

How to Select Roommates

Questions?
Housing@svsu.edu
989-964-4255

Students are eligible to search and select roommate(s) in the Roommate & Room Selection tab of the main menu once they have submitted their contract. Only those with completed contracts will be searchable. This is not required, but a nice feature if you want to find students with similar interests.

The image shows a sequence of three screenshots from the Saginaw Valley State University Housing Operations website. The first screenshot shows the main menu with a red arrow pointing to the 'Roommate & Room Selection' option. The second screenshot shows the 'Roommate & Room Selection' page with a red arrow pointing to the 'Select Roommates' option. The third screenshot shows a dropdown menu for 'For the Term:' with a red arrow pointing to the 'Fall 2025' option.

Roommate Requests (0)

Pending Roommate Requests (0)

Make sure to select the proper term, it will default to the current term otherwise

“Search for Roommate(s)” will appear on the bottom of the page as an option, select that.

Students can search for roommates using the following filters:

- Favorite music
- Dirty/clean room tendencies
- Preferred room temperature
- Preferred sleep schedule (night vs morning person)
- Smoker/Non-smoker
- Gamer/non-gamer
- Major
- Mixed Gender housing preference (yes or no)
- First/Last name
 - We recommend searching by last name first, the system utilizes legal names which means nicknames will not be found in the first name search function.

Students can “request” a roommate, this request must be accepted to be considered a “match”. In the event there is a roommate group of more than two persons, **all individuals must request/accept one another to be fully matched and able to be placed together.**

Students have until May 1 to select roommates. This is not required, but if you have a preference you will need to complete this step.

Failure to match with preferred roommates may lead to placements apart.

**As always, please let us know if you have any questions
