatment, recovery, intervention and prevention. This learning opportunity is designed for any healthcare provider, mental health or substance use disorder professional, social worker, peer recovery specialist, administrator, or student with interest in the program topics.

What does the Substance Use Disorders ECHO provide?

This ECHO provides training in substance use disorders at no cost, delivered right to your clinic, with a bi-weekly schedule for your convenience. Using simple videoconferencing technology, healthcare teams connect to a community of learners which offers:

- Free continuing education credit from MidMichigan Health*, Saginaw Valley State University**, and Mid-State Health Network***
- Opportunity to present actual patient cases, in a de-identified format, and receive specialty input
- Addiction treatment training that meets new DEA training requirements, including management of buprenorphine/naloxone (e.g. Suboxone) and injectable naltrexone (e.g. Vivitrol)
- Access to a virtual learning community for access to treatment guidelines, tools, and patient resources

Session information

SVSU SUD ECHO is held bi-weekly on the 1st & 3rd Wednesdays of each month from 12:00 pm– 1:30 pm EST. See reverse for schedule.

Meet the team

William Morrone, DO, MPH, MS, FAOAM, ASAM, FACOPF, DABAM, DAAPM

Addictionologist

Jennifer Kreiner, MSN, NP-C, PMHNP-BC, CEN
